PREFACE

The material covered within this student handbook is intended as a method of communicating to students and parents/guardians regarding general district information, rules and procedures and is not intended to

either enlarge or diminish any Board policy, administrative regulation or negotiated agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or negotiated agreement. Any information contained in this handbook is subject to unilateral revision or elimination from time-to-time without notice. Consult the district's website or the individual school's website for any significant changes.

This booklet is written for our students and their parents/guardians. It contains required and useful information. Because it cannot be as personal a communication as we would like, we address students not directly as "you" but rather as "the student," "students," or "children." Likewise, the term "the student's parent" may refer to the parent, legal guardian, or other person who has agreed to assume responsibility for the student. Both students and parents/guardians need to be familiar with the District's Student Code of Conduct and school safety and security plans which are intended to promote school safety and an atmosphere conducive for learning.

The Student Handbook is designed to be in harmony with Board policy. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy that affect portions of this Handbook will be made available to students and parents through newsletters, web pages, and other communications.

Our school will function if students, staff and parents follow the guidelines contained in this handbook. Our school personnel are dedicated to providing the best possible educational programs for your children. This can only be accomplished by fostering a positive home-school relationship. We stand ready to answer any questions you may have relative to the policies and procedures contained in this handbook, and we welcome your constructive comments as we work with you and your child during the 2022-2023 School Year.

For more information on the Board policies outlined or referenced in this handbook please visit www.suffield.org under the District tab. For your convenience, additional school/District information and forms can be found on the District website. Parents and students are encouraged to regularly consult the District website for the latest information and updates.

EQUAL OPPORTUNITY AND NON-DISCRIMINATION

Each student is encouraged to develop and achieve individual educational goals. The District will provide every student with equal educational opportunities regardless of race, color, creed, gender, sexual orientation, gender identity or expression, national origin, religion, age, economic status, marital status, or disability. No student will be excluded on such basis from participating in or having access to any course offerings, student athletics, counseling services, employment assistance, extracurricular activities, or other school resources. Programs and activities shall be accessible and usable by individuals with disabilities as prescribed by law.

Pupil Service Director, Diana Kelley is the District's designated compliance officer, who will handle inquiries and coordinate compliance with the District's nondiscrimination policies, including the

nondiscrimination requirements of Title IX of the Education Amendments of 1972. The following person is the District's designated compliance officer, who will handle inquiries and coordinate compliance with Section 504 of the Rehabilitation Act of 1973:

Diana Kelley, Director of Pupil Services Suffield
Public Schools 350 Mountain Road Suffield, CT
06078 860-668-3800.

EQUALITY OF OPPORTUNITY STATEMENT

District schools recognize and accept the need to prepare students to live and work productively in an increasingly diverse society. This is an integral part of the school system's commitment to offer an educational program of excellence, which includes teaching student's awareness and understanding of the diverse cultures and heritages that form our society. The school will not tolerate student's behavior which insults, degrades or stereotypes any race, religion, gender, sexual orientation, disability, physical or mental condition or ethnic group.

ADMISSION/PLACEMENT

Parents/guardians of preschool students who will be five (5) years of age by January 1, 2023 or earlier are expected to register their child for kindergarten. Parents/guardians of kindergarten- aged children who plan on holding their child back from entering kindergarten must contact their school's principal to complete a "Kindergarten Opt-Out Form".

A student seeking enrollment in the Suffield Public Schools for the first time or following attendance in another Connecticut public school district, out-of-state attendance, private school attendance or admission through a bona fide foreign exchange program should contact the principal. A student who is transferring from non-public schools or schools outside the district will be placed at his/her current grade level pending evaluation and observation of the student after such assessment and consultation with the parents, the principal will determine the grade placement of the child. Nonresidents may attend school on a tuition basis provided space is available. Nonresident students from other school districts within the state, (districts in the Hartford, New Haven, Bridgeport and New London regions) who apply pursuant to Board of Education regulations, may enroll in particular programs or schools within the district on a space available basis, without payment of tuition, as part of the inter-district public school attendance program called Open Choice. The Regional Educational Service Centers will determine which school districts are close enough to make transportation feasible. The parent or person having control of a child seventeen years of age may consent to such child's withdrawal from school. The parent or person having control of a child seventeen years of age may exercise the option by personally appearing at the school district office to sign a withdrawal form. This form will include an attestation from the school's guidance counselor or a school administrator that the district has provided the parent or person with information on the educational options available in the school system and in the community. A student who has attained the age of seventeen and who has voluntarily terminated enrollment in the district's schools and subsequently seeks admission may be denied readmission for up to ninety school days from the date of such termination

unless such student seeks readmission to the District not later than ten school days after such termination in which school accommodation will be provided not later than three school days after such student seeks readmission. A student, nineteen years of age or older may be placed in an alternative school program or other suitable educational program if he/she cannot acquire a sufficient number of credits for graduation by age twenty-one. Students who are classified as homeless under federal law and do not have a fixed residence will be admitted pursuant to federal law.

Completion of immunization and health assessments are required prior to a child's attendance in school, but are not prerequisites for enrolling a child who resides in the District and is of appropriate age to attend school.

In order to determine a child's eligibility for ESL or bilingual programs, parents/guardians of all new students enrolling for the first term and all re-enrolling students who have not previously attended public school in Connecticut must complete a Home Language Survey. The student, after enrollment, may also take a screening exam.

Parents of students attending District schools have the option to enroll their child(ren) in a magnet school with which the District is a nonparticipating district, if the magnet school has unused student capacity. The District will pay any tuition charge. (Does not include tuition for a preschool magnet program.)

ANTI-RACISM

The District rejects all forms of racism as destructive to the mission, vision, values and goals of this school system. All forms of racism must be eliminated from the District. Children must find school a safe and welcoming place, where they are able to achieve success, irrespective of their racial or ethnic background. Racism will not be tolerated in any form. The goal is to enable all students to thrive in a socially cohesive community within a positive, multi-cultural society.

ARRIVALS AND DISMISSALS

With student safety first and foremost in our minds, we call your attention to our morning drop-off procedures. Information will be communicated at the start of each school year and at each school tour for new and incoming students.

Bus Drop Off

Our school buses enter school grounds using the east driveway that runs between McAlister and the Bright Horizons building and turn left into the front driveway of our school. Students riding the bus to school are dropped off right in front of school and directed by supervising staff members. Buses exit school grounds using the west McAlister driveway out to Mountain Road.

Parent Drop Off

Parents dropping their children off in the morning must use the Suffield Middle School driveway and turn right to enter the side parking lot between McAlister and Suffield Middle School. Please do not attempt to enter McAlister Intermediate School grounds using either of our driveways between 8:00

a.m. – 9:00 a.m., or between 3:00 – 4:00 p.m., as these are reserved for buses only during these times.

When entering the side parking lot from the Middle School driveway, please proceed to the far right-hand lane of the parking lot and, staying to the right, drive along the perimeter of our parking lot to the back (northwest) corner of the tennis courts. A designated drop-off area will be established along the west side of the school building and extending around the corner and parallel and adjacent to the tennis courts. Students should exit their cars from the right-hand (passenger) side only, where they will be greeted by a McAlister staff member. Students should never exit their car until the car is stopped in the designated drop-off area. Students will walk in the crosswalk adjacent to the tennis courts and along the side of the school. Once children are dropped off, all vehicles should continue in a line and, staying to the right, exit back out the Middle School driveway from which they came. Your cooperation in following these procedures and driving with caution in our parking lot is appreciated.

Dismissal

Children will be dismissed from their classrooms directly onto the buses. Children being picked up by parents, within minutes of the official dismissal time, create a burden in our office and hallways as we orchestrate our school-wide dismissal by calling vans and buses. Therefore, if you are picking up your child at dismissal, we ask that you follow these procedures.

- All children with notes being dismissed to a parent or another adult are called promptly at 3:15 p.m. to the arrival/dismissal area on the side of the school.
- Students have a designated area to wait for their parent/guardian in a coned off numbered space.
- Parents will be provided with a designated car tag to properly identify the adult to make for a quicker dismissal process.
- To assist with the organization of our dismissal process, and to help us maintain a secure school environment, we request all parents picking up their children to wait in the gym foyer.
- **All parents and other designated adults must present picture identification at dismissal.**
- **We will not dismiss a child to an older sibling or other unaccompanied minor.**
- Please exit the building using the back-gym door, just as you came in.

All dismissals during the school day will be from the office. For reasons of security, parents must report to the office to sign their children out of school. **Adults must wait in the school office for their child. No child or adult will be permitted to wait in any other area of the school (e.g., the hallway outside the office).** We request that parents write a note to the teacher anytime a student is to be dismissed any way or anywhere other than home or the usual day care. Please be sure the note includes the teacher's name, your child's first and last name, and the name of the person picking up your child. In the case of an emergency or unexpected happening, we will accept changes in dismissal plans from parents by telephone. However, such telephone requests are discouraged as a matter of course. No child will be dismissed to any person other than the parents unless parents provide permission. Once children arrive at school, they will not be allowed to leave school grounds unless the person with whom they are leaving school has signed the student out from the main office.

School Ground Safety

We provide some reminders and clarification relative to safety on our school grounds at school entry and dismissal times. First of all, we are concerned about student safety while buses are dropping off, or picking up children. On many occasions, we find cars entering the school driveway interfering with school vehicles and jeopardizing student safety. On many more occasions, we find cars passing buses on

our school grounds despite flashing lights and stop signs. Please note that passing a school bus while lights are flashing and a stop sign is displayed is in violation of state law.

Each day, during the hours of 8:00 to 9:00 a.m. and 3:00 to 4:00 p.m., no vehicles will be allowed to enter or exit our school grounds via the short driveways located immediately at each side of the school. Instead, we ask parents dropping off or picking up students to use the Suffield Middle School entrance that connects to the McAlister Intermediate School parking lot. Your cooperation in this respect will help reduce traffic congestion and unsafe conditions on our school grounds.

Children being dropped off or getting out of cars should do so from the designated drop-off area parallel and adjacent to the tennis courts and along the west side of our school building. When walking to or from school, please use the white crosswalk that runs straight to the side doors and along the west side of the building. Do not walk through the parking lot.

Orange cones are also in place to help one distinguish between the parking lot and the playground area during school hours. Driving cars onto the playground area is prohibited during these times.

If you are coming to pick up your child at dismissal time, you, or your adult designee, must sign your child out with a McAlister staff member. Please refer to the dismissal procedures in the –Arrivals and Dismissals section of this handbook. We will not dismiss a child to a parent or another adult waiting in the parking lot.

Finally, we suggest that you review these procedures with your child along with other members of your family or other persons who may, on occasion, be responsible for picking up your child at school. We realize that these procedures may create inconvenience on the part of all persons concerned. However, as we feel strongly about these safety issues, we look forward to your cooperation and support.

ASBESTOS

Legislation requires all school buildings to be reevaluated to determine if asbestos is present and if it poses a significant health hazard to the building's occupants. The District has on file plans showing the location of asbestos in each building and measures undertaken to comply with regulations to maintain a safe school environment. Requests to review these plans may be made in the school office.

ATTENDANCE

Connecticut state law requires parents to make sure that their children between the ages of 5 to 18 attend school regularly. * Daily attendance is a key factor in student success, thus any absence from school is an educational loss to the student. These rules are designed to minimize student absenteeism while providing students the opportunity to make up school work missed due to a legitimate absence.

Absence means an excused absence or an unexcused absence.

A student is considered to be “in attendance” if present at his/her assigned school, or an activity sponsored by the school, such as a field trip, for at least half of the regular school day. A student serving an out-of-school suspension or an expulsion will always be considered absent.

The parent or person having control of a child shall have the option of waiting to send the child to school until the child is six or seven years of age, upon signing an option form at the school district offices.

A child whose total number of absences at any time during a school year is equal to or greater than 10 percent of the total number of days that the student has been enrolled at the school during the school year is considered a “chronically absent child.” The child will be subject to review by the district and/or the school attendance team.

A student must remain in school until age 18, unless he/she graduates or gets written consent from a parent/guardian on a district provided form to leave school at age 17.

Absence

Every attempt should be made to confine necessary appointments to after school, weekends and vacation periods. When a parent determines that an absence is necessary, parents are requested to contact the school between 7:40 A.M. and 8:35 A.M. on the day of the absence by telephoning the school.

If it is not possible to telephone the school on the day of absence, the parent is requested to send a written excuse to the school on the date of the student’s return. The student should submit the excuse directly to the office. Parents should contact the teacher in order to take advantage of special services such as the collection of homework assignments for the student who must be out several days.

Excused Absence

A student’s absence from school shall be considered —excused if a written documentation of the reason for such absence has been submitted within ten (10) school days of the student’s return to school and meets the following criteria:

A. For absences one through nine, a student’s absences from school are considered —excused when the student’s parent/guardian approves such absence and submits appropriate documentation to school officials.

B. Students receive an excused absence for the tenth absence and all absences thereafter, when they are absent from school for the following reasons:

1. Student illness, verified by a licensed medical professional, regardless of the length of the absence.
2. Student’s observance of a religious holiday.
3. Death in the student’s family or other emergency beyond the control of the student’s

family.

4. Court appearances which are mandated. (Documentation required)
5. The lack of transportation that is normally provided by the District other than the one the student attends.
6. Extraordinary educational opportunities pre-approved by District administration and in accordance with Connecticut State Department of Education guidelines.
7. Additional 10 days for children of service members.
8. PA 21-46 allows students up to two excused mental health wellness days per school year.

The responsibility for makeup of work lies with the student, not the teacher. The typical time limit for make-up work is one (1) school day for each day of absence.

Unexcused Absence

Unexcused absences are those which do not fall under any of the excused absences. Students who have unexcused absences may be denied makeup privileges. Such absences may also be reflected in the student's final grade.

Absences which are the result of school or District disciplinary action are excluded from the definitions.

Although the school will maintain records and keep parents informed within the limit of its capability, parents and students are expected to keep accurate attendance records and compare them to report cards when issued. Parents are also encouraged to contact the teachers, counselors and administrators to get help in verifying attendance and attendance records at any time during the year.

Absences Due to Family Travel/Vacation

Parents are discouraged from taking students on vacation when school is in session. These absences are disruptive to the learning process and cannot be replicated by making up missed work. If such an absence is unavoidable, parents must notify the main office prior to the missed days. Students are expected to ascertain and make up missed work. The time allowed to submit make-up work is one school day for each day of excused absence

Absences greater than a week need administrative approval. If the school is not made aware of the vacation ahead of time, teachers reserve the right to withhold credit from missing homework, assignments, and exams.

Truancy

As defined by Connecticut State law: —**Sec. 10-198a. Policies and procedures concerning truants.** (a) For purposes of this section, —truant means a child age five to eighteen, inclusive, who is enrolled in a

public or private school has ***four unexcused absences from school in any one month or ten unexcused absences from school in any school year.*** When students accumulate more than nine absences, we will increase our efforts to partner with our families to ensure regular and punctual student attendance.

Parents have the responsibility to assist school officials in remedying and preventing truancy. If the parent fails to cooperate with the school in trying to solve the student's truancy problem, the school will assist to coordinate support from outside agencies. School staff are mandated by the state to report excessive absences or patterns of concern.

Chronic Absenteeism

Under Connecticut State Statute, articulated in Suffield Board of Education Policy 5113.2, a student whose total number of absences at any time during a school year is equal to or greater than ten percent of the total number of days that such student has been enrolled at such school during a given school year is deemed —chronically absent. This 10% absence rate includes both *excused* and *unexcused* absences. As a school, we are obligated by both state statute and Suffield Board of Education policy to communicate with families about attendance criteria each month, as well as to reach out to families with support and referrals to community resources. Such a student will be subject to review by the attendance review team and the chronic absenteeism prevention and intervention plan developed by the State Department of Education. The District will also collect and analyze data on student attendance, truancy and chronic absenteeism for students with disabilities.

Leaving School Grounds/Release of Students from School

Under no circumstances may a student leave the school or school grounds during school hours without permission from his/her parents or guardians and school administration. In the event it is necessary for a student to be dismissed early, a parent or guardian should send a written request to the office. Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parent or guardian. Children of single-parent families will be released only upon the request of the parent whom the court holds directly responsible for the child and who is identified as such in the school records, unless prior arrangements have been made with the school. Arrangements should be made with the building administrator on the parent or guardian to pick up the student in the school office.

If someone other than a parent/guardian picks up the student, the person appearing in the school office should bring a note of identification from the parent or guardian.

Parents provide ample notice, preferably by noon of that day.

Rideshare and Third-Party Vehicles

The Board of Education understands that families may require the need for rideshares. If parents/guardians allow their child(ren) to be dropped off or picked up at school by a ridesharing service, it is with the express acknowledgment that the District and its employees have no responsibility for their

decision to use such a service and have no responsibility of liability to such parents/guardians or their child(ren) related to the ridesharing service. If a parent/guardian are requesting that their child take a rideshare, they are required to provide the school with written communication prior to arrival/dismissal.

Tardiness

Students who are not in their classroom by 8:35 A.M. are considered tardy and must report directly to the office. A student discovered on school grounds who has not signed in at the office will also be considered tardy. A student who is repeatedly tardy may be considered truant.

BOARD OF EDUCATION

Board members are unpaid elected public officials with the responsibility for governance of the school District. The members of the Suffield Board of Education are:

BULLYING/MAINTAINING A SAFE ENVIRONMENT

The McAlister Intermediate School Community, in conjunction with the entire Suffield Public Schools, believes that a school environment in which all students feel safe, supported, engaged, and helpfully challenged, is optimal for learning and healthy development. All McAlister staff members, including teachers, non-certified staff and administrators, work together to create a climate in which students and adults feel socially, emotionally, intellectually and physically safe in an environment that is free of harassment, intimidation and mean-spirited behavior.

Children are explicitly taught they need to feel safe at school. We emphasize there is no such thing as —play fighting or —joking threats at school. Mean behavior, bullying, or unkind words are not tolerated. If a child is made to feel unsafe or uncomfortable, we want them to immediately tell their teacher or another adult.

Parents can be assured that such reports are taken seriously when reported at school or by a parent when the issue is raised at home. We aim to be proactive, and not reactive. Whenever necessary we will take the appropriate action that will make all areas of our school a place where everyone is treated with respect.

Bullying of a student by another student is prohibited. Such behavior is defined as an act that is direct or indirect and severe, persistent or pervasive which:

- A. causes physical or emotional harm to an individual,
- B. places an individual in reasonable fear of physical or emotional harm, or his or her property,
- C. infringes on the rights and opportunities of an individual at school.

Bullying shall include, but need not be limited to, a written, oral, or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics. (The student against whom the activity is directed must be attending school in the same district as the students engaged in the activity.)

Examples of bullying include, but are not limited to:

1. Physical violence and attacks
2. Verbal taunts, name-calling and put-downs including ethically-based or gender-based verbal put-downs
3. Threats and intimidation
4. Extortion or stealing of money and/or possessions
5. Exclusion from peer groups within the school
6. The misuse of electronic communications for the purpose of bullying, harassing, or sexually harassing other students within school or out of school (“cyberbullying”)

such as race; color; religion; ancestry; national origin; gender; sexual orientation; gender identity or expression; socioeconomic or academic status; physical appearance; or mental physical, developmental, or sensory disability.

2. infringes on the rights of the victim at school, or
3. substantially disrupts the education process or the orderly operation of a school, are subject to appropriate disciplinary action up to and including suspensions, expulsion and/or referral to law enforcement official.

Student and/or their parent may file a written report of conduct they consider bullying. The complaint procedure is also posted on the District's website and the school website. Students and parents are permitted to make anonymous reports of bullying. Parent written reports and student anonymous reports will be investigated by the Safe School Climate Specialist but no disciplinary action shall be taken solely on the basis of an anonymous report.

The Safe School Climate Specialist/Designee is responsible for taking a bullying report and investigating the complaint. Parents/guardians of the alleged perpetrator of the bullying act and the parents/guardians of the student against whom such alleged act was directed will receive prompt notification that such investigation has begun. The results of the investigation will be provided not later than 48 hours after its completion, verbally and by electronic mail. Parents of students involved in a verified act of bullying will be invited to attend at least one meeting at school.

The Safe School Climate Coordinator for Suffield Public Schools is Diana Kelley, Director of Pupil Services. The Safe School Climate Specialist for McAlister Intermediate School is Kris Pryce, Principal.

Hazing Activities

Hazing, bullying or abuse of students or staff will not be tolerated. Any student who engages in an act that injures, degrades or disgraces another student or staff member, disrupts the educational process, or interferes with a student's opportunity to obtain an education shall be subject to appropriate disciplinary action.

BUS TRANSPORTATION RULES AND DISCIPLINE

We recognize that there is shared responsibility for bus safety between bus drivers, students, parents, teachers, and school administration. School transportation privileges are extended to students conditional upon their satisfactory behavior on the bus. Bus drivers enforce state law and rules adopted by the Suffield Board of Education for the safe transportation of all children.

Outlined below is the general plan for consequences if students demonstrate unexpected bus behavior:

1. Driver reminds student of expected behavior and conferences with the student after other students have exited the bus or prior to the student exiting the bus at their home.
2. Driver completes a School Bus Conduct Notice which is sent to the appropriate school office. Upon receipt of the report the student will meet with an administrator for a conference and parents will be notified.
3. Repeated Bus Conduct Notices will lead to increased consequences and may ultimately lead to loss of bus privileges for a specific number of days.
4. If for any reason a majority of students riding a particular bus need additional support to make the bus ride safe students will be assigned a seat by school administration in collaboration with the bus driver. These seats will be temporary until it is determined that students can safely return to choosing their own seats.

PLEASE NOTE: If bus privileges are suspended, families must arrange their own transportation to and from school. Additional referrals may result in removal from the bus for the remainder of the school year.

Disciplinary sanctions and changes in transportation for a student with a disability shall be made in accordance with the provisions of the student's Individual Education Plan (IEP).

Parents/guardians are reminded that prior to bus pick up and upon drop off, it is the parent's responsibility to ensure the safety of the child. We urge parents/guardians to please review with their children the following bus rules and the **Student Pledge of Expected Bus Behavior:**

Student Accounts:

All students in the Suffield Public Schools have a Food Service Account. This account must stay current with a zero or positive balance. We use student finger scans or student ID numbers at the cash register to access their lunch accounts.

Parents are strongly encouraged to set up a FREE account with www.myschoolbucks.com even if you do not use it to pay for meals so that you can track your child's account purchases and balance.

This account helps you keep track of your children's lunch account, offering several wonderful features, including the ability to:

- Check account balances
- Monitor daily purchases

- Receive email notification of low account balances to set up an account through the Myschoolbucks.com website, simply log on to the Suffield Public Schools website (www.suffield.org), click on –Food Services, then click on –Myschoolbucks.com. All you need is your child's name, student ID number and school zip code. If you don't know your child's 5-digit ID number please contact our main office. There is **no fee** to set up an account.

Payment:

Prepay to the student's account Prepayment is easy and convenient. It eliminates having to make sure your child has lunch money every day. There are two ways to prepay: 1. Send a check/cash - Families may prepay using a check made out to –Suffield Food Service|| (please be sure to write your child's full name and school on the check). If you send in a check and have multiple students, you may use the same check as long as the students are in the same school. If your students are in different schools, please send in separate checks. If you choose to send cash please, send it in an envelope with the student's full name, student ID number, and room number. 2. Families may also prepay using a credit card at www.myschoolbucks.com. (Please note: a convenience fee of \$1.95 is added each time a deposit is made to the account. This is a bank fee and does not profit Suffield Public Schools or Aramark.) You can distribute the payment among more than one child if you have multiple children in the District without paying an additional fee. Sending payments daily Checks/Cash are also accepted daily. If a child forgets or loses his/her lunch money, he/she may charge lunch for that day. Payment is expected on the following day. Students may charge lunch, milk and one snack item per day, with cookies and ice cream only available on Fridays.

Charging lunch When students do not have sufficient money in their account, they will be able to charge their lunch. However, they will only be able to charge their lunch three times. After that, if a child continues to have insufficient funds, they will be served a cheese sandwich on whole wheat bread with milk and two sides (which will still be \$2.75). Our food service director will send home insufficient funds notices on a weekly basis and families will be contacted again when children have a negative balance of

\$8.00.

Free and Reduced-Priced Meals Applications for free and reduced-priced meals are available at each school or online at <https://www.suffield.org> under the parent/student tab and the drop down of Food Service Program. Late Openings, School Cancellations or Early Closings

Late openings, cancellations or early closings of school due to inclement weather are communicated in real time through our automated messaging system. Up-to-the-minute emails, text messages and phone calls are sent to all parents as soon as a decision has been made by our superintendent of schools.

If it becomes necessary to close school early, an automated message will be sent as soon as this decision is made. We suggest you check your email or text messages when a dramatic weather change occurs during the school day. We request that parents do not try to contact the main office or central administration unless this is absolutely necessary, as we must keep our telephone lines free so we have the ability to communicate as needed. If it becomes necessary to close school early, all after-school activities, including the Spaulding After-School Program, are canceled. Please discuss with your child a plan of what to do in the event of an unscheduled early release day.

CHANNELS OF COMMUNICATIONS

If there is a question about a student's classes or work in school, it is best to first contact the person who is closest to the situation. In most cases, this is the teacher. The proper channeling of complaints regarding instruction, discipline or learning materials is (1) teacher, (2) administration, (3) superintendent, (4) board of education.

CHEATING/PLAGIARISM (Academic Dishonesty)

Students are expected to pursue their school work with integrity and honesty. Cheating and plagiarism demonstrates a lack of integrity and character. That is inconsistent with District goals and values. All forms of cheating and plagiarism are not acceptable. The misrepresenting by students of homework, class work, tests, reports, or other assignments as if they were entirely their own work shall be considered forms of cheating and/or plagiarism. Consequences of cheating and/or plagiarism shall be academic in nature unless repeated incidents require disciplinary action. Consequences for cheating will consider the grade level of the student and the severity of the misrepresentation.

CHILD ABUSE

All school employees, including teachers, superintendents, administrators, coaches of intramural or interscholastic athletics, paraprofessionals and other professional school staff including guidance counselors, social workers, psychologists, and licensed nurses are obligated by law (C.G.S. 17a-101) to report suspected child abuse, neglect, or if a child is placed in imminent danger of serious harm to the Connecticut State Department of Children and Families Services. Specific procedures governing the reporting of abuse and neglect are in effect, and staff receive yearly training in their use.

Reporting of child abuse and neglect is a responsibility which is taken seriously. If there is any doubt about reporting suspected abuse or neglect a report will be made. The school will work with the parents and appropriate social agencies in all cases.

Child abuse is defined as any physical injury inflicted by other than accidental means or injuries which are not in keeping with the explanation given for their cause. Improper treatment such as malnutrition, sexual molestation, deprivation of necessities, emotional abuse, cruel punishment or neglect is also considered child abuse.

The Board of Education will post in each school the telephone number of the Department of Children and Families' child abuse hotline, Careline, and the Internet web address that provides information about the Careline in a conspicuous location frequented by students. Such posting shall be in various languages appropriate for the students enrolled in the school.

CLASS PLACEMENT

At the close of each school year, our school staff formulates class groups for the coming school year. The placement process begins with a student's present teacher, who reflects on each student's learning needs, school performance and educational progress. Concurrently, the principal receives the input of other faculty members, such as art, music, physical education, world language, special education, and reading and math intervention specialists, as well as our school psychologists, speech/language pathologist and students' past teachers, relative to the learning needs of individuals and groups of students.

To further enhance the process outlined above, we welcome parent input with regard to what you feel are your child's learning needs, your child's learning style, and the type of learning environment within which you believe he/she can be successful. If you feel that your input is necessary or appropriate, we ask that you share this with us at a time that we will relay in writing to you annually each spring. Any information you provided for your child's previous class placement will not automatically be considered in developing the next year's placement.

In offering your input, we ask that you refrain from requesting specific teachers, and that you rely on the professional expertise and judgment of our school staff to place your child in an educational setting that they feel will most appropriately provide for optimal learning and growth based upon all information to be considered. We are sorry that specific requests for individual teachers cannot be honored, and we thank you for your understanding of this. As we obtain your cooperation and support, we appreciate both your input and your understanding that final decisions must reflect class placements that are beneficial to all students. Through further consultation between each teacher, the principal and the assistant principal, class groups are finalized so that they are as balanced as possible based upon the following: heterogeneity, social interaction, academic performance, special education needs, gender, and class size. As you can imagine, the entire process is a very complex, thoughtful and deliberate one.

Dress Code

Students' overall appearance should fall within the generally accepted definitions of neatness and cleanliness. Discipline

We understand children sometimes make mistakes, and these mistakes are an important part of the

learning process. When students demonstrate unexpected, problem behaviors, a range of consequences is considered and rendered reflecting the seriousness and/or frequency of the misbehavior. All consequences are intended to be opportunities for students to learn and to address any harm caused by their unexpected behavior. One or more of the following actions may be taken by school personnel: verbal/nonverbal reminder or redirection, reteaching of the behavior expectation, student/teacher conference, written communication home, parent/teacher/student conference, reflection time and/or time out, written apology, loss of privilege, modification in schedule, written behavior plan, referral to the principal or assistant principal. When a student chooses to participate in repeated or extreme misbehavior, he or she will be referred to the principal or assistant principal. These consequences may occur: parent/administrator/student conference, written problem-solving exercise or written apology, detention, before school, during lunch or after school, loss of privilege, in-school suspension, out-of-school suspension. Suspension procedures, both in-school and out-of-school, will follow Suffield Board of Education Policy on Student Discipline (5144). Please see the [Suffield Public Schools Website](#) for more information.

It is important to note that the goal of any consequence is to help the student understand why the behavior was a poor choice, and we will work with the child to develop strategies so that s/he is prepared to make better choices in the future.

Suspensions shall be in-school suspensions, unless the administration determines that the pupil being suspended (1) poses such a danger to persons or property or such a disruption of the educational process that the pupil shall be excluded from school during the period of suspension, or (2) the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence of previous disciplinary problems that have led to suspensions or expulsion of such pupil, and (B) efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies.

P. Notwithstanding the foregoing, the **reassignment** of a student from one regular education classroom program in the District to another regular education classroom program in the District shall not constitute a suspension or expulsion.

Q. **Expulsion** is the exclusion from school privileges for more than ten (10) consecutive school days, and is deemed to include, but not be limited to, exclusion from the school to which the student was assigned at the time the disciplinary action was taken, provided the exclusion, does not extend beyond a period of one calendar year.

B. Conduct off School Grounds:

1. Students may be suspended or expelled for conduct off school grounds if such conduct is seriously disruptive of the educational process and violative of a publicized policy of the Board. In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and the Board of Education may consider, but such

consideration shall not be limited to, the following factors: (1) whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, as defined in section Conn. In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and/or the Board of Education may also consider whether such off-campus conduct involved the illegal use of drugs.

Discretionary and Mandatory Expulsions and Suspensions

A. A principal may consider recommendation of expulsion of a student in grades kindergarten to twelve, inclusive, in a case where he/she has reason to believe the student has engaged in conduct that is seriously disruptive of the school process or violated a board policy or engaged in conduct that is dangerous to himself/herself or others. B. A principal must recommend expulsion proceedings and the Board of Education must expel a student in in grades kindergarten to twelve, inclusive, for one (1) calendar year if the Board finds that the student:

Detention

A student may be assigned a detention outside of school hours for not more than 1.5 hours on one or more days for violation of the code of conduct. The detention will occur once a parent has been notified and only on days where a late bus is available for transportation (unless otherwise arranged with the parent).

Removal From Class

- A. A student may be removed from class by a teacher or administrator if he/she deliberately causes a serious disruption of the educational process. When a student is removed, the teacher must send him/her to a designated area and notify the principal or his/her designee at once.
- B. A student may not be removed from class more than six (6) times in one school year nor more than twice in one week unless the student is referred to the building principal or designee and granted an informal hearing at which the student should be informed of the reasons for the disciplinary action and given an opportunity to explain the situation.
- C. The parents or guardian of any minor student removed from class shall be given notice of such disciplinary action within twenty-four (24) hours of the time of the institution of such removal from class.

Suspension

The principal of a school, or designee on the administrative staff of the school, shall have the right to suspend any student for breach of conduct for not more than ten (10) consecutive school days. In such cases, the following procedures shall be followed.

1. Unless an emergency situation exists, no student shall be suspended prior to having an informal hearing before the principal or designee at which the student is informed of the charges and given an opportunity to respond. In the event of an emergency, the informal hearing shall be held as soon after the suspension as possible.
2. If suspended, such suspension shall be an in-school suspension unless, during the informal hearing, the principal or designee determines that the student: (a) poses such a danger to persons or property or such a disruption of the educational process that he or she should be excluded from school during the period of suspension; or (b) the administration determines that an out of school suspension is appropriate based on evidence of (i) the student's previous disciplinary problems that have led to suspensions or expulsion of such student, and (ii) previous efforts by the administration to address the student's disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies.
3. Evidence of past disciplinary problems that have led to removal from a classroom, suspension, or expulsion of a student who is the subject of an informal hearing may be received by the principal or designee, but only considered in the determination of the length of suspensions.
4. By telephone, the principal or designee shall make reasonable attempts to immediately notify the parent or guardian of a minor student following the suspension and to state the cause(s) leading to the suspension.

5. Whether or not telephone contact is made with the parent or guardian of such minor student, the principal or designee shall forward a letter promptly to such parent or guardian to the last address reported on school records (or to a newer address if known by the principal or designee), offering the parent or guardian an opportunity for a conference to discuss same.

6. In all cases, the parent or guardian of any minor student who has been suspended shall be given notice of such suspension within twenty-four (24) hours of the time of the institution of the suspension.

7. Not later than twenty-four (24) hours after the commencement of the suspension, the principal or designee shall also notify the Superintendent or his/her designee of the name of the student being suspended and the reason for the suspension.

8. The student shall be allowed to complete any classwork, including examinations, without penalty, which he or she missed while under suspension.

9. The school administration may, in its discretion, shorten or waive the suspension period for a student who has not previously been suspended or expelled, if the student completes an administration-specified program and meets any other conditions required by the administration. Such administration-specified program shall not require the student and/or the student's parents to pay for participation in the program.

10. Notice of the suspension shall be recorded in the student's cumulative educational record. Such notice shall be expunged from the cumulative educational record if the student graduates from high school or by student request once attaining the age of 21. In cases where the student's period of suspension is shortened or waived in accordance with Section VI.A(9), above, the administration may choose to expunge the suspension notice from the cumulative record at the time the student completes the administration-specified program and meets any other conditions required by the administration.

11. If the student has not previously been suspended or expelled, and the administration chooses to expunge the suspension notice from the student's cumulative record prior to graduation, the administration may refer to the existence of the expunged disciplinary notice, notwithstanding the fact that such notice may have been expunged from the student's cumulative file, for the limited purpose of determining whether any subsequent suspensions or expulsions by the student would constitute the student's first such offense.

12. The decision of the principal or designee with regard to disciplinary actions up to and including suspensions shall be final.

13. During the period of suspension, the student shall not be permitted to be on school property and shall not be permitted to attend or participate in any school-sponsored activities, unless the principal specifically authorizes the student to enter school property for a specified purpose or to participate in a

particular school-sponsored activity.

In cases where the student has previously been suspended, and/or where such suspension will result in the student's being suspended more than ten (10) times or for fifty (50) days in a school year, whichever results in fewer days of exclusion, the student shall, prior to suspension, be granted a formal hearing before the Board of Education. The principal or designee shall report the student to the Superintendent or designee and request a formal Board hearing.

Expulsion

Permissive Expulsion A principal may consider recommendation of expulsion of a student in grades kindergarten to twelve, inclusive, in a case where he/she has reason to believe the student has engaged in conduct that is seriously disruptive of the school process, or violated a board policy or engaged in conduct that is dangerous to himself or herself or others.

Mandatory Expulsion A principal must recommend expulsion proceedings in all cases against any student in grades kindergarten to twelve, inclusive, whom the administration has reason to believe:

1. was in possession (on school grounds or at a school-sponsored activity) of a deadly weapon, dangerous instrument, martial arts weapon, or firearm as defined in 18 U.S.C. § 921 as amended from time to time; or

2. off school grounds, possessed a firearm as defined in 18 U.S.C. § 921, in violation of Conn. Gen. Stat. § 29-35, or possessed and used a firearm as defined in 18 U.S.C. § 921, a deadly weapon, a dangerous instrument or a martial arts weapon in the commission of a crime under chapter 952 of the Connecticut General Statutes; or

3. was engaged on or off school grounds in offering for sale or distribution a controlled substance (as defined in Conn. Gen. Stat. § 21a-240(9)), whose manufacturing, distribution, sale, prescription, dispensing, transporting, or possessing with intent to sell or dispense, offering or administering is subject to criminal penalties under Conn. Gen. Stat. §§21a-277 and 21a-278. 4.

Expulsion Hearing Procedures

Emergency Exception: Except in an emergency situation, the Board of Education shall, prior to expelling any student, conduct a hearing to be governed by the procedures outlined herein and consistent with the requirements of Conn. Gen. Stat. § 10-233d and the applicable provisions of the Uniform Administrative Procedures Act, Conn. Gen. Stat. §§ 4-176e to 4-180a, and § 4-181a. Whenever an emergency exists, the hearing provided for herein shall be held as soon as possible after the expulsion.

A. Hearing Panel:

1. Expulsion hearings conducted by the Board will be heard by any three or more Board members. A decision to expel a student must be supported by a majority of the Board members present, provided that no less than three (3) affirmative votes to expel are cast. 2. Alternatively, the Board may appoint an impartial hearing board composed of one (1) or more persons to hear and decide the expulsion matter, provided that no member of the Board may serve on such panel. B. Hearing Notice:

1. Written notice of the expulsion hearing must be given to the student, and, if the student is a minor, to his/her parent(s) or guardian(s) at least five business days before such hearing. 2. A copy of this Board policy on student discipline shall also be given to the student, and if the student is a minor, to his/her parent(s) or guardian(s), at the time the notice is sent that an expulsion hearing will be convened. 3. The written notice of the expulsion hearing shall inform the student of the following:

a. The date, time, place and nature of the hearing. b. The legal authority and jurisdiction under which the hearing is to be held, including a reference to the particular sections of the legal statutes involved. c. A short, plain description of the conduct alleged by the administration.

d. A statement concerning the parent's or guardian's and the pupil's legal rights and concerning legal services provided free of charge or at a reeducated rate that are available locally or how to access such services. e. The student may present as evidence relevant testimony and documents concerning the conduct alleged and the appropriate length and conditions of expulsion; and that the expulsion hearing may be the student's sole opportunity to present such evidence. f. The student may cross-examine witnesses called by the Administration. g. The student may be represented by any third party of his/her choice, including an advocate or an attorney, at his/her expense or at the expense of his/her parents. A statement that the parent or guardian of the pupil or a student of majority shall have the right to have the expulsion hearing postponed up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible. h. A student is entitled to the services of a translator or interpreter, to be provided by the Board of Education, whenever the student or his/her parent(s) or guardian(s) requires the services of an interpreter because he/she/they do(es) not speak the English language or is(are) disabled. i. The conditions under which the Board is not legally required to give the

student an alternative educational opportunity (if applicable). C. Hearing

Procedures:

1. The hearing will be conducted by the Presiding Officer, who will call the meeting to order, introduce the parties, Board members and counsel, briefly explain the hearing procedures, and swear in any witnesses called by the Administration or the student. 2. The hearing will be conducted in executive session. A verbatim record of the hearing will be made, either by tape

recording and/or by a stenographer. A record of the hearing will be maintained, including the verbatim record, all written notices and documents relating to the case and all evidence received or considered at hearing. 3. Formal rules of evidence will not be followed. The Board has the right to accept hearsay and other evidence if it deems that evidence relevant or material to its determination. The Presiding Officer will rule on testimony or evidence as to it being immaterial or irrelevant. 4. The hearing will be conducted in two (2) parts. In the first part of the hearing, the Board will receive and consider evidence regarding the conduct alleged by the Administration. 5. In the first part of the hearing, the charges will be introduced into the record by the Superintendent or his/her designee. 6. Each witness for the Administration will be called and sworn. After a witness has finished testifying, he/she will be subject to cross-examination by the opposite party or his/her legal counsel, by the Presiding Officer and by Board members. 7. After the Administration has presented its case, the student will be asked if he/she has any witnesses or evidence to present concerning the charges. If so, the witnesses will be sworn, will testify, and will be subject to cross examination and to questioning by the Presiding Officer and/or by the Board. The student may also choose to make a statement at this time. If the student chooses to make a statement, he or she will be sworn and subject to cross examination and questioning by the Presiding Officer and/or by the Board. Concluding statements will be made by the Administration and then by the student and/or his or her representative. 8. In cases where the student has denied the allegation, the Board must determine whether the student committed the offense(s) as charged by the Superintendent. 9. If the Board determines that the student has committed the conduct as alleged, then the Board shall proceed with the second portion of the hearing, during which the Board will receive and consider relevant evidence regarding the length and conditions of expulsion. 10. When considering the length and conditions of expulsion, the Board may review the student's attendance, academic and past disciplinary records. The Board may ask the Superintendent for a recommendation as to the discipline to be imposed. 11. Evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of a student being considered for expulsion may be considered only during the second portion of the hearing, during which the Board is considering length of expulsion and nature of alternative educational opportunity to be offered. 12. Where administrators presented the case in support of the charges against the student, such administrative staff shall not be present during the deliberations of the Board either on questions of evidence or on the final discipline to be imposed. The Superintendent may, after reviewing the incident with administrators, and reviewing the student's records, make a recommendation to the Board as to the appropriate discipline to be applied. 13. The Board shall make findings as to the truth of the charges, if the student has denied them; and, in all cases, the disciplinary action, if any, to be imposed. While the hearing itself is conducted in executive session, the vote regarding expulsion must be made in open session and in a manner that preserves the confidentiality of the student's name and other personally identifiable information. 14. Except for a student who has been expelled based on possession of a firearm or deadly weapon as described in subsection IV.B(1) and (2)

above, the Board may, in its discretion, shorten or waive the expulsion period for a student who has not previously been suspended or expelled, if the student completes a Board-specified program and meets any other conditions required by the Board. The Board-specified program shall not require the student and/or the student's parents to pay for participation in the program. 15. The Board shall report its final decision in writing to the student, or if such student is a minor, also to the parent(s) or guardian(s), stating the reasons on which the decision is based, and the disciplinary action to be imposed. Said decision shall be based solely on evidence presented at the hearing. D. Expulsion Notice: The parents or guardian of any minor student who has been expelled shall be given notice of such disciplinary action within twenty-four (24) hours of the time of the institution of the period of the expulsion. E. Presence on School Grounds and Participation in School-sponsored Activities During Expulsion: During the period of expulsion, the student shall not be permitted to be on school property and shall not be permitted to attend or participate in any school-sponsored activities, except for the student's participation in any alternative educational program provided by the District in accordance with this policy, unless the Superintendent specifically authorizes the student to enter school property for a specified purpose or to participate in a particular school-sponsored activity. F. Stipulated Agreements: In lieu of the procedures used in this section, the Administration and the parents (or legal guardians) of a student facing expulsion may choose to enter into a Joint Stipulation of the Facts and a Joint Recommendation to the Board concerning the length and conditions of expulsion. Such Joint Stipulation and Recommendation shall include language indicating that the parents (or legal guardians) understand their right to have an expulsion hearing held pursuant to these procedures, and language indicating that the Board, in its discretion, has the right to accept or reject the Joint Stipulation of Facts and Recommendation. If the Board rejects either the Joint Stipulation of Facts or the Recommendation, an expulsion hearing shall be held pursuant to the procedures outlined herein. If the Student is eighteen years of age or older, the student shall have the authority to enter into a Joint Stipulation and Recommendation on his or her own behalf. If the parties agree on the facts, but not on the disciplinary recommendation, the Administration and the parents (or legal guardians) of a student facing expulsion may also choose to enter into a Joint Stipulation of the Facts and submit only the Stipulation of the Facts to the Board in lieu of holding the first part of the hearing, as described above. Such Joint Stipulation shall include language indicating that the parents understand their right to have a hearing to determine whether the student engaged in the alleged misconduct and that the Board, in its discretion, has the right to accept or reject the Joint Stipulation of Facts. If the Board rejects the Joint Stipulation of Facts, a full expulsion hearing shall be held pursuant to the procedures outlined herein.

Notice of Student Expulsion on Cumulative Record Notice of expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record. Such notice, except for notice of an expulsion of a student in grades nine through twelve, inclusive, based upon

possession of a firearm or deadly weapon, shall be expunged from the cumulative educational record by the Board if the student graduates from high school.

In cases where the student's period of expulsion is shortened or waived in accordance with Section VIII.D (14), above, the Board may choose to expunge the expulsion notice from the cumulative record at the time the student completes the Board-specified program and meets any other conditions required by the Board.

Change of Residence During Expulsion Proceedings

A. Student moving into the school District:

1. If a student enrolls in school in another school District, such student shall not be excluded from school in the other District pending completion of the expulsion hearing pursuant to *Connecticut Education Law, Sec. 10-233d (Expulsion of Pupils)* unless an emergency exists, provided nothing in *Sec. 10-233d* shall limit the authority of the local or regional board of education for such District to suspend the student or to conduct its own expulsion hearing in accordance with *Sec. 10-233d*. 2. Where a student enrolls in the District during the period of expulsion from another public-school District, the Board may adopt the decision of the student expulsion hearing conducted by such other school District. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with statutory requirements. The Board shall make its determination based upon a hearing held by the Board, which hearing shall be limited to a determination of whether the conduct which was the basis of the previous public-school District's expulsion would also warrant expulsion by the Board. *B. Student moving out of the school District:*

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student's cumulative record and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student's cumulative record.

Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act ("IDEA")

A. Suspension of IDEA Students:

Notwithstanding the foregoing, if the Administration suspends a student identified as eligible for services under the IDEA (an "IDEA student") who has violated any rule or code of conduct of the school District that applies to all students, the following procedures shall apply: 1. The administration shall make reasonable attempts to immediately notify the parents of the student of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education

procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made. 2. During the period of suspension, the school District is not required to provide any educational services to the IDEA student beyond that which is provided to all students suspended by the school District. B. *Expulsion and Suspensions that Constitute Changes in Placement for IDEA students*: Notwithstanding any provision to the contrary, if the administration recommends for expulsion an IDEA student who has violated any rule or code of conduct of the school District that applies to all students, the procedures described in this section shall apply. The procedures described in this section shall also apply for students whom the administration has suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in placement: 1. The parents of the student must be notified of the decision to recommend for expulsion (or to suspend if a change in placement) on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to recommend for expulsion (or to suspend if a change in placement) was made. 2. The school District shall immediately convene the student's planning and placement team ("PPT"), but in no case later than ten (10) school days after the recommendation for expulsion or the suspension that constitutes a change in placement was made. The student's PPT shall consider the relationship between the student's disability and the behavior that led to the recommendation for expulsion or the suspension which constitutes a change in placement, in order to determine whether the student's behavior was a manifestation of his/her disability. 3. If the student's PPT finds that the behavior was a manifestation of the student's disability, the Administration shall not proceed with the recommendation for expulsion or the suspension that constitutes a change in placement. 4. If the student's PPT finds that the behavior was not a manifestation of the student's disability, the Administration may proceed with the recommended expulsion or suspension that constitutes a change in placement. 5. During any period of expulsion, or suspension of greater than ten (10) days per school year, the Administration shall provide the student with an alternative education program in accordance with the provisions of the IDEA. 6. The special education records and disciplinary records of the student must be transmitted to the individual(s) who will make the final determination regarding a recommendation for expulsion or a suspension that results in a change in placement. C. *Transfer of IDEA students for Certain Offenses*:

School personnel may transfer an IDEA student to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the student:

1. Was in possession of a dangerous weapon, as defined in 18 U.S.C. 930(g)(2), as amended from time to time, on school grounds or at a school-sponsored activity, or
2. Knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school or at a school-sponsored activity; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

The following definitions shall be used for this subsection XIII.C.

1. **Dangerous weapon** means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2.5 inches in length.
2. **Controlled substance** means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. 812(c).

EXTRACURRICULAR ACTIVITIES

The strength of human resources we possess as a school community is exemplified in the number of diverse, extracurricular activities we offer at McAlister Intermediate School. Designed to enrich the academic curriculum, these activities promote student choice in learning. Recent extracurricular

activities facilitated by school staff members, parents or community resources include *Math Olympiads*, *Student Council*, *Unified Sports*, *Funky Foot*, *Walking Club*, which promote our students' efficient problem solving and critical thinking skills as they engage in complex problem-solving activities. *Funky Foot and Walking Club*, promote students' healthy lifestyles and social skills as they start their mornings exercising with peers, parents and staff members who walk around the perimeter of our back field. We offer a wide variety of programs that will meet the diverse interests of our student population.

Activities are scheduled on different days of the week, before, during and after school to encourage students' participation in one or more offerings. Some extracurricular activities may only last a few weeks in duration, while others may run for an entire school year. When an extracurricular activity is scheduled, information is sent home to all students in the grade level(s) to which the activity is being offered. Through an assortment of offerings, yearly additions and varied schedules, all children are encouraged to pursue their interests and extend their academic learning.

FACILITIES

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are expected to remain in the area their activity is scheduled to take place.

After dismissal and unless involved in a teacher/staff supervised activity, students are expected to leave the campus immediately.

All school facilities, including athletic fields, are scheduled with priority given to McAlister Intermediate School and Suffield Public Schools above all other groups. 2. Voluntary purchases of t-shirts, pictures, etc.
3. Insurance on school-owned instruments or instrument rental
4. Fees for damaged library books and school-owned equipment.
5. Course fees for Expanding Horizons offerings or other extracurricular activities.

FIELD TRIPS

Field trips may be scheduled for educational, cultural, or extracurricular purposes. While on a trip, all students are considered to be —in school and must demonstrate expected —McAlister Way behavior. The Board of Education strongly encourages all transportation of students to be on buses or other transportation vehicles which conform to the requirements of law and regulations of the State Department of Education. The Board realizes that, on limited occasions, it may be more cost effective and/or responsive for school employees to transport small numbers of students in private automobiles.

FINANCIAL ASSISTANCE

Students will not be denied opportunity to participate in any class or school sponsored activity because of inability to pay for material fees, transportation costs, admission prices, or any other related expenses. Any student who needs financial assistance for school activities should contact a guidance counselor, advisor or administrator to request confidential help.

FIRE DRILLS AND EMERGENCY PREPAREDNESS

Fire drills are held at regular intervals as required by state law. Students must follow the exit directions posted in each classroom. A crisis response drill will be substituted for one of the required monthly school fires drills every three months. Such crisis response drill will be planned and conducted with the local law enforcement agency. Such crisis response drills will incorporate the basic protocols of lockdown, evacuation, and shelter-in-place responses. Students are expected to follow the direction of teachers or others in charge quickly, quietly and in an orderly manner

FIRST AMENDMENT RIGHTS

The Suffield Public Schools recognize that students have a right to bring into our schools, in a judicious manner governed by regulations, items for posting that are not considered obscene, libelous, disruptive, vulgar, and are deemed by the Administration to be consistent with community standards.

Further, no expressed idea will be suppressed because it is not shared by the majority. However, expressions which involve false statements, disruptive or potentially dangerous content, the use of obscenities, and advocacy of violation of law or school regulations are unacceptable.

FOOD ALLERGIES

The school is committed to providing a safe environment for students with food allergies and to support parents regarding food allergy management.

The focus of a District-wide Food Allergy Management Plan shall be prevention, education, awareness, communication, and emergency response. The management plan shall strike a balance between the health, social normalcy and safety needs of the individual student with life threatening food allergies and the education, health and safety needs of all students. The District Food Allergy Management Plan shall be the

basis for the development of the procedural guidelines that will be implemented at the school level and provide for consistency across all schools within the District.

The goals for the District-wide plan include:

1. To maintain the health and protect the safety of children who have life-threatening food allergies in ways that are developmentally appropriate, promote self-advocacy and competence in self-care and provide appropriate educational opportunities.
2. To ensure that interventions and individual health care plans for students with life-threatening food allergies are based on medically accurate information and evidence-based practices.
3. To define a formal process for identifying, managing, and ensuring continuity of care for students with life-threatening food allergies across all transitions. (Pre-K-Grade 12).

It is the policy of the Board of Education to follow the guidelines developed and promulgated by the Connecticut Department of Public Health and Department of Education for students within the District with life-threatening food allergies. Such guidelines include (1) education and training for school personnel on the management of students with life-threatening food allergies, including training related to the administration of medication with a cartridge injector, (2) procedures for responding to life threatening allergic reactions to food, (3) a process for the development of individualized health care and food allergy action plans for every student with a life-threatening food allergy, and (4) protocols to prevent exposure to food allergens.

It is the Board's expectation that specific building-based guidelines/actions will consider the health needs and well-being of all children without discrimination or isolation of any child. It is the Board's belief that education and open and informative communication are vital for the creation of an environment with reduced risks for all students and their families. In order to assist children with life-threatening allergies to assume more individual responsibility for maintaining their safety as they grow, it is the policy of the Board that guidelines shift as children advance through the primary grades and through secondary school.

A student with glycogen storage disease is permitted to have a parent/guardian or a person they so designate to provide food or dietary supplements on school grounds during the school day.

FUND-RAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes.

Any food items sold as part of any fund-raising activity must meet the nutritional standards published by the Connecticut Department of Education. Beverage or foods not allowed for sale during regular school hours may be sold provided (1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend, (2) the sale is at the location of such event, and (3) the food or beverage are

not sold from a vending machine or school store.

GREEN CLEANING PROGRAMS

A green cleaning program to clean and maintain the school will be implemented by July 1, 2011. The program provides for the procurement and proper use of environmentally preferable cleaning products in the school. The cleaning products used meet standards approved by the Department of Administrative Services and minimize potential harmful effects on human health and the environment.

Parents/Guardians may request a written copy of the District's policy pertaining to the green cleaning program and a written statement which includes the names and types of environmentally preferable cleaning products used in the school and where in the building they are applied; the schedule for applying the products; and the names of the school administrator or designee whom the parent/guardian or student may contact for more information.

No parent, guardian, teacher, or staff member may bring into the school facility any consumer product which is intended to clean, deodorize, sanitize or disinfect.

HARASSMENT STATEMENT

Every student has the right to feel safe, valued and comfortable in school. No one else's behavior should ever make students feel afraid or embarrassed because of their race, color, religion, national origin, sex, or any disability they may have. The District has zero tolerance for harassment of any kind. Students are expected to treat other students and District employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop those behaviors when asked or told to stop.

Parents are urged to reinforce with their child(ren) that if he/she is harassed or sees harassment happening to someone else that he/she should report the behavior to a teacher or administration. To maintain a productive and positive learning environment, the District and the Board of Education will make every attempt to halt any harassment of which they become aware by calling attention to this policy or by direct disciplinary action, if necessary.

A student who believes he/she has been harassed is encouraged to report the incident to a teacher or administration. The allegations will be investigated and addressed and appropriate disciplinary action taken, where necessary. Retaliation is prohibited against anyone who cooperates with a harassment investigation.

HEALTH SERVICES

The school nurse's primary objectives are to service the ill or disabled student and to encourage good health practices. It should be emphasized that an ill child does not do his/her best in school, and should be kept home. Upon return, a note of explanation for the absence is requested.

A cumulative health file is maintained for each student. This file includes notations of past illnesses, results of physical examinations, and other pertinent health information. Throughout the school year, students are screened for vision, hearing and in grade five, scoliosis. Should any deviations from the accepted norms be discovered, parents will be informed. It is likewise important that parents notify the (school nurse) in case of a student's illness. If a student is to be excused or limited for an extended period from participation in school activities, he/she is required to bring a statement signed by a physician.

In the interest of your child's health and the health of all children, please observe the following guidelines:

- If your child has been running a fever or has been sick during the night or before school, it is advisable to keep him/her home, since they usually do not do well in school and risk infecting other children. If your child has a fever of 100 or above, please keep him/her home for 24 hours after fever has subsided. Although good attendance is desirable, a sick child should never be sent to school.
- If your child has a contagious disease or is likely to be absent for three or more days, please notify the school nurse. The school nurse is required to report all contagious diseases.
- The student absent four consecutive days or more may be requested to see the school nurse upon returning to school.
- A written excuse should be sent to school for any absence. A note from your physician is required for prolonged or frequent absence. • Any child well enough to come to school is expected to participate in all activities, including recess and physical education, unless a signed physician's note indicates otherwise. A parent may send a note to extend the excuse up to two days after the doctor's excuse ends.

Necessary health practices such as proper rest, diet, personal hygiene and hand washing must be constantly encouraged at home as well as at school. Since we encourage children to be outdoors when it is not actually snowing or raining, it is important for them to be dressed warmly with boots, hats, coats and gloves. Other appropriate clothing, such as sweaters, may be needed on chilly days. Shoes can get wet in early morning physical education classes. Extra footwear might be needed.

Our grade four students participate in human growth and development (puberty) sessions, which include a video and a discussion period. Parents receive information about this program and have an opportunity to preview the video prior to the student program.

As part of our state-mandated health curriculum, children in grade five are taught about AIDS and the HIV virus. This program is age-appropriate in both topical content and instructional approach, and as a result, has proven very effective in helping to relieve fears associated with this sensitive topic. The main goal of AIDS instruction at the elementary level is to teach children skills to protect themselves against this life-threatening disease. Parents of students in grade five are provided an advance copy of the syllabus used for instruction and the topics to be covered each year. It is helpful if parents discuss this issue with their children prior to, and after, the class presentations. Through such discussion, parents will be able to check

for their children's understanding, open lines of communication, and relay their ongoing support.

Any parent or guardian may request their child's release from the human growth and development program or the AIDS education program by writing to the school administration. Additional information is available upon request in the main office.

Administration of Medication

Parents of students requiring medication during school should contact the school nurse. Special forms are required to permit the administration of medicine in school. They are available from the school nurse. All medication must be in the original container with proper labels.

In cases in which a student is able to self-administer medication, the parents or guardians must submit a signed statement that the medication must be taken during the school day and the student is capable of administering the medication. The statement must be accompanied by a physician's, dentist's or advanced practice registered nurse's statement indicating the necessity and naming the medication, the strength, and the prescribed dosage. It must specify the schedule on which it is to be taken and the details of administration. Such statements must be renewed at the beginning of each school year.

A student with asthma or an allergic condition may carry an inhaler or an EpiPen or similar device in school at all times if he/she is under the care of a physician, physician assistant or advanced practical nurse and such practitioner certifies in writing that the child needs to keep an asthmatic inhaler or EpiPen at all times to ensure prompt treatment of the child's asthma or allergic condition and to protect the child against serious harm or death. A written authorization of the parent/guardian is required.

A school nurse, or in the absence of the nurse, a –qualified school employee may administer epinephrine in a cartridge injector for the purpose of emergency first aid to students who experience allergic reactions but were not previously known to have serious allergies and therefore do not have prior written authorization of a parent/guardian or qualified medical professional for the administration of epinephrine. Parents/guardians may submit in writing to the school nurse and school medical advisor that epinephrine shall not be administered to his/her child.

A student with diabetes may test his/her own blood glucose levels if the student has written permission from his/her parents/guardian and a written order from a Connecticut licensed physician. The time or place of such testing shall not be restricted.

A school nurse or administration will select a qualified school employee to, under certain conditions; give a glycogen injection to a student with diabetes who may require prompt treatment to protect him/her from serious harm or death. Written parental permission and written order from a physical are required.

The District does not allow the ingestion of marijuana for palliative (medical) use in any school, on school grounds or at school-sponsored activities, on or off school grounds.

Communicable/Infectious Diseases

Students with any medical condition which within the school setting may expose others to disease or contagious and infectious conditions may be excluded from school and referred for medical diagnosis and treatment. Additional information concerning this may be obtained from the school nurse.

Before a child may return to school after an absence due to such conditions, parents and students may be required to submit medical evidence that their child has recovered sufficiently to prevent exposing others.

Disabilities

Suffield Public Schools will not discriminate on the basis of disability as required under ADA, IDEA and Section 504 and C.G.S. 10-76a and any similar law or provision.

Emergency Medical Treatment

Each year you are asked to supply or update the main office with your work and home phone numbers, doctor's name and hospital, and an emergency contact person if you are not at home should your child have a medical emergency. Please be sure to submit this information by going to the District website, <https://www.suffield.org/>, and clicking on —Parent Portal under the —Parents and Students. For the safety and comfort of your child, be sure to update this information as needed during the course of the school year.

Please keep in mind when you are choosing your emergency contact person that this person must be available to come to school when you cannot.

Head Lice (Pediculosis)

The District is committed to maximizing students' academic performance and physical well-being in a healthy and safe environment. The District recognizes that head lice infestations do not pose a health hazard, are not a sign of uncleanliness, and are not responsible for the spread of any disease.

Misinformation about head lice causes anxiety for parents/guardians and school staff. The goals of providing a healthy and safe environment for students with head lice are to (1) maximize academic performance; and (2) minimize absences due to unnecessary exclusion from school of students with head lice. The school nurse can be contacted for treatment guidelines.

Health Records

School nurses maintain health records using the Connecticut —Health Assessment and Record Form. These records are accessible to certified staff working with the child and to school health aides if permission is granted by the nurse or building administrator. Parents may request to inspect the health records of their child. Copies may be provided if requested. Original copies of the record are sent where a student transfers to another school in the state. If moving out-of-state, a copy will be forwarded. Health records are maintained for at least six years after the student graduates. The District will comply with the

requirements of the Health Insurance Portability and Accountability Act (HIPPA) to maintain the privacy of protected health information.

Homebound Instruction

Home instruction is available to students who are unable to attend school for medical and/or mental health reasons for a period of ten (10) school days or longer as diagnosed by a physician, psychiatrist or the Planning and Placement Team. Home instruction may also be provided for those students who have been excluded from regular school attendance for disciplinary reasons.

Homeless Students

Homeless students, as defined by federal and state legislation, will have all programs, services, and transportation that other students enjoy and may continue to attend the school of origin. The local liaison for homeless children is Diana Kelley, Pupil Services Director. The District has reviewed its existing policies and regulations to remove barriers to the enrollment and retention of homeless children and youth. Homeless children and youths are defined as “individuals who lack a fixed, regular and adequate night time residence”. Homeless children have the right to attend the school of origin “to the extent feasible,” unless doing so is contrary to the request of such student’s parent/ guardian or unaccompanied youth. Any homeless child or youth denied school accommodations shall continue in attendance or will be immediately enrolled in the school selected by the child in the school district. A written explanation of the reasons for denial of school accommodations in a manner and form understandable to such homeless child or youth, or parent/guardian, will be provided. Information will also be provided regarding the right to appeal the decision of the denial of accommodations. The homeless child or youth is entitled to continue in attendance during all available appeals. A homeless student who is not in the physical custody of a parent/guardian, shall have full access to his/her educational and medical records in the Board’s possession

Immunizations

All students must be immunized against certain diseases and must present a certificate from a physical or local health agency. If the student should not be immunized due to medical or religious reasons, a statement from a physician or the parent as appropriate must be provided. The required immunizations are: Diphtheria, Tetanus, Polio, Pertussis, Measles, Mumps, Hepatitis A, Hepatitis B, Varicella (Chickenpox), Meningococcal, Pneumococcal, Rubella, Influenza and Hemophilus Influenza Type B.* Parents or guardians of any children unable to have the mandated immunizations prior to initial school entry and the boosters as required in the later grades may have the immunizations, on the recommendation of the Board of Education, be paid by the town.

In addition to the required immunizations for initial entry into school for kindergarten, regular and special education preschool programs, additional immunizations are required for entry into seventh grade and for entry into eighth grade and ninth or tenth grade. The school must enroll any homeless student even if the student is unable to produce the required medical and immunization records.

For further information regarding immunizations contact the school nurse.

Physical Examinations

All students must present evidence of a physical examination upon enrollment to the District. (C.G.S. 10-204a). Health assessments shall also be required in grade 6 (or prior to entering grade 7). All students in grade 6 will undergo vision screening by the school nurse or school health aide. Hearing screening will be conducted for all students in grade 8. Postural screening will be conducted for all female students in grade 7 and male students in grade 8. If a homeless student, as defined by federal statute, lacks immunization/medical records, the school will enroll the child and refer the parent/guardian to the District's homeless liaison.

HOMEWORK

Education is a life-long process, which extends beyond the school. It is important that students recognize that learning occurs in the home and community. Homework is one means of promoting self-directed, independent learning.

Homework assignments:

- Strengthen basic skills
- Apply classroom learning
- Stimulate the student's interest through further exploration
- Reinforce dependent study skills
- Develop qualities of initiative, responsibility and self-direction
- Stimulate worthwhile use of leisure time

The manner in which and the degree to which homework is used vary from grade to grade. This is consistent with developmentally appropriate practice. Homework practices at McAlister Intermediate School reflect a natural progression in grades three through five. At the third-grade level, content-related homework activities are used to assist in facilitating students' successful transitions to grades four and five. Homework assigned in grades four and five further emphasizes the mastery of content-related information. In these grades, students are expected to complete a greater amount of independent work. The development of good study habits increases in importance in grades three through five.

Typically, homework should not exceed the following total amounts per day for an average student working at an average speed:

- Grade 3: 10-30 minutes daily
- Grades 4/5: 30-60 minutes daily

There may be situations when classroom instruction may not warrant homework assignments. The above time allotment is to be considered as a guideline only. Children should be encouraged to read for the suggested time when no specific homework is assigned. This encourages good study habits.

Specific expectations related to homework, and parents' involvement toward the completion of homework, are communicated by teachers to parents during the Annual Open House for parents, and as part of individual assignments as appropriate. The degree to which parental assistance with homework is desirable varies from grade to grade and from assignment to assignment. Parents are encouraged to contact their children's teachers if clarification with regard to homework is needed. In general, however, parents promote positive attitudes toward homework through regular exchanges with children and teachers, and by providing the time and a place for their children to complete homework.

INSURANCE

School insurance is made available to families through a specific program. Brochures are available in the office at the beginning of each academic year, if you are interested. The program is not mandatory, but is an opportunity to provide additional protection for your children while in school. Any such arrangement is contractual between the parent and insurance carriers and the Suffield Public Schools assume no liability from disputes arising from such contract.

INTEGRATED PEST MANAGEMENT (IPM)

Suffield Public Schools uses an Integrated Pest Management system. Notice will be provided at least 24 hours in advance of the application of a pesticide either on the school's homepage or on the school or district's primary social media account.

LIMITED ENGLISH PROFICIENT (LEP) STUDENTS (ENGLISH LEARNERS)

Parents of Limited English Proficient (LEP) Students/English Learners participating in a language instructional program will be notified within 30 days of their child's placement in the program. The notification will include an explanation of why, a description of the program, and the parent's rights to remove their child from the English Learners program. In addition, the notification will explain how the program will help the child to develop academically, learn English and achieve the standards necessary for promotion.

Students not meeting the English mastery standard or demonstrating limited progress will be provided with additional language support services which may include, but are not limited to, English as a Second Language program, sheltered English programs, English Immersion programs, summer school, after-school assistance, homework assistance and tutoring. Students after 30 months in a bilingual program will not be offered additional bilingual education.

LOST AND FOUND

The first-floor hallway across the gym and just outside the main office maintains a collection of lost and found articles to be claimed by students. Students should feel free to check the lost and found in the hallway or inquire in the office about lost items as necessary. Whenever practical, any items brought to school should have a child's name placed on them to ensure return to the rightful owner. Unclaimed items will be displayed during parent-teacher conferences in December and March. Lost and found items that remain after each conference period and at the end of the school year are given to *Goodwill*, as we do not have the space to maintain these over times. Parents are notified in advance of this, and their prompt response is appreciated.

MANDATED REPORTERS/MANDATED REPORTING

The District complies with all laws and regulations regarding the reporting of actual or suspected child abuse and neglect. For additional information, refer to the portion of this handbook under the heading "Child Abuse and Neglect" and to Board Policy and Regulation 5141.4.

MIGRANT STUDENTS

The District has a program to address the needs of migrant students. A full range of services will be provided to migrant students, including applicable Title I programs, special education, gifted education, vocational education, language programs, counseling programs and elective classes. Parents/guardians of migrant students will be involved in and regularly consulted about the development, implementation, operation and evaluation of the migrant program.

NAEP

NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP) Federal legislation requires schools selected to participate in this national testing program to notify parents of children who will be taking the test of their right to exclude their child. Parents also have the right to inspect all NAEP data, questions and assessment instruments.

PARENT INVOLVEMENT/COMMUNICATIONS

Education succeeds best when there is a strong partnership between home and school based on open communication and interactions grounded in mutual respect and trust. Parents/guardians are urged to encourage their children to put a high priority on education and to make the most of their educational opportunities available. Parents/guardians should become familiar with all of the child's school activities and with the District's academic programs, including special programs. Attendance at parent-teacher conferences, participation in campus parent organizations, attendance at board of education meetings and being a school volunteer are strongly encouraged.

Parent Requested Observations

The Suffield Public Schools has as its highest priority, the safety and the welfare of its students and staff. The Suffield Board of Education welcomes purposeful observations of classes by parents and other interested members of the community. The Board recognizes its responsibility to ensure that students may learn in an educational environment free of unnecessary disruption and distractions and to provide a school environment that is safe for staff and students alike. In the interest of protecting the welfare of students and staff, preserving the privacy rights of students, minimizing disruptions to the learning process and maintaining order and security on its premises, the following guidelines have been established for observations:

1. All observers will be governed by visitation expectations of Policy #1250.
2. Anyone wishing to observe a class must contact the administration of the school prior to the observation and provide the name of the observer and purpose of the observation. Outside evaluators are required to provide their phone number, address and professional credentials. Whenever possible, a minimum of twenty-four (24) hours' notice should be provided.
3. In addressing requests for classroom observation, the administration will consider its responsibility to avoid disruption to the learning environment and learning benefit of students and minimizing distractions and disruptions to the learning process.
4. Requests to observe a class shall not be unreasonably withheld; however, administration may deny or place limitations on observations to ensure the integrity and benefit of the educational process for teachers and students. If an observation is denied, alternate avenues to achieve the purpose, if available, should be suggested and/or arranged.

PESTICIDE APPLICATION

Only certified pesticide applicators shall be used in schools for any non-emergency pesticide use in school buildings or on school grounds. Pesticide applications are limited to non-school hours and when activities are not taking place. Areas to receive pesticide application will be posted and a written record of all pesticide applications will be maintained for five years. Parents/guardians and staff who want to receive advance notice of all pesticide use will be listed on a registry and such notice will be provided as required by law. Parents/guardians who want to be notified prior to pesticide applications inside their child(ren)'s school assignment area may contact the Director of Facilities, Larry Plano. Note: If the District is implementing the Integrated Pest Management (IPM) concept, similar requirements as above must be met.

Integrated Pest Management (IPM)

Suffield Public Schools uses an Integrated Pest Management system. Notice will be provided at least 24 hours in advance of the application of a pesticide either on the school's homepage or on the school or district's primary social media account.

PETS AND ANIMALS IN SCHOOL

Children should not bring pets and animals to school unless their parent or guardian has spoken with their teacher, and the teacher has secured permission from the school principal or assistant principal. This policy is implemented in light of precautions received by us relative to communicable animal diseases.

PHOTOGRAPHS

From time-to-time during the school year, school personnel and/or media take photographs. If a parent/guardian does not want their child to be photographed for school use, school website or for media purposes, they must indicate within our Infosnap system. Photos of individual and classroom groups are taken annually, which may be purchased by parents/guardians, but they are not obligated to do so.

PHYSICAL EXERCISE

All students in elementary school shall have in the regular school day, time devoted to physical exercise, of not less than twenty minutes in total, unless altered for a student by a Planning and Placement Team for a child requiring special education. Such physical exercise can be a combination of planned physical education classes, recess, and/or teacher-directed classroom activities. The period of physical activity will not be taken away from an elementary student as a form of punishment. In addition, students in all grades, K-12, cannot be assigned physical activity as a form of punishment. School employees may not prevent a student in elementary school from participating in recess or in other sustained opportunities for physical activity during classroom learning as a form of discipline.

PROMOTION/ACCELERATION/RETENTION

Students shall be placed by the certified staff at the grade level best suited to them academically, socially and emotionally. The Superintendent or his/her designee will develop regulations for promotion, acceleration and retention in the best interest of the long-term development of the child.

Students will normally progress annually from grade to grade or level to level. Exceptions may be made when, in the judgment of the certified staff, such exceptions are in the best educational interest of the students involved. Exceptions will always be made after prior notification and explanation to each student's parents or guardian, but the final decision will rest with the school administration.

PROPERTY, LOCKERS, AND EQUIPMENT

It is the policy of the Board to hold students responsible for any loss of or damage to the property of the school under the jurisdiction of the Board when the loss or damage occurs through fault of the student.

Any student damaging or defacing school property will be financially liable for restoring the property regardless of the condition of the property at the time of the destructive act, in addition to any other discipline up to and including arrest or civil prosecution as deemed appropriate. In addition, anyone who witnesses such an act and fails to report it to the proper authorities will be considered as having contributed to that action. Such charges for damaged property will be exactly those which the school must incur to repair the damage.

Each student is assigned a locker. These items are the property of the school, loaned to students for their convenience during the school year, should be kept in good order and not abused. Students are expected to keep their lockers closed at all times. The school is not responsible for any valuables or other various items taken from a locker.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Parents will be notified if any prohibited items are found in the student's desk or locker.

Students should not attempt to repair school equipment but should notify the main office immediately if it isn't function properly. Any damage done will be the responsibility of the person to whom it was loaned for the current year. Students may not bring in locks from home and attach to assigned lockers. Students are warned not to bring large sums of money or valuables to school, liability for these items remains with the student.

PSYCHOTROPIC DRUG USE

School personnel are prohibited from recommending the use of psychotropic drugs for any student enrolled within the school system. School nurses, nurse practitioners, District medical advisor, school psychologists, school social workers and school counselors, may recommend that a student be evaluated

by an appropriate medical practitioner. Further, the District is prohibited from requiring a child to get a prescription before he/she may attend school, be evaluated to determine eligibility for special education or receive special education.

RECORDING OF CLASSROOM ACTIVITIES

The District prohibits the covert recording of classroom activities. The recording of teachers or students in class is inherently disruptive of the educational process. Students violating this rule will be subject to discipline and confiscation of the electronic device.

REPORT CARDS AND PARENT-TEACHER CONFERENCES

Report cards are issued three times each year in grades 3-5 (December, March, and June). Formal parent-teacher conferences coincide with the distribution of report cards in December and March. Students' final report cards are distributed at the end of the school year in June.

We strongly believe in the power of forging productive, working relationships between home and school. We welcome parents' interest and desire in discussing their children's educational growth and development and stand ready to respond to questions whenever they may arise. For these reasons, both parents and teachers may request a conference, by phone or in person, at any time during the school year.

SAFETY/ACCIDENT PREVENTION

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the school's code of discipline
- Remain alert to and promptly report safety hazards, such as intruders on campus.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of staff who are over-seeing the welfare of students.

SCHOOL CEREMONIES AND OBSERVANCES

The school District recognizes the value of certain ceremonies and observances in promoting patriotism and good citizenship among the students. Therefore, activities in schools commemorating national holidays such as Martin Luther King Day, Veterans Day, Memorial Day, Thanksgiving and President's Day are encouraged. McAlister reminds students, faculty and administration of the variety of religious beliefs, and all are urged to be conscious of and respect the sensitivities of others.

Activities related to a religious holiday or theme will be planned to ensure that the activity is not

devotional, and that students of all faiths can join without feeling that they are betraying their own beliefs. Therefore,

1. school and class plays shall not be overly religious, and church-like scenery will be avoided;
2. religious music shall not entirely dominate the selection of music; and
3. program notes and illustrations shall not be religious or sectarian.

Students shall be given the option to be excused from participating in those parts of a program or curriculum involving a religious theme which conflicts with their own religious beliefs. If a parent or student has any questions regarding the use of religious music, artwork and/or symbols in a particular course/activity, the Building Administration should be contacted.

An opportunity will be provided, at the beginning of each school day, for students to observe an appropriate period of silent meditation and to recite the Pledge of Allegiance. Participation in these activities is voluntary. Nonparticipants are expected to maintain order and decorum appropriate to the school environment.

SCHOOL DISTRICT RECORDS

Interested persons may inspect —public district records which are maintained at the office of the Superintendent of Schools, during normal hours of business. Copies of records, permitted by law to be disclosed, may also be attained. Please note that there may be a fee charged for the cost of the copying materials.

SCHOOL SECURITY AND SAFETY

Each school in the District (beginning July 1, 2014) will develop and implement a school security and safety plan based upon the standards issued by the Department of Emergency Services and Public Protection. Each school, as required by law, shall establish a school security and safety committee which will assist in the development and administration of the school's security and safety plan. Each District school will conduct a security and vulnerability assessment every two years.

For the school year commencing July 1, 2014, and each school year thereafter, the District will develop, maintain and implement an emergency disaster preparedness and response plan

(School Security and Safety Plan). The plan is based upon the standards promulgated by the Department of Emergency Services and Public Protection Development and implementation of the plan includes collaboration with local and state emergency responders, (law enforcement, fire department, emergency rescue squads and local public health administrators). The plan, representing an all hazards approach,

utilizes the four recognized phases of crisis management: (1) mitigation/prevention, (2) preparedness, (3) response, (4) recovery.

SEARCH AND SEIZURE

When a reasonable suspicion arises that use or possession of a student's property is illegal, illicit, disruptive, or a danger to the general welfare of students and staff, a search may be made of the student's person or personal property.

Desks and school lockers are the property of the schools. The right to inspect desks and lockers assigned to students may be exercised by school officials to safeguard students, their property and school property with reasonable care for the Fourth Amendment rights of students.

The exercise of the right to inspect also requires protection of each student's personal privacy and protection from coercion. An authorized school administrator may search a student's locker or desk under three (3) conditions:

1. There is reason to believe that the student's desk or locker contains the probable presence of contraband material.
2. The probable presence of contraband material poses a serious threat to the maintenance of discipline, order, safety and health in the school.
3. The student(s) have been informed in advance that school board policy allows desks and lockers to be inspected if the administration has reason to believe that materials injurious to the best interests of the students and the school are contained therein.

Use of drug-detection dogs and metal detectors or similar detective devices may be used only on the express authorization of the Board of Education.

District officials may seize any item which is evidence of a violation of law, Board policy, administrative regulation or school rule, or which the possession or use of is prohibited by such law, policy, regulation or rule.

A student may be searched if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. The scope of the search must be reasonably related to the objectives of the search and the nature of the infraction.

Students may be searched by law enforcement officials on school property or when the student is under the jurisdiction of the District upon the request of the law enforcement official. Such requests, ordinarily, shall be based on warrant. The school principal or designee will attempt to notify the student's parents in advance and will be present for all such searches.

SECLUSION AND RESTRAINT, USE OF

Teachers and staff of the Suffield Public Schools comply with all State laws and Board of Education policies with respect to the use of seclusion and restraint of students in their care during the school day and during extra-curricular activities. Use of Physical Restraint/Seclusion is governed by Board policy 5144.1 and the administrative regulations associated with the policy, both of which are available on the District's website. Life-threatening physical restraint will never be used on a student at school or under the care of staff at a school-sponsored activity. In the unlikely event that seclusion or restraint is required, it will be performed only by trained staff, under constant supervision, and used only in case of emergency. If a seclusion or restraint occurs, every attempt will be made to notify the parent or guardian immediately, and no later than 24 hours following the event. The District is required to keep detailed written records of all incidents of seclusion and restraint, and such records are available for inspection by the student's parent or guardian. A written report will be sent home promptly following any such incident. Reports concerning all incidents of seclusion and restraint are made to the State Department of Education, and de-identified data concerning the District's statistics are available to anyone upon request. State law also permits a teacher or other staff to use —reasonable physical force if necessary to protect someone from immediate physical injury, to obtain possession of a dangerous instrument or controlled substance, to protect property from physical damage, or to restrain a child or remove the child to another area to maintain order. Briefly making physical contact with a student to comfort a child, to keep the child from being injured, to break up a fight, or escort the child to a safe area is considered neither —seclusion or —restraint. Such actions are rare and used only in case of exigent circumstances as defined by law. Any questions concerning the District's policies on seclusion and restraint should be directed to the Director of Special Services at 860-668-3803.

SEXUAL ABUSE PREVENTION AND EDUCATION PROGRAM

Students in grades K-12 will be involved in a prevention-oriented child sexual abuse program which teaches students age-appropriate techniques to recognize child sexual abuse and how to report it. Parents/guardians may permit their child to opt out of the awareness program or any part of it by notifying the school in writing of such a request.

SEXUAL HARASSMENT

The district wants all students to learn in an environment free from all forms of sexual harassment. Sexual harassment is against state and federal laws. It is unwelcome sexual attention from peers, teachers, staff or anyone with whom the victim may interact. Sexual harassment, whether verbal or physical, includes, but is not limited to the following: (Give examples which are age appropriate.) Any student who believes that he or she has been subjected to sexual harassment should report the alleged misconduct immediately to the Title IX Coordinator, Nondiscrimination Coordinator, his/her teacher, social worker, guidance counselor, administrator, school nurse, or any responsible individual with whom

the student feels comfortable, either informally or through the filing of a formal complaint. The administration will act to investigate the allegations.

The district will notify the parents of all students involved in sexual harassment by student(s) and will notify parents of any incident of sexual harassment or sexual abuse by an employee. A complaint alleging sexual harassment by a student or staff member may be presented by a student and/or parent in a conference with the principal or designee or with the Title IX Coordinator, Diana Kelley.

SNACKS

Students may bring a daily snack from home that they will be allowed to eat at the teacher's discretion. We do recommend that snacks be nutritious, i.e., fruit, cheese, popcorn, etc. Furthermore, we kindly request your cooperation in providing simple snacks requiring minimal preparation that students may eat independently and clean up easily. In keeping with our District's Wellness Policy and working to promote students' healthy lifestyles and well-being, we do not allow cupcakes or other food treats for birthday celebrations. Ideas for food-free birthday celebrations are provided in Appendix 2 of our District's Wellness Policy, which can be accessed through the [Suffield Public Schools Website](#).

STAFF DIRECTORY

The staff directory can be found on the District website (mis.suffield.org) under the **About Us** tab.

STUDENT SUPPORT SERVICES

Our response to our students' diverse needs reflects both our ongoing belief that all children can learn and our commitment to the growth and development of the whole child. Students' academic, behavioral, social, and emotional needs are identified through the knowledgeable and collaborative efforts of a caring school staff and an involved parent community. Driven by individual student needs and situations, a continuum of services, educational programs, resources, and interventions are creatively designed and flexibly provided.

The District utilizes a process of Multi-Tiered Systems of Support (MTSS), which combines systematic assessment, decision-making and a multi-tiered delivery model to improve educational and behavioral outcomes for all students. Academic and behavioral support and targeted interventions will be provided for students who are not making academic progress at expected levels in the general curriculum. Three tiers of support (or intervention) are developed to support student learning. The progress that students make at each stage of intervention is monitored closely. Results of this monitoring are used to make decisions about further need for research-based instruction.

Tier 1: All children receive high-quality curriculum and best practice instruction in the general education classroom or program. Eighty percent of students are expected to achieve within the range of grade-level expectations without additional tiers of support.

Tier 2: Students may need extra help in addition to the high-quality instruction they receive in Tier I. Students may receive additional teaching strategies or methods that are proven to be effective in helping children learn. These teaching methods can occur in large or small groups, as well as in or outside the classroom. Ten to fifteen percent of students in a school may need this level of support.

Tier 3: When a high level of support is needed, children are given individualized or small group instruction with more frequency. Up to five percent of students in a school may need this level of support.

Sometimes a student does not make enough progress through the intervention used in MTSS. The teacher knows this from monitoring the student's progress. Revised intervention plans may be developed that will be instructed by other building specialists or support staff.

For students who may need Special Education programs, a planning and placement team (PPT) is designed to provide communication and decision-making at the school level concerning the effective use of available resources. The team is also responsible for follow-up and periodic review of all students presently in Special Education and special services programs.

Any child identified as possibly needing special education and/or related services must be referred to a special education Planning & Placement Team for evaluation (PPT). The PPT will determine whether special education services are required. Parents must give their consent before any evaluation can be done or any services can begin. An Individualized Education Plan (IEP), based upon the diagnostic findings of the evaluation study will be developed by the PPT, with parental involvement. Parents will be informed regarding the use of scientific, research-based interventions.

Paraeducator Support and Duty Clerks

We are fortunate to have a number of talented and dedicated paraeducators within our school who are assigned to specific students identified in need, and who assist with the supervision of students during lunch and recess periods. Non-special education students in need of —extra help with a particular skill or concept on a given day, as determined by the classroom teacher, sometimes receive such assistance from a paraeducator.

Duty Clerks provide invaluable assistance in supervising children in our school cafeteria and on the school playground. It is important that children give the same respect and consideration to paraeducators as they would to a certified teacher, the assistant principal or principal. We appreciate parental support in reinforcing this with children.

American with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

Notice of Parent/Student Rights Section 504 of the Rehabilitation Act of 1973 (commonly referred to as —Section 504) is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and

benefits equal to those provided to nondisabled students.

An eligible student under Section 504 is a student who (a) has, (b) has a record of having or (c) is regarded as having, a physical or mental impairment which substantially limits a major life activity such as learning, self-care, walking, seeing, hearing, speaking, breathing, working, and performing manual tasks.

Many students will be eligible for educational services under both Section 504 and the Individuals with Disabilities Education Act (IDEA), but entitlement to services under the IDEA or other statutes is not required to receive services under Section 504.

The following is a description of the rights and options granted by federal law to students with disabilities under Section 504. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right:

1. To be informed of your rights under Section 504;
2. To have your child take part in and receive benefits from the Suffield School District's education programs without discrimination based on his/her disability;
3. For your child to have equal opportunities to participate in academic, nonacademic and extracurricular activities in your school without discrimination based on his/her disability;
4. To be notified with respect to the Section 504 identification, evaluation, and educational placement of your child;
5. To have an evaluation, educational recommendation, and placement decision developed by a team of persons who are knowledgeable of your child, the assessment data, and any placement options;
6. If your child is eligible for services under Section 504, for your child to receive a free appropriate public education. This includes the right to receive reasonable accommodations, modifications, and related services to allow your child an equal opportunity to participate in school and school-related activities;
7. For your child to be educated with peers who do not have disabilities to the maximum extent appropriate;
8. To have your child educated in facilities and receive services comparable to those provided to non-disabled students;
9. To review all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, and educational placement;
10. To obtain copies of your child's educational records at a reasonable cost unless the fee

would effectively deny you access to the records;

11. To request changes in the educational program of your child;

12. To an impartial hearing if you disagree with the school District's decisions regarding your child's Section 504 identification, evaluation or educational placement. The costs for this hearing are borne by the local school District. You and the student have the right to take part in the hearing and to have an attorney represent you at your expense.

13. To file a court action if you are dissatisfied with the impartial hearing officer's decision or to request attorney's fees related to securing your child's rights under Section 504.

14. To file a local grievance with the designated Section 504 Coordinator to resolve complaints of discrimination other than those involving the identification, evaluation or placement of your child.

15. To file a formal complaint with the U.S. Department of Education, Office for Civil Rights.

The Section 504 Coordinator for this District is:

Compliance with 504 Regulations It is the policy of the Suffield Public Schools to comply with all aspects of the Section 504 regulation of the Rehabilitation Act of 1973. Section 504 prevents discrimination on the basis of handicap in programs and activities operated by the school system.

Suffield Board of Education Section 504 Complaint/Grievance Procedures Under Section 504, a person with a disability is anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as learning, self-care, walking, seeing, hearing, speaking,

breathing, working and performing manual tasks);

2. has a record of such impairment; or

3. is regarded as having such an impairment. I. *Procedures for Complaints/Grievances Alleging Discrimination on the Basis of Disability* The policy of the Board of Education is to provide for the prompt and equitable resolution of complaints and/or grievances alleging any violation of Section 504. STUDENT RECORDS

The Suffield Board of Education will comply with applicable regulations regarding confidentiality and access to all student records. The Board shall implement procedures that ensure strict confidentiality of student records while providing proper parental and/or student access to records. The Assistant Superintendent is considered as the custodian of records and will ensure that student's records are kept confidential. Records may be reviewed during regular school hours upon completion of the written request form. The record's custodian or designee will respond to reasonable requests for explanation and

interpretation of the records.

A student's school records are confidential and are protected by federal and state law from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the student withdraws or graduates. This record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records if the school is given a copy of the court order terminating these rights.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. —School officials with legitimate educational interests include any employee such as an administrator, teacher, support staff, Board of Education member, attorney, agents, or facilities with which the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

1. Working with the student;
2. Considering disciplinary or academic actions, the student's case, an Individual Education Plan (IEP) for a student with disabilities under IDEA or an individually designed program for a student with disabilities under Section 504;
3. Compiling statistical data; or
4. Investigating or evaluating programs. Certain other officials from various governmental agencies may have limited access to the records. Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records.

The parent's or student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher and records pertaining to former students after they are no longer students in the District, do not have to be made available to the parents or student.

A student over 18 and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and the student are not allowed to contest a student's grade in a course through this process. Parents or the student have the right to file a complaint with the U.S. Department of

Education if they believe the District is not in compliance with the law regarding student records. The District's policy regarding student records is available from the administration's or superintendent's office.

Please note that there may be a fee charged for the cost of the copying materials. Parents may be denied copies of a student's records

- (1) after the student reaches age 18 and is no longer a dependent for tax purposes;
- (2) when the student is attending an institution of post-secondary education;
- (3) if the parent fails to follow proper procedures and pay the copying charge; or
- (4) when the District is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about District students is considered directory information and will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. This objection must be made in writing to the administration within ten school days after the issuance of this handbook. Directory information includes a student's name, address, telephone number, date and place of birth, major field of study, grade levels, photograph, e-mail address, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, awards received in school, and most recent previous school attended.

Military recruiters or institutions of higher learning shall have access to secondary school students' names, addresses and telephone listings, unless a parent/guardian or secondary student aged 18 or over requests in writing that such information not be released.

The District will release to the Parent Teacher Organization the names, addresses, telephone number and grade levels of students (unless the District is informed by September 15 of the school year that designation of such directory information has been refused as to a particular student) provided such information is to be used by the PTO for its own school activities or school business.

The District, when a student moves to a new school system or charter school, will send the student's records to the new District or charter school within ten business days of receiving written notice of the move from the new District. Unless the parents/guardians of the student authorize the record transfer in writing, the sending District is required to send a notice when the records are sent to the new District.

Parents and eligible students have the right to file a complaint with the U.S. Department of education concerning alleged failures by the District to comply with the Requirements of FERPA. Complaints may be addressed to: Family Policy Compliance Office, U.S. Department of Education, 5400 Maryland Avenue, S.W.,

Washington, DC 20202-4605.

The District's FERPA Privacy Officer is: Director of Special Services for Suffield Public Schools.

STUDENT/TEACHER CONTACT DURING THE SCHOOL DAY

We work diligently to limit class interruptions to achieve the most effective and efficient instructional time for all students. Your cooperation in refraining from interruptions during class time is greatly appreciated. If you find it necessary to bring something to your child during the school day because he/she forgot an item needed for school, we request that you first sign in at the main office, or simply drop the item off at the main office.

Children are not permitted to make or receive calls except in an emergency as determined by the main office. We understand that parents may want their children to carry a cellphone to and from school to improve communication and student safety. However, current Board of Education policy advises us that during the school day, student cellphones should be stowed and turned off, as these devices can serve as a distraction and can lead to both unwelcomed and unsafe activities. We will appreciate parents' support in reinforcing this policy with their children.

Also, if you find the need to contact a teacher during the school day, we request that you do so by telephone, email or in writing. Because classrooms cannot be unsupervised, and therefore, teachers may not be called to the office to respond to a telephone call when class is in session, the school office will gladly take a message. When the teacher is available, your call will be returned.

SUICIDE PREVENTION

The district maintains procedural guidelines for suicide prevention and intervention in response to at risk behaviors by students, (i.e. Suicidal ideation, commentary or self-injurious behavior). The school faculty receives information and in-service on suicide prevention annually. Please refer to Board policy and regulation 5141.5 for additional information.

SURVEYS/STUDENT PRIVACY

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation that concerns:

1. political affiliations or beliefs of the student or the student's parent;
2. mental or psychological problems of the student or the student's family;
3. sex attitudes or behaviors;
4. illegal, antisocial, self-incriminating and demeaning behavior;
5. critical appraisals of other individuals with whom respondents have close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
7. income; or
8. religious practices, affiliations, or beliefs of the student or the student's parents.

In addition, parents have the right to inspect, upon request, a survey that is to be administered by a school to a student, prior to its use. Parents will be notified at least two weeks in advance of any survey that will

be given to their children.

Parents will be notified of any non-emergency, invasive physical examination that is required as a condition of attendance administered by the school and which is not necessary to protect the immediate health and safety of students.

TEACHER AND PARAEDUCATOR QUALIFICATIONS

Parents have the right to request information about the professional qualifications of their child's teacher(s). The response will indicate whether the teacher is certified for the subject matter and grade taught; the teacher's undergraduate major and any graduate degrees or certifications a teacher may have. Parents will also be advised, if requested as to whether the child is provided service by paraeducators and their qualifications.

TECHNOLOGY

Computer Resources

Students, with permission of their parent(s)/guardian(s) may be in possession of personal electronic devices such as smartphones or cellular telephones. The devices shall not be used in a manner that disrupts the educational process, including, but not limited to, posing a threat to academic integrity or violating confidentiality or privacy rights of another individual. Unless an emergency situation exists that involves imminent physical danger or a certified District employee authorizes the student to do otherwise (such as use in class), use of devices shall be limited to the period before classes begin in the morning, and after the student's last class in the afternoon. Cellular devices shall be off or silenced outside of these designated times.

Students are Responsible for keeping personal technology secure. If personal technology is stolen, lost, or damaged, it will be handled through the administrative office similar to how other stolen, lost, or damaged personal artifacts are handled. Students and families should be aware that the District is not liable for any personal technology that is stolen, lost, or damaged. Students should not share their personal technology with other students at any time.

A student's personal technology (smartphones or cellular telephones) brought to school may be searched by District personnel if there are "reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school."

Each classroom at McAlister Intermediate School is equipped with a class set of Chromebooks, thus providing a 1:1 digital environment in which every student has access to a school-issued Chromebook or a District-approved device. District resources have been invested in computer technology to broaden instruction and to prepare students for an increasingly computerized society. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement regarding appropriate use of these resources. Violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and parents should be aware that e-mail communications, using District computers, are not private and may be monitored by staff. Students may not access social media sites using District equipment, while on District property, or at a District sponsored activity unless the posting is approved by a teacher. The District will not be liable for information posted by students on social media websites, such as Facebook, MySpace, YouTube, etc., when the student is not engaged in District activities and not using District equipment.

The District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such material.

Federal law requires the District to place filtering devices on school computers to block entry to visual depictions that are obscene, pornographic, harmful or inappropriate for students as defined in the Children's Internet Protection Act and as determined by the Superintendent or his/her designee.

The Board of Education is committed to aiding students and staff in creating a 21st Century learning environment. Therefore students (plus staff) will be permitted to access the District's wireless network with their personal devices during the school day. With teacher approval, students may use their own devices to access the Internet and collaborate with other students.

Students using their own personal devices or school-issued technology resources must follow The McAlister Way, demonstrating digital citizenship that is kind, respectful, responsible and safe, as well as all applicable Board policies, particularly the District's Responsible Use policy.

Electronic Devices (Cell phones, smart phones, etc.)

Students, with permission of their parent(s)/guardian(s) may be in possession of personal electronic devices such as smartphones or cellular telephones. The devices shall not be used in a manner that disrupts the educational process, including, but not limited to, posing a threat to academic integrity or violating confidentiality or privacy rights of another individual. Unless an emergency situation exists that involves imminent physical danger or a certified District employee authorizes the student to do otherwise (such as use in class), use of devices shall be limited to the period before classes begin in the morning, during the student's lunch period, and after the student's last class in the afternoon. Cellular devices shall be off or silenced outside of these designated times

Students are Responsible for keeping personal technology secure. If personal technology is stolen, lost, or damaged, it will be handled through the administrative office similar to how other stolen, lost, or damaged personal artifacts are handled. Students and families should be aware that the District is not liable for any personal technology that is stolen, lost, or damaged. Students should not share their personal technology with other students at any time.

A student's personal technology (smartphones or cellular telephones) brought to school may be searched by District personnel if there are "reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school."

The use of electronic devices, such as but not limited to, iPods and cell phones, are prohibited during the regular school day. Students are allowed to bring technology devices to school and use them only at the discretion of their teacher as tools for learning. These items will be collected by teachers at the start of the day and stored in the classroom.

Students are not allowed to use their devices to take pictures of others, make phone calls, send text messages, Instagram, tweet, etc. during the school day. Headphones (i.e. or ear-buds, etc.) shall not be used at all. This is to encourage appropriate social interactions between students and avoid the safety hazard caused by students unable to hear instructions, announcements, etc.

Students found to be using any electronic communication devices in violation of Board policy and school rules shall be subject to disciplinary action. Further, a student may be disciplined for creating and/or distributing written or electronic material, including internet material and blogs, that cause substantial disruption to school operations or interferes with the rights of other students or staff members.

The sending, sharing, viewing or possessing pictures, emails or other material of a sexual nature in electronic or any other form on cell phones or other electronic devices is prohibited in the school setting and subject to serious disciplinary action.

Responsible Use Policy

The computer technology is present to support the educational mission of the District to promote educational excellence in District by facilitating resource sharing, innovation, and communication. Use of this equipment provides great opportunity, but places a responsibility on all students. All students have the responsibility to use the equipment in a considerate, ethical and lawful manner. The right to use this equipment may be revoked at any time by the administration if deemed necessary.

Students must accept the Responsible Use Procedure (RUP) form before the student is allowed to use the school computers. The use of the Internet must be in support of education, research, and school sanctioned projects. We expect students to afford each other the same respect on the Internet that they do while interacting in person and to respect Suffield Public Schools and its property. The school reserves the right to examine any files on the school computers. **Students should not trade or try to thwart passwords or represent themselves as anyone else in any form of electronic communication.** Students may not participate in chat sessions of any kind. Students are provided with Suffield Public Schools accounts.

NO PERSONAL ACCOUNTS (including but not limited to AOL, Hot Mail, MSN, Yahoo, Gmail, etc.) are to be accessed on school computers. Students and parents should be aware that e-mail communications, using District computers, are not private and may be monitored by staff. Federal law requires the District to place filtering devices on school computers to block entry to visual depictions that are obscene, pornographic, harmful or inappropriate for students as defined in the Children's Internet Protection Act and as determined by the Superintendent or his/her designee. The failure of any student to follow the terms of

the authorization form, or our RUP, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

We expect students to respect copyright laws and academic honesty. The RUP will further clarify these guidelines. **It should be noted that technology is continually changing and the policy in this handbook reflects the Board of Education Policy at the time of printing. Please refer to the District website for the most current information.**

TESTING

All students in grades 3 through 5 inclusive shall annually take a mastery examination in reading, language arts and mathematics (SBAC). Students in grades five, eight and ten, shall take a state-wide mastery examination in science (NGSS). Students with special needs or a 504-accommodation plan may take an alternative or modified test if it is decided upon in their Planning and Placement Team (PPT) meeting or Section 504 accommodation team meeting and noted on their Individualized Education Plan (IEP) or 504 accommodation plans.

We often receive inquiries about whether students and parents can –opt out of mandatory State testing such as the SBAC, NGSS, or Connecticut Academic Performance Test (CAPT). As these are mandatory tests, there is no –opt out provision under State law. Each student must be tested in accordance with State mandates. Each student appearing at school on the test day will be required to report to the testing room to which they have been assigned and will be presented with the test to be completed. In the event that a student is absent on test day, make-up sessions are available on separate designated make-up dates. Students with special needs may be accommodated through their Planning and Placement Team (PPT) or Section 504 Accommodation Team, and in rare cases, alternative assessments are available for the students with the most significant disabilities. The information gathered from the tests is used for a variety of purposes, most significantly, assessing and adjusting instruction needed for students to be successful in school.
