

JILL TOMPKINS SNYDER

Class of 2003

Jill was a leader and heart of athletics in her class as she played five years of varsity soccer and four years of varsity basketball and lacrosse. She served as captain in all three sports, demonstrating leadership, fierceness, and relentlessness. In her freshman year, she earned the Patricia Hurley Award presented to the 9th grade girl who best exemplifies good sportsmanship, leadership, and athletic ability. She started each of her varsity

years at the attack position in both soccer and lacrosse, and in basketball she started as point guard from her sophomore through senior years.

She excelled on the field and in the classroom, achieving Finger Lakes All-League first team honors in each of her three sports and was a member of the National Honor Society. Jill earned MVP honors in her junior and senior years for basketball, and in her senior year in lacrosse. She earned the Top Gun Award and MVP during the soccer season and was named Offensive Player of the Year. Jill also earned the SMS Auxiliary Memorial and the US Army Reserve National Scholar Athlete Awards in her senior year.

During her teams' sectional play, Jill received the 2001 Soccer Section V Class CCC Outstanding Offensive Player. She received the 2001 and 2003 Basketball Section V Class CCC All-Star. In 2001, she led both those teams to win a Section V Class CCC Championship.

Jill credits her athletic career for much of her tenacious and driven personality. She attributes her competitiveness, as well as her drive to succeed, to her sister playing alongside her in sports throughout her entire life. Without her sister Sandy's friendship and athletic ability, the experience would have been much different.

Jill holds a bachelor's degree in Business Administration from Nazareth College, as well as a master's degree in Management from Keuka College. She lives in Seneca Falls and is married to her husband, Greg. She thrives on coaching her two children, Zachary and Julie, as well as teaching all youth to love the world of sports as much as she does.
