Mission

St. Mary Academy - Bay View is an independent, Catholic school serving a diverse population of girls from Preschool through Grade 12. In the tradition of the Sisters of Mercy, we foster academic excellence in an innovative and creative learning environment. We are committed to empowering each student to be a confident, independent, compassionate, and socially conscious young woman who fully lives her faith.

Community & School

St. Mary Academy - Bay View is a rigorous Mercy college preparatory school founded by the Religious Sisters of Mercy in 1874. The campus is located in Riverside, Rhode Island, five miles east of the state capitol building. The enrollment of the Upper School is approximately 225 young women. The students are selected on the basis of an entrance examination (High School Placement Test), previous academic record, and teacher recommendation. Students come from cities and towns throughout Rhode Island and Southern Massachusetts.

Grading Scale

The following courses are not included when computing GPA: Health, Physical Education, Mercy Project and Career Launchpad. GPA is based on courses taken at Bay View only. Transfer students are awarded credit for classes taken at their previous school; however, their grades in those classes are not calculated in the GPA. St. Mary Academy – Bay View does not rank its students.

Membership in the St. Mary Academy - Bay View chapter of the National Honor Society requires that students earn a cumulative 4.5-grade point average through the first semester of eleventh grade. Those who qualify academically and are in good standing with the academy are invited to submit an application that demonstrates evidence of leadership, volunteer service to school and community, and good character.

Signature Programs

CAREER LAUNCHPAD

The Career Launchpad program is required of all juniors. The purpose is to explore career interests among a small group of similarly interested students, guided by a mentor/mentors with experience in the field. Monthly seminar-type meetings will focus on a variety of topics, including case studies, networking, educational pathways, Mercy in the workplace, and work/life balance, and may require some preparation on the part of students. At the completion of the program, students will work in groups to create short presentations about their career exploration experiences to be shared with the community and sophomore classes. This course is not factored into the computation of the student's grade point average.

PASSION PROJECT

In recognition of the value of developing the whole person, second-semester seniors will be required to plan and execute a Passion Project to explore an area of personal interest. Working with a mentor, students will develop a timeline and an expectation of what constitutes successful completion of the project. Projects will be shared and celebrated with the community during the weeks leading up to graduation. This course is not factored into the computation of the student's grade point average.

MERCY PROJECT

The Mercy Project is an opportunity for the student to give active expression to her growing understanding of what it means to be a young woman of mercy. Inspired by Gospel Values and the Critical Concerns of the Sisters of Mercy (Earth, Immigration, Nonviolence, Racism, Women), the student is asked to engage in direct service that benefits the lives of people in need. The student is required to complete 10 hours of independent direct service during both Grades 9 and 10 (20 hours total). During Grade 11, students, together with one or two classmates, will complete a major

project that asks them to identify an issue on the local, national, or global level; plan a project that directly addresses the issue and benefits people in need; work together to bring the plan to fruition, and educate their classmates on both the issue and their project. Though required for graduation, this program is not factored into the computation of the student's grade point average.

RHODE ISLAND COLLEGE EARLY ENROLLMENT PROGRAM (EEP)

The Rhode Island College Early Enrollment Program is a concurrent enrollment program that offers college credit at Rhode Island College to high school students for certain courses which they take at their respective high schools. The EEP provides the means for high school students to get a head start in college by obtaining college credits at Rhode Island College and transferring those credits to the institution that they attend after graduation from Bay View. The EEP is also a formal program that fosters communication between high school teachers and college professors and creates an educational relationship between the high school and the college community. For a detailed explanation of the Rhode Island College Early Enrollment Program, transferring of credits, and/or other important information, please call the EEP office at 401.456.8857 or email them at eep@ric.edu.

NACEP, the National Alliance of Concurrent Enrollment Partnerships, of which Rhode Island College is a charter member, provides guidelines and standards to which concurrent enrollment programs must adhere to maintain membership. It is the adherence to these standards that maintains credibility and excellence among programs such as the EEP and will assure its students' credit transfer among many colleges and universities in the United States.

Anticipated EEP classes for the 2022/23 school year: Honors Italian 4, and AP US History.
