

# HPES Hawk Principal Update

Greetings HPES Families,

HPES has Parent Teacher Conferences early this school year to ensure that we can partner with families to support your student in success. You should have received an email and a digital sign-up form. We would like to see as many families in person as possible and hope that you have been able to find a time that works for you in the schedule.

Our time out of school, virtual, hybrid, and just out sick, have significantly impacted our students and students worldwide. Research indicates that it will take 3 years to get our elementary students back on track for achievement. HPES understands that our learners are not where we would like them to be, and we are determined to maximize academic growth for every student. We are focusing on each learner's specific strengths and needs to move them forward.

We need families as partners to support the maximum growth of all learners. One of our first steps in the partnership is our parent-teacher conferences. In the conferences, we will be focusing on your learner. We will review your learner's current celebrations, daily routines, social connections, and most importantly, our current information to set goals for learning growth. This is a time for you to gather information, ask questions, and plan with your child's teacher the best way to support your learner at home and support them in being engaged in learning at school.

We look forward to seeing each one of you at our parent-teacher conference.

If you have any questions, please reach out to me at [dreilly@hpes.org](mailto:dreilly@hpes.org).

Thank you for your support,

Diane Reilly, Principal

## HPES Crisis Planning Team

HPES newly formed Crisis Planning Team has been working diligently to update our emergency plans in multiple areas. We are reviewing and planning for Fire drills, in school drills, evacuation drills, threat assessments, in order to ensure the safety of our each person in our school community. This team includes: Adam Bank, School Counselor; Laurie Martin, Student Support; Jason Kelley, Classroom Teacher; Sylvia Esmay, Classroom Teacher, Diane Reilly, Principal; Sam Prevost, Sheriff Department; Daron Squires, HPES Maintenance director.

Please be looking for on-going information as we practice our drills and plan for any situation. Please contact Principal Reilly or Adam Bank with any questions.

**On the back of this newsletter is a copy of our Standard Response Protocol.**

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations.
