Washington Elementary School
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

District Vision
It is the vision for each student to become a life-long learner and productive citizen, leading a fulfilled life. Included in the vision of the Charter is the drive to enable students to become educated citizens who will be literate, have problem-solving skills, be self-motivated, able to utilize technology, and become socially responsible.

Principal's Message
Washington's mission statement that was created and upheld by every staff member is simple. Every student will learn in an environment in which they feel loved, safe, and respected. All children in every classroom will learn a rigorous curriculum differentiated to prepare them for the next grade level. Each student's success will be acknowledged. We will form the foundation for building productive citizens of our community and the world.

We have a strong, common core standards-based program. Teachers utilize the thematic approach incorporating all areas of the curriculum in the basic theme. We use the Sheltered Instruction Observation Protocol (SIOP) for lesson design and delivery, which ensures that the English Language Learners' needs are met. This method of teaching provides for differentiation and checking for understanding throughout the lessons. The Washington staff is a highly qualified and enthusiastic group of professionals who are dedicated to bringing out the best qualities in our students, ourselves, and in the work that we do together. We are truly an organization that respects learning, honors teaching and teaches for understanding. The staff collaborates through professional learning communities, with a focus on the academic success of each student embedded into every aspect of planning, organization, and use of resources—materials, fiscal, and personnel.

In 1996, the staff of the Kingsburg Elementary School District, in conjunction with the citizens of the community, adopted a charter school compact. This allowed Washington School to become a charter school within the Kingsburg Elementary Charter School District, the second in the State. Through this living document, the charter, Washington, has been able to adopt creative methods of educating, using researched-based best practices, while maintaining the traditional high standards expected by the Kingsburg Community.

Today, Washington is a family of 370 (preschool-kindergarten) and 47 staff members with a commitment to excellence. The current building was constructed in 1939-40. The building has served as a primary school site, District offices, and now currently houses the Transitional Kindergarten and Kindergartners students of Kingsburg. In 2010, Washington School became an Early Childhood School with many programs to meet the needs of students ages 3 - kindergarten. The school program is a modified all-day kindergarten schedule. With the unique grade configuration of the schools in our District, there is a common thread that unites the students as they transition into and out of the schools throughout the years. The state preschool and early intervention programs are on the Washington campus in the northwest corner. This is a new addition to our Washington campus and was officially opened for students in August 2020. Washington preschool is forming the foundation for our students and they are making the transition from preschool to kindergarten an easy transition. Washington School has a kindergarten transition plan that all local preschools and childcare providers use in order to make the transition to kindergarten informative and easy for the students and families. Washington School also has a two-year kindergarten program called Transitional Kindergarten. This program has been developed in line with the Kindergarten Readiness Act of 2010, SB 1381. All students with fall birth dates will be enrolled in the transitional kindergarten program. The staff has developed strong friendships where tolerance is accepted and diversity is welcomed. Washington has developed a strong partnership with the community it serves, where high expectations for academic standards, citizenship, community service, recreation, and traditional values are embraced and enveloped in the framework of a caring community. In 2019-2020 Washington Elementary was under construction. The Early childhood learning center was built along with two new playgrounds. One is specifically for ages 3-5 years old for our preschool students and the other is for 5+ years old for TK and K students. This was because of our school bond that was passed by the citizens of our great community.

The maintenance staff is an important part of the learning community, taking pride in making this historical building a place where students and staff are honored to attend. Washington creates a stimulating and aesthetically pleasing environment that is enjoyed by the community. Washington is proud to be a member of the Kingsburg Elementary Community Charter District.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Washington utilizes Harcourt My Math mathematics and Houghton Mifflin Harcourt Journeys for English language arts. All students, including English Learners, have equal access to their own textbooks and instructional materials, to use in class and to take home.   We have purchased through categorical funds, PRESS, Cullinan, and Guided Reading to assist with intervention needs of students.

School Facility Conditions and Planned Improvements

Washington Elementary School was originally constructed in 1938. The Washington Elementary School campus is currently comprised of 21 classrooms, a multi-purpose room/cafeteria, a library, one staff lounge, two playgrounds, and a workroom.

Cleaning Process: The principal works with the custodial staff of two to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District Office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority are given to emergency repairs.

The District participates in the State School Deferred Maintenance Program, which provides State-matching funds on a dollar - for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

• Aligned with CA CCSS for ELA and mathematics;
• Available to students in grades 3 through 8, and grade 11; and
• Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

• Smarter Balanced ELA and mathematics summative assessments;
• Other assessments meeting the SBE criteria; or
• Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Washington Elementary School and participate on the School Site Council. The English Learners Advisory Committee is another opportunity for parents to participate in the daily life of school. The Parent Club is very active for the benefit of all students attending Washington School. Parenting Workshops are provided for parents that desire to participate. Parents also volunteer in classrooms and on field trips. The district offers Parenting workshops to all parents. Parents can also be involved by helping with the Santa Lucia float for the local Santa Lucia parade in December. Preschool parents are invited to volunteer each month in their child's class. All transitional and traditional kindergarten classes have many opportunities for parent involvement such as Grandparents Day, Dancing with Dads, and Making Memories with Mom. In addition to Kindergarten orientation and open house, we also have a Welcome to Washington Night for all incoming student to get them ready for school. Currently, we are on hold with all extra events due to COVID-19.

Washington Elementary School receives assistance from Kingsburg Community Assistance Programs (KCAPS.) KCAPS provides students from needy families with backpacks, coats, clothes, and food. Newly added last year is mental health support to students and families through All4Youth.

Parents who wish to participate in Washington Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the school office staff. Parents who wish to be on the School Site Council or English Learner Advisory Committee, are given an opportunity to be nominated and elected by their peers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Washington Elementary School provides a safe and clean environment for students, staff, and volunteers. The safety of students and staff is a primary concern of Washington Elementary School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. At the beginning of the year, the staff and the School Site Council review the school safety plan. Key elements of the safety plan include: identifying the level of threat, protective options, staff initial action/response, incident coordinator, and incident management team. Revisions are shared with the staff. Fire drills are held once a month and earthquake and lockdown drills are held yearly.

The teachers and paraprofessionals supervise students throughout the day. Parents are asked to park their cars in front of the school and walk their students to the front gates for health surveys and temperature checks before coming onto campus. . Visitors must register at the office and receive identification badges that must be displayed at all times when we are not on a modified program. Due to COVID-19, we are not having visitors on campus. Kingsburg Elementary Charter School District encourages volunteers in the classroom, field trips, and special projects during a normal year. During the pandemic, we have limited parent volunteers to those fully vaccinated or weekly COVID-19 testing. All school volunteers in direct contact with students are required to complete a District application form, provide evidence of clear tuberculosis (TB) screening, and receive a Megan's Law check. The District clears all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and submit to fingerprinting.

The Safety Plan was last reviewed with staff on August 17th, 2021.

Professional Development

PD is different due to COVID-19 and school closures. Listed below is what we typically do.

Staff members build teaching skills and concepts through participation in conferences and professional development throughout the year. The District offers one staff development day annually during which teachers are given a variety of professional growth opportunities in the curriculum, teaching strategies, and methodologies. Topics include the Sheltered Instruction Observation Protocol, Professional Learning Communities, the implementation of Common Core standards. All professional development includes on-site coaching.

Kingsburg Elementary Charter School District's Beginning Teacher Support and Assessment (BTSA) program provides new teachers (those with less than three years of full-time teaching experience) and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. In addition, the District also provides time and resources for collaboration, planning, and professional development for all staff. This year there are no new teachers needing BTSA support.

This year the staff at Washington School was trained in Guided Reading, math, writing, ELA and ELD standards, and Sheltered Instruction Observation Protocol (SIOP) strategies. SIOP is the district instructional model. Local county offices of education, district personnel, and the site principal provide professional development. SIOP training takes place during the afternoon on the Wednesday Flex Days and after students are dismissed from school. Washington School believes in professional development that is ongoing and sustainable.

In recent years and this year, the Fresno County Office of Eduaction and Tulare County Office of Education has worked with our teachers to help them understand the process of Writing and guided reading. This training happens during the school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
