Migrant students who did not meet proficiency on the previous year’s EOC and EOG assessments in ELA and/or math will be offered after school tutoring services to target their area of weakness. The migrant facilitator will send a list of all MEP students to the schools to ensure all MEP students are also offered summer school services. Any students not being successful due to limited English proficiency will have access to Rosetta Stone and Imagine Learning to help close the language gap. The migrant facilitator will maintain close contact with migrant parents and provide interpretation when needed. She will also compare the Migrant Participant Reports (MPR) and New Participant Rosters (NPR) to the tutor’s schedule each month to ensure that all migrant needs are met in core academic content areas. Monthly MPRs and NPRs will be distributed to the food nutrition director and SIS coordinator. The migrant facilitator will ensure that each school has pre- and post-data to monitor the migrant students’ progress. EOC and EOG data will be compared to non-migrant data to help identify any possible gaps. Migrant progress will be discussed with the local PAC, and the members will be involved in the decision-making process concerning migrant student needs and funding. The migrant tutor and migrant facilitator will disaggregate the PFS report to prioritize services first to PFS students and then to non-PFS students. Supplemental, pull-out and/or push-in tutoring services will be provided for core academic classes. Students’ progress will be monitored weekly and adjustments to the services and the tutoring schedule will be made as needed. Pre- and post-test data will be compared for PFS and non-PFS students. The migrant tutor will complete PFS forms and the migrant facilitator will maintain the PFS Student Report throughout the school year. During the summer, PFS and non-PFS</p>

If SW school consolidates funds from discretionary grant programs, the school must still carry out the activities described in the application under which the funds were awarded. \*Title IIIA- Each school receiving Title IIIA funds from the district is not required to address each of the three core areas (Supplemental LIEP, EL Focused PD and EL Parent Engagement). However, the district is responsible for ensuring that all three areas are being addressed through both district and school initiatives. Therefore, it is possible that a school could submit the Intent and Purpose form that only addresses one area but the district collectively is meeting the intent and purpose. For the purpose of the sample Intent and Purpose form, all three areas are addressed in order to provide examples for each one.

\*Title IVA- Each school receiving Title IVA funds from the district is not required to address each of the three core areas (Well-Rounded, Safe and Healthy, and Effective Use of Technology). However, the district is responsible for ensuring that all three areas are being addressed through both district and school

initiatives. Therefore, it is possible that a school could submit the Intent and Purpose form that only addresses one area but the district collectively is meeting the intent and purpose. For the purpose of the sample Intent and Purpose form, all three areas are addressed in order to provide examples for each one.

\*\*IDEA Intent and Purpose Definition: IDEA funds are used to pay the excess costs of providing special education and related services for children with disabilities {34 CFR 300.202(a)(2)}. Children with disabilities in a schoolwide program school must receive services in accordance with a properly developed individualized education program (IEP); and be afforded all of the rights and services guaranteed to children with disabilities and their parents under the IDEA including the provision of a free and appropriate education (FAPE).
