1.1 Family and Stakeholder Engagement

- *The SWP/SIP should be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.*
- *The SWP/SIP shall be available to the district, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.*
- *Each school are required to meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.*

Describe how the school prepared a diverse group of families/parent leaders (including parents of English Learners and student with disabilities) to provide input on the development and evaluation of the schoolwide plan by offering or connecting families/parents to training on analyzing data or curriculum and assessments:

- Parents are involved in taking our school wide Family-School Relationships Survey in the spring.
- Parents are members of our School Wide Planning team and, therefore, their input was used in the design of the Schoolwide Plan in July.
- The Schoolwide Plan will be communicated to our parents and stakeholders via our school website. We will also include a survey allowing parents to provide feedback on the SWP once it is posted in August.
- The Schoolwide Planning team, including parents and community members, will meet in January to review and evaluate the School Wide Plan.
- Parents/guardians make educational decisions for their students by advocating for their needs by maintaining open communication with teachers and administration.
- Open House is held at the beginning of the school year either in person or virtually. Parents will be presented with the Schoolwide Plan and have the opportunity to provide feedback.
- The Stakeholders meeting held in July will involve all stakeholders as we discuss the effectiveness rating of last year's plan and the comprehensive needs assessment for the coming year.

Provide examples of changes made to the schoolwide plan based on input from families/parents:

None at this time.

Describe how parents and community stakeholders are included as decision makers in a broad spectrum of school decisions:

- Surveys are used to gain feedback from the parents and community leaders when needed regarding upcoming school decisions.
- Teacher Parent Conferences take place when either the parent or the teacher have a concern. The concern may be regarding academics or behavior.
- Open House is held at the beginning of the school year either in person or virtually. This offers parents a chance to meet their child’s teachers.
- Parent Teacher Conferences are held at the parent or the teacher’s request. This helps keep parents informed of their student’s progress.
- WolfPack Pals Meetings –general meetings to make decisions concerning school needs and are held a minimum of three times per year. All families and community stakeholders are invited to attend.
- Parent Panorama Survey data is analyzed and then used as guidance for making a broad spectrum of school decisions.

Describe how the school communicates information to parents regarding the strategies and activities in the SWP, curriculum, assessments, student progress, etc.:

- Robo-Calls, emails and text messages are sent out by the principal and assistant principal to keep parents informed of school events.
- The school website and Facebook page provide information pertaining to upcoming events and other happenings at the school.
- Report cards are sent home every nine weeks to keep parents informed of progress.
- Oncourse Connect is a way for parents to keep track of their child’s grades and progress electronically.
- Open House is held at the beginning of the school year either in person or virtually. This offers parents a chance to meet their child’s teachers.
- Parent Teacher Conferences are held at the parent or the teacher’s request. This helps keep parents informed of their student’s progress.
- Positive contact phone calls/emails will be made by the teachers once a semester.

Translation Services:

- Schools should ensure that all staff communicate with LEP families in a language they can understand and notify LEP families of any program, service, or activity communicated to English-speaking families, to the extent practicable.

(Title VI of the Civil Rights Act of 1964)

- Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference with a translator arranged.
- Translator APP will be utilized

Describe specific evidenced based strategies/activities to assist parents and families by offering or connecting families/parents to training on analyzing data or curriculum and assessments. For example, include activities that provide information on state academic standards, state and local assessments, and how to monitor a child’s progress. Also, describe activities that provide materials and training to help parents work with their children to improve academic achievement.

1.2 COMPREHENSIVE NEEDS ASSESSMENT

To ensure the schoolwide plan best serves the needs of all students, especially high need students who are failing, or are at-risk of failing, the school must conduct a comprehensive needs assessment. The results of data analysis must guide strategies to improve academic performance and close achievement gaps.

- **Provide outcomes of the school’s comprehensive needs assessment, as well as a description of the data sources used in the process. Finding should include detailed analysis of all student subgroups; an examination of student, teacher, school, and community strengths and needs; a summary of priorities that will be addressed in the schoolwide plan.**
and
- **Use the Comprehensive Needs Assessment to develop a comprehensive plan for the entire school. Take into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.**

NARRATIVE SUMMARY OF COMPREHENSIVE NEEDS ASSESSMENT FINDINGS

Summarize the results and conclusions from the comprehensive needs assessment, including the school-level results for applicable data points listed under critical goals in Believe to Achieve: Educational Priorities, e.g. percentage of students on or above grade level in literacy by subgroup.

Narrative Summary from Comprehensive Needs Assessment:

Loranger Middle School has a population of 586 students in grades 5th - 8th. Our student population is 62.12% White/ Non Hispanic, 33.89% Black and 6.83% Hispanic and .17% Asian. We have 39.59% in the Free/Reduced lunch program. Loranger has a Special Education population of 12.12% and a 504 population of 10.58%. 39.59% of our students are Economically Disadvantaged. After analyzing 2021-2022 LEAP Scores for Loranger’s Academic and Subgroup data, here are the findings. In the 2020-2021 school year, Loranger Middle School’s Leap Assessment Index went from 46.6 to 50.2 in the 2021-2022 school year. This data shows an increase of 3.6 points. In the 2020-2021 school year, the ELA Assessment Index went from 59.6 to 68.8 in the 2021-2022 school year. This data shows an increase of 9.2 points. In the 2020-2021 school year, the Math Assessment Index went from 36.2 to 40.1 in the 2021-2022 school year. This data shows an increase of 3.9 points. In the 2020-2021 school year, the Science Assessment Index went from 43.8 to 43.3 in the 2021-2022 school year. This data shows a decrease of .5 points. In the 2020-2021 school year, the Social Studies Assessment Index went from 43.8 to 39.7 in the 2021-2022 school year. This data shows a decrease of 4.1 points.

PRIORITIES IDENTIFIED IN THE COMPREHENSIVE NEEDS ASSESSMENT RESULTS

1. Strengthen student academic engagement.
2. Strengthen student performance regarding science and social studies on both state assessments and district checkpoints.

3. Build stronger, respectful relationships within the school community.
4. Strengthen students' mathematical application skills and ELA writing skills.
5. Help all students feel valued and heard by faculty and staff.

DATA SOURCES- List all Data sources analyzed in the Comprehensive Needs Assessment (see instructions in Title I Crate Section 2): **Panorama Survey, LEAP 2025 data from 2021-2022, LEAP 360 Interim 1 and 2 from the 2021-2022 school year, District Checkpoints, Discipline Data, and the Curriculum Implementation scale.**

SCHOOLWIDE PLAN GOALS

- *Goals - Specific, Measurable, Achievable, Results-focused, and Time-bound*
- *Academic Goals Aligned to the Most Current School Data Analysis*
- *Must Include Subgroup (s) Goal (s)*
- *Aligned to District Goals*

1. The School Performance Score (SPS) will increase by 3 points in the 2022-2023 school year.
2. Math Assessment Index will increase by 3 points in the 2022-2023 school year on the LEAP 2025 Assessment.
3. ELA Assessment Index will increase by 3 points in the 2022-2023 school year on the LEAP 2025 Assessment.
4. Decrease the out of school suspension rate from 26% (2021-2022).
5. The subgroup of Students with Disabilities will grow from less than 5% Mastery and above to at least 8% Mastery and above on the LEAP 2025 in the 2022-2023 school year.
6. The Social Studies Assessment index will increase by 3 points in the 2022-2023 school year on the LEAP 2025 Assessment.
7. Science Assessment index will increase by 3 points in the 2022-2023 school year on the LEAP 2025 Assessment.

1.3 STRATEGIES FOR IMPROVEMENT

Provide a description of schoolwide strategies that the school is implementing to:

1. Use methods and instructional strategies that strengthen the academic program in the school
2. Increase the amount and quality of learning time
3. Help provide an enriched and accelerated curriculum, which may include programs, activities and courses necessary to provide a well-rounded education
4. Include interventions and strategies to increase student achievement in underperforming subgroups.

Be sure to address all four strategies and identify the Believe to Achieve: Educational Priorities the school will target.

BELIEVE TO ACHIEVE: EDUCATIONAL PRIORITIES

A school implementing a schoolwide model should align schoolwide plan strategies to Believe to Achieve: Educational Priorities, analyzing school-level data in comparison to state-level data to drive the process and track performance. The educational priorities include the following:

1. Ensure every student is on track to a professional career, college degree, or service.
2. Remove barriers and create equitable, inclusive learning experiences for all children.
3. Provide the highest quality teaching and learning environment
4. Develop and retain a diverse, highly effective educator workforce.
5. Cultivate high-impact systems, structures, and partnerships

1.5 STUDENT OPPORTUNITIES

Provide schoolwide improvement strategies implemented for students in preparation for and awareness of opportunities for postsecondary education and the workforce. Strategies may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (such as Advanced Placement, International Baccalaureate, dual or concurrent enrollment, or early college access) and address applicable **Believe to Achieve: Educational Priorities**.

LMS offers the following programs:

- Quest for Success
- Computer Technology Literacy
- Band
- PE
- Health
- Algebra 1
- Introduction to Business Computer Application
- Enrichment/Art
- Related services such as Speech, Occupational Therapy, Physical Therapy, Adaptive PE, Assistive Technology
- RKM counseling services
- Talented Art and Theater: Students who show an aptitude in either art or drama, are given the opportunity to be a part of Talented Art and Theater classes. These classes meet during the school day and allow students the chance to excel in these areas.
- Beyond Classes: Those students who score a certain percentile on their LEAP tests can apply for Beyond Classes. These classes are offered during the school day in ELA.

1.6 MULTI-TIRED SYSTEMS of SUPPORT (MTSS) for BEHAVIOR

Describe the school's implementation of a multi-tiered system of support to prevent and address problem behavior as noted in Believe to Achieesssve: Educational Priorities, including coordinated early intervening services (CEIS) under the Individuals with Disabilities Act (IDEA), if applicable.

<p>Strategies Used to Prevent and Address Problem Behavior:</p> <ul style="list-style-type: none"> ● PBIS Program – PBIS celebrations reinforce positive behavior, and all students are invited to attend. 4. Regular Monitoring and SWP Revision

- *The SWP remains in effect for the duration of the school year. The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the state’s annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the state’s academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SWP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subgroups:

- The SWP Committee meets twice during the school year to measure the results of the effectiveness of school programs. We use the results to plan for the next school year. The committee analyzes school data to determine areas of strengths and weaknesses in school performance, primarily focusing on the goals. The committee sets a plan of action to help strengthen the areas of weakness. The committee members, in turn, seek input from their respective grade or subject area colleagues during their weekly PLC meeting.
- The school wide plan is monitored and revised during leadership meetings to make necessary adjustments to increase student learning. The committee analyzes multiple types of data including, but not limited to: student learning targets, classroom assessments, LEAP 360 data, statewide assessment data, including LEAP Connect, demographic data, and surveys.

Describe how and when the SWP Committee will meet and discuss school programs implemented, as outlined in the SWP, to determine effectiveness and to assist in planning for the upcoming school year:

- The Stakeholder committee meeting will meet in July 2023 to determine the effectiveness of the School Wide Plan goals.

Describe how and when the evaluation results of the SWP are reported to the school’s stakeholders (faculty, staff, parents/families, and community members):

- The results are reported to the school stakeholders in the following ways:
 - Faculty Meeting held in August
 - Open House held in September
 - The School Wide Plan will be posted on the school’s website

SCHOOL ASSURANCES

I certify that this schoolwide plan was designed to improve student achievement with input from all stakeholders.

I assure that the school-level personnel, including stakeholder representatives responsible for implementation of this plan, have collaborated in the writing of the plan.

I hereby certify that this plan has all of the following components:

- Evidence of the use of a comprehensive needs assessment
- Measurable goals
- Parent and family engagement activities aligned with assessed needs
- Evidence-based methods, strategies, and activities that guide curriculum content, instruction, and assessment
- Plans for transitioning incoming and outgoing students in the school community
- Professional development aligned with assessed needs and strategies to attract and keep high quality teachers
- Coordination and integration of federal, state, and local resources, services, and programs
- Evaluation plan that includes methods to measure progress of implementation and effectiveness of strategies and programs
- An schoolwide action plan with timelines and specific activities for implementing the above criteria

I further certify that the information contained in this assurance is true and correct to the best of my knowledge.
