

Chickamauga City School District

2022-2023 Mitigation Measures

Although the incidences of COVID-19 have been greatly minimized for an extended period of time, the following procedures are in place for each phase. Hopefully, we can and will remain in phase 1.

Phase 1: No to Low Spread

- Enhanced cleaning protocols
- Face-to-Face instruction
- Limited visitors
- Cafeteria safety protocols
- Limited field trips
- Modified quarantined procedures

Phase 2: Minimal to Moderate Spread

- Continue enhanced cleaning protocols and additional cleaning of high touch areas
- Continue face-to-face instruction, with distancing as possible
- Field trips limited to competitive events
- No large group assemblies
- No visitors (unless needed for student services/instruction, and must be principal approved)
- Classrooms may move to remote learning temporarily
- Modified quarantine procedures may be suspended

Phase 3: Substantial Spread

- Move to remote learning options

*If remote learning occurs, students in grades 6-12 are expected to log in on the Microsoft Teams platform and attend class each day **AT THE REGULAR CLASS TIME**. Attendance/grades will be taken. Elementary students will be given instructions if it is necessary to change their schedule. We will return to in-person instruction as soon as possible.*
