## **Keene High School Needs Assessment**

The Campus Improvement Plan for the 2021-2022 school year was developed by the SBDM, Department heads, and campus wide sub-committees. The subcommittees collected data in the following areas: academic achievement, technology, safety and student discipline, faculty and staff, special programs, EOC and other assessments, and CTE programs. Committee members collected information from teachers, PBMAS/RDA reports, counselors, administrators, State Accountability reports, parents, community members and students. Once the information was culminated the committee concluded the following:

## **Keene High School Comprehensive Needs Analysis 2021-2022**

### **A. Academic Performance**

#### **Campus Strengths**

- Met campus standards in all areas.
- Distinction Earned in Mathematics, Science and Postsecondary Readiness

#### **Student Performance Needs**

- Teachers continue staff development and data analysis regarding EOC/TELPAS to help accelerate the instruction of our at-risk population.
- Teachers continue staff development and data analysis regarding EOC/TELPAS to help accelerate the instruction of our ELL and SPED populations.
- Continue implementation of the three-tiered intervention model to accelerate students that are below grade level and to decrease special education referrals.
- Address areas of weakness with Language Arts EOC testing.
- Address areas of weaknesses by group performance through data analysis – LEP, economically disadvantaged, Asian Pacific Islander, African American and special education.
- Address college readiness including endorsements, dual credit enrollment and TSI/ACT/SAT performance for all subgroups.

#### **Funding Strengths**

KHS used local, state, and federal funding to reduce class sizes and provide additional supplemental, research-based instruction to raise student achievement campus-wide in math, science, reading/ELA, and writing.

#### **Funding Needs**

- Campus committees will plan and document funding uses and sources in campus improvement plans, especially in SCE, Title, and CTE monies.

### **B. Attendance**

#### **Attendance Needs**

- Attendance drives school funding. Our average daily attendance was 93.63% in 2020-2021 as opposed to 95.8% the year before.
- Continue to evaluate the effectiveness of attendance incentives.
- Continue to engage parents as partners in school attendance.
- Continue to use attendance personnel to enforce state attendance laws.
- Every Minute Matters Attendance Program reinstituted
  - Communication via door hangers and letters

## **Curriculum Strengths**

KHS uses a wide variety of research-based programs, structures, and strategies to meet the needs of a diverse student population. The campus continues to participate in RTI initiatives. A campus-wide benchmarking system of common assessments will continue using DMAC software to help teachers disaggregate and adjust curriculum to identified student needs and will implement the Lead4Ward and TEKS Resource assessment tools to create authentic assessment aligned with state standards.

## **Curriculum Needs**

- Continue horizontal and vertical alignment of campus curriculum.
- Address advanced and accelerated curriculum in lesson planning documents to meet the needs of all student groups including at risk, ELL, and gifted and talented.
- Continue full inclusion with special education teachers co-teaching in the content
- Increase the number of Distinguished Foundation Graduation Plans with an endorsement.

## **C. Technology**

### **Technology Strengths**

KHS has a solid infrastructure for technology. In addition, a variety of media is being utilized district-wide to communicate, interact, and collaborate including email, websites, webcasts, social media, Google Suite and curriculum based interactive programs. Creating the Keene Broadcasting Team has allowed for our students to have a voice in the school and allow them hands on experience in the field of technology and creating the Broadcasting Team have allowed our teachers to encourage their peers to try new things and continue the IGNITE vision.

### **Technology Needs**

- Use of DMAC and Lead4Ward to disaggregate testing data, complete personal graduation plans, and create assessments.
- Increase staff development opportunities focused on technology in the classroom.
- Continue striving for new and better forms of communication with stakeholders.
- Student involvement in planning of technology needs

## **D. Safe environment**

### **Safe and Healthy Environment Strengths**

- Teachers and staff, under the leadership of the special programs director, school nurse, and food services supervisor, will continue implementation of the District Wellness Plan through the District's School Health Advisory Council (SHAC).
- Activities and curriculum will be established that will increase student, school staff, parental, and community awareness of nutrition and physical activities to promote lifelong wellness.
- Continue increasing camera security systems on campus.

- Continue drug, alcohol, and tobacco awareness programs.

- Continue programs such as Child Advocacy Center presentation, Next Step, and StopIt.
- Continue monthly fire drills
- Continue emergency drills and SRP drills.

## **E. Parental/Family & Community Engagement**

### **Parental/Family & Community Engagement Strengths**

KHS encourages strong parental/family member engagement. Google Classroom allows for once week communication with parents/family members plus the ability to private message parents-family members and/or teachers. Classroom phone capability with voice mail continues to be a valuable tool for increased communication. KHS continues to use Parent/Student/School Compacts for all students.

### **Parental/Family & Community Engagement Needs**

- Consider ways to increase effective communication to parents-family/community of state accountability standards.
- Consider additional ways to effectively involve parents/family members in the expectations and learning of their children, especially with non-English speaking parents/family members who are not bilingual.
- Continue researching ways to increase communication to parents/family members concerning higher education applications and financial opportunities.

## **F. Staff development**

### **Staff Development Strengths**

KISD teachers are surveyed by the curriculum department yearly for staff development preferences, which indicated a need and emphasis accommodating the needs of LEP students, student centered instruction and student-centered technology. Keene ISD continues to contract with ESC 11 to provide additional staff development for teachers and administrators. In addition, KHS makes every effort to recruit and retain highly effective teachers.

### **Staff Development Needs**

- Continue efforts to ensure that 100% of all core academic subject areas teachers are highly effective.
- Continue to assist teachers in maintaining or attaining certification through alternative programs, GT, ESL, and coursework.
- Continue efforts to provide teacher requested professional development as determined by district staff development needs surveys and program evaluations.
- Continue staff development concerning state accountability requirements.
- Increase staff development concerning strategies to effectively accelerate the learning of all at risk students including English language learners (ELL), special education students, and economically disadvantaged students.

## **G. Post-Secondary**

### **Post-Secondary Strengths**

More students are taking dual credit courses and all students are encouraged to participate in distinguished graduation programs. KHS continues to offer open enrollment for all honors and AP courses. In addition, KHS continues to pay tuition for dual enrollment, vocational and college courses.

### **Post-Secondary Needs**

- Increase the number of students taking SAT/ACT and earning satisfactory scores.
- Prepare all students entering high school to graduate with a distinguished diploma with an endorsement.
- Continue to provide college/vocational information and informed curriculum choices to grades 9-12 students and parents including financial information to encourage post-secondary education.
- Continue to expand the number of students taking technical classes at Hill College and SWAU.
- Continue Odyssey for credit recovery and accelerated high school graduation.
- Explore methods to help with transportation needs for postsecondary experiences.

## **H. Retention**

KHS continues to offer summer school and Odysseyware during the school year to help students regain lost credits. In addition, tutoring is available in the morning, afternoon and during lunch daily plus mandatory tutoring during lunch as needed.

## **I. State Accountability**

## ORGANIZATION OF THE STATE COMPENSATORY EDUCATION REPORT

This report fulfills Texas State Compensatory Education requirements that an LEA analyze student academic performance, implement programs to meet the needs of students at-risk of failing the state's challenging academic standards or of dropping out of school, and evaluate the effectiveness of those programs.

The three components of the report are:

1. Evaluation of prior-year State Compensatory Education programs;
2. Needs assessment through the analysis of the criteria by which at-risk students are identified, and the performance of those students, compared to all other students, on the STAAR and STAAR End-of-Course exams; and
3. Program implementation, as documented by the current-year State Compensatory Education programs and budget.

## EVALUATION OF KEENE ISD 2018-2019 STATE COMPENSATORY EDUCATION PROGRAMS

Texas Education Code, Section 29.081 (b-3) directs LEAs to evaluate the effectiveness of accelerated instruction programs annually. Section 11.252 of the education code mandates the LEA to:

- Set measureable LEA performance objectives for all appropriate achievement indicators for all student populations, including students served by special programs;
- Include instructional methods for addressing the needs of student groups not achieving their full potential;
- Address dropout reduction; and
- Provide professional development.

**COMPARISON OF THE PERCENT OF STUDENTS AT-RISK (GRADES 3-8) STAAR  
APPROACHING GRADE LEVEL: 2018 AND 2019**

A comparison of the percent of students at-risk Approaching Grade-Level Standard on STAAR and STAAR EOC is one measure that can be used to evaluate programs for students needing accelerated instruction or interventions.

## SCE NEEDS ASSESSMENT

The needs assessment section of this report focuses on the number of students at-risk and the performance of students at-risk and not-at-risk on the STAAR and STAAR End-of-Course assessments.

Texas Education Code Section 11.252 (a)(1) requires LEAs to conduct a Comprehensive Needs Assessment focused on district student performance on achievement indicators and other appropriate measures of performance, disaggregated by all student groups served by the LEA, including populations served by special programs, such as State Compensatory Education.

**KEENE ISD STUDENTS AND AT-RISK BY CAMPUS: 2019-2020**

<b>Campus</b>	<b>Total Enrollment</b>	<b>Number At-Risk</b>	<b>% of Campus Enrollment</b>	<b>Number of Incidences of At-Risk</b>
<b>Elementary</b>	503	228	45%	236
<b>Junior High</b>	261	125	48%	190
<b>High School</b>	326	113	35%	204
<b>Alternative Campus</b>	10	10	100%	16

There may be a higher number of incidences of at-risk criteria on a campus or in a district than there are at-risk students. This is due to the fact that a single student may have been identified with more than one at-risk criteria. For example, a student may fail STAAR and be identified as being limited English-proficient.

## **APPROXIMATE LONGITUDINAL ASSESSMENT DATA: (GRADES 3-5 AND GRADES 6-8): 2017-2019**

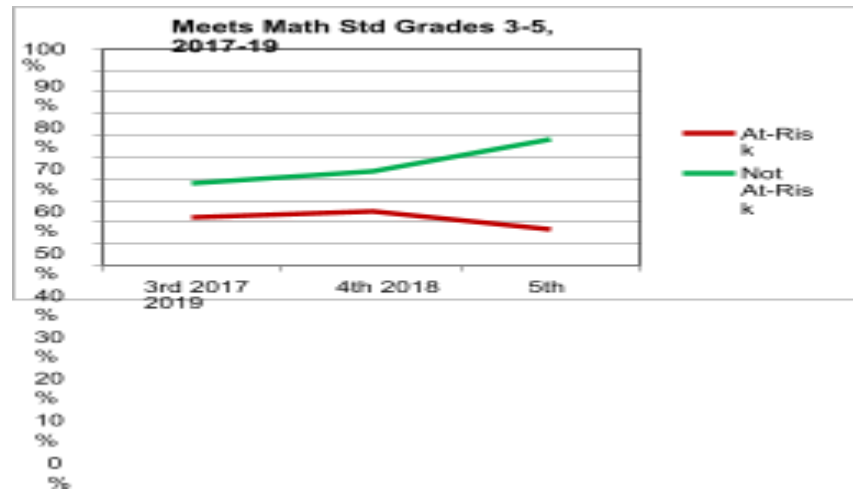

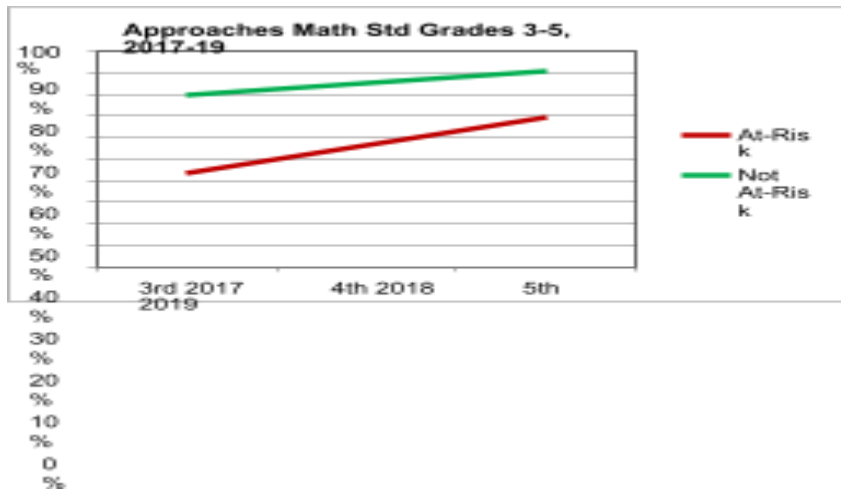

In the Texas Assessment Management System, TEA defines a student approaching grade level as one who shows some knowledge of course content but may be missing critical elements, and the student may need additional support in the coming year. A student who meets grade level shows strong knowledge of course content is prepared to progress to the next grade.

The tables below shows the percent of Keene ISD students “approaching” and “meeting” STAAR grade-level standards in grades 3-5 and grades 6 - 8 Reading and Math, Spring 2019 assessment.

## DESCRIPTION OF KEENE ISD 2019-2020 STATE COMPENSATORY EDUCATION PROGRAMS

### KEENE ISD SCE PROGRAMS 2019-2020

SCE funds are expended to provide programs and services that supplement the regular education program at Keene ISD. The programs are to be evidence-based. The documentation demonstrates that all direct instructional costs relate specifically to the SCE program and that the programs are efficient and cost-effective.

The district also documents how SCE-funded programs are expected to increase academic achievement of students at-risk and/or reduce the dropout rate.

Students who demonstrate sustained success in mastering the success criteria defined in the summative evaluation for the SCE program and/or service to which they have been assigned are exited from the program and/or service upon the recommendation of their teacher(s).

Based on the evaluation of prior-year programs and the Comprehensive Needs Assessment, Keene ISD has implemented the following programs for 2019-2020.
