

## **SUBJECT: COMMITTEES OF THE BOARD**

The Board and/or the President of the Board may at its discretion establish committees for the purpose of undertaking a specific task in connection with Board activity. These committees, however, cannot make legal decisions for the entire Board.

At the request of the Board, the President shall appoint temporary committees consisting of less than a quorum of the full membership for special purposes. These committees shall be discharged on the completion of their assignment. The President of the Board shall be an ex-officio member of such committees.

The Board of Education recognizes that it may be necessary from time to time to authorize advisory committees for the purpose of enlisting opinions and counsel of the general public. Such committees shall be appointed by the Board of Education. The Board has the right to accept, reject or modify all or any part of a committee recommendation.

### **Board Member Participation on Committees**

The Board of Education, under the direction of the Board President, will determine participation of board members on district committees and local community organization committees such as the Monroe County School Boards Association. The Board of Education representative on these committees will update the full Board of Education on committee issues as appropriate.

The following is a list of standing committees that the Board participates on. This list is not meant to be all-inclusive nor binding except where governed by law or negotiated contract.
