## **National Honor Societies**

### **National Honor Society**

The National Honor Society (NHS) is the nation's premier organization established to recognize outstanding high school students. More than just an honor roll, NHS serves to recognize those students who have demonstrated excellence in the areas of scholarship, service, leadership, and character. Four main purposes have guided chapters of NHS from the beginning: to create enthusiasm for scholarship; to stimulate a desire to render service; to promote leadership, and to develop character in the students of secondary schools. These purposes also translate into the criteria used for membership selection in each local chapter. Students with a strong academic record and passion for service are encouraged to apply during their junior or senior year.

### **National English Honor Society**

The National English Honor Society (NEHS), founded and sponsored by Sigma Tau Delta, is the only international organization exclusively for secondary students and faculty who, in the field of English, merit special note for past and current accomplishments. Immediate benefits of affiliation include academic recognition, scholarship and award eligibility, and opportunities for networking with others who share enthusiasm for, and accomplishment in, the language arts.

### **“Mu Alpha Theta” Math Honor Society**

Mu Alpha Theta is the National Math Honor Society dedicated to inspiring a keen interest in mathematics, developing strong scholarship in the subject, and promoting the enjoyment of mathematics among high school students. The primary goals of Mu Alpha Theta are to promote the practice and enthusiasm of mathematics in two-year colleges and high schools, to encourage more students to join the field, and to develop a deep understanding of the subject overall.
