

## **SUBJECT: REGIONAL SUMMER SCHOOL ATTENDANCE**

During the school year the home district awards course credit based on criteria that includes certain attendance requirements. As a result, each school district applies its own attendance requirements necessary for receipt of course credit. However, during the Regional Summer School program all districts participating in the BOCES 2 program agree that BOCES 2 requirements of attendance governs, not the home districts. This means after a certain number of absences the student will be dropped from the Regional Summer School program jeopardizing the receipt of course credit. However, the home school district reserves the right to make an exception to the minimum requirement below based on extenuating circumstances. The following is the minimum attendance requirement for the Regional Summer School program, and a student will be considered in attendance if:

- (a) Physically present in the classroom or working under the direction of the classroom teacher;
- (b) Working pursuant to an approved independent student program; or
- (c) Receiving approved alternate instruction.

Students are expected to attend all classes. Any student who exceeds three (3) unexcused absences, will be dropped from enrollment and no course credit will be awarded. An excused absence, where student successfully makes up work, will not affect the receipt of course credit but will still be recorded as an absence.
