Introduction

The District expects, encourages, and trusts our students to be safe and make healthy decisions regarding their behavior. When students make poor decisions, there may be interventions and responses to those actions that are age appropriate, consider the student's mental capacity, and to the extent practicable, use approaches that are evident through research to be effective.

The Code of Conduct applies to students at all times while they are Beaverton School District property, at any school-sponsored activity, including field trips, and while traveling to and from school or any school sponsored event. The District recognizes that some incidents that occur off school grounds may seriously affect school safety and school climate. In those cases, the District may implement intervention and disciplinary responses based on their impact on school safety and school climate.

The District shall enforce consistently, fairly, and without bias all student conduct policies, administrative regulations, and school rules.

Mitigating circumstances may include:

1. Age
2. Self-defense
3. Lack of knowledge of rules
4. Provocation
5. Inability to reason
6. Disability

Successful disciplinary practices have the following characteristics:

1. They are explicit, reasonable, and timely.
2. They are logical, fair, consistent, and developmentally appropriate.
3. They include a variety of prevention and intervention measures.
4. They provide the opportunity for parent/family and student participation.
5. They respond to individual differences among students with insight and sensitivity.
6. They ensure the opportunity for students to obtain an education.
7. They address the needs of the student who engage in the misconduct, the needs of those who were affected by the misconduct, and the needs of the overall school community.

Beaverton School District does not discriminate in any programs or activities on any basis protected by law, including but not limited to, an individual's actual or perceived race, color, religion, sex, sexual orientation, gender identity, gender expression, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veteran status, or because of a perceived or actual association with any other persons within these protected classes.

The district prohibits discrimination and harassment in, but not limited to, employment, assignment and promotion of personnel; educational opportunities and services offered students; student assignment to schools and classes; student discipline; location and use of facilities; educational offerings and materials; and accommodating the public at public meetings. See Policy AC Nondiscrimination.

District meeting locations are accessible to persons with disabilities. A request for an interpreter for the hearing impaired, or for other accommodations for persons with disabilities, should be made at least 48 hours in advance of the meeting.

Philosophy

The Beaverton School District is committed to partnering with parents, guardians, families and other members of our school communities to provide safe and effective learning environments where all students experience success. The district believes that student, parent, family and community engagement are critical to building connections, uplifting understanding and truly valuing the diversity of our school communities. The Beaverton School District strives to develop and implement policies and procedures that will:

- Assure that students have a safe and respectful learning environment and are treated in a fair, consistent and non-discriminatory manner.
- Engage parents in building authentic partnerships that ensure parental confidence in the ability of every school to provide a safe and inclusive climate.
- Help administrators, teachers and other school personnel provide effective teaching and learning environments.

A safe and supportive school depends upon the efforts of all members of the school community—students, teachers, administrators, staff members, parents/guardians/families and others—to treat each other with mutual respect. This handbook details the expectations, responsibilities and rights of all members of our school communities including students, teachers, staff, administrators, parents/guardians/families and community members. The intent of this resource handbook is to build partnerships with parents, guardians, families and students to ensure positive school experiences for all students.

Students, parents, and school staff all have a role in making schools safe and must work together to achieve the goal. All members of the school community must know and understand the expectations of students as well as themselves to create safe learning communities. Parents and families are vital to the success of the school. They have knowledge about the cultural backgrounds of our students that is essential to building student-centered learning environments that will enable students to succeed. Parents and families can also enhance the learning process at home, encourage and model safe and respectful behaviors, help their children understand how an education can help their lifelong success and ensure their children attend school regularly. Parents and families are welcomed

and encouraged to confer with teachers to find out how their children are progressing. It is our belief that parents and families play a critical role in ensuring a high-quality education for their children.

Teachers and all other school personnel should treat all students with the same respect and consideration that they expect from students. Teachers need to teach and model a consistent set of behavioral expectations that lead to successful learning experiences. Teachers should communicate with parents/guardians about school activities, positive accomplishments and any concerns they might have and the ways in which parents and families can help their children succeed in school.

Administrators have the responsibility for assuring that the educational needs of students are met and that all members of the school community treat each and every student with respect, dignity and affirmation. They should clearly state their belief to students, parents, families, and staff that school is a safe and inclusive place for high-quality teaching and learning. They should clearly communicate discipline policies that promote the development of a safe and positive school culture.

If students, parents, families, school personnel and community members, work collaboratively and creatively to develop and maintain a safe, respectful and inclusive environment – if students work hard and aim high – if parents and families provide support and encouragement – if school personnel build meaningful relationships with students, provide quality instructional programs, and demonstrate a strong commitment to high standards – then excellence can be achieved in the Beaverton School District.

Levels of Intervention and Disciplinary Response

Each level of intervention and discipline in this section may include the strategies described below, but is not in any way limited to those strategies or options that are specifically listed. School personnel have the discretion to use interventions and/or discipline that is deemed appropriate to the conduct.

LEVEL 1

Classroom Interventions and responses. Quality classroom instruction and management result in increased student engagement and decreased behavioral issues. These interventions aim to teach correct, alternative behavior so students can learn and demonstrate safe and respectful behavior. Teachers are encouraged to try a variety of teaching and classroom management strategies and/or participation in restorative conferences.

School-Based Interventions. These interventions often involve support staff, both school-based and within the broader community, and aim to engage the student’s support system to ensure successful learning and consistency of interventions and to change the conditions that contribute to the student’s inappropriate or disruptive behavior. Facilitated restorative conferences are encouraged.

LEVEL 2

Intensive support and administrative staff interventions and responses. These interventions should involve the school administration and aim to correct behavior by keeping the student in school. Facilitated restorative conferences are encouraged as an intervention.

Use of the Tier 2 Behavioral Health and Wellness school-based multidisciplinary teams for consultation, recommendations and interventions is encouraged.

Use of the Student Threat Assessment (STAT) or Sexual Incident Response Protocol (SIRP) as needed.

LEVEL 3

Suspension and referral responses. These interventions may involve the removal of a student from the school environment because of the severity of the behavior. The duration of the suspension, if issued, is to be limited as much as possible while still adequately addressing the behavior.

Use of the Tier 2 Behavioral Health and Wellness school-based multidisciplinary teams for consultations, recommendations, and interventions is encouraged.

Use of the Student Threat Assessment (STAT) or Sexual Incident Response Protocol (SIRP) as needed.

LEVEL 4

Extended suspension and referral responses. These interventions involve the removal of a student from the school environment because of the severity of the behavior. They may involve the placement of the student in an alternative environment that provides additional structure to address behavior. These interventions focus on maintaining the safety of the school community and ending self-destructive and dangerous behavior.

Use of a multidisciplinary team at the district/school level, whether through Student Threat Assessment, Sexual Incident Response Protocol or the preventative staffing multidisciplinary team.

Suspension/Expulsion Process

a. Suspension Process

Suspension (in or out of school) temporarily removes from a student the right of attending school or school activities and/or being on District school property. After reviewing available information, suspensions may be made by the principal, or assistant principal with the approval of the principal. The length of the suspension shall be determined by the severity of the act and previous behavior of the student.

The suspending administrator may postpone these procedures if there is a risk that harm will occur if the suspension does not take place immediately. In all cases when a student is being suspended, an administrator will notify the parent/guardian by letter and, when possible, by telephone, and the procedure for reinstatement will be explained.

When a student is suspended from school for four (4) days up to ten (10) days, they may appeal the suspension. Appeals must be submitted in writing within two (2) school days from the decision to suspend. Appeals must be made in writing and submitted to the Deputy Superintendent for Teaching and Learning and include the entire basis for the appeal. The Deputy Superintendent or his/her designee will issue a response in writing within three (3) school days after receipt of the appeal. **Suspensions of less than four days are not appealable.**

The period of suspension is not to exceed a maximum of ten (10) school days. In specific circumstances, a suspension may be continued until some specific pending action occurs such as physical or mental examination or incarceration by court action.

The use of out-of-school suspension or expulsion for discipline of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the suspension or expulsion is required by law.

b. Expulsion Process

Expulsion is the termination of the student's right to attend school, school activities, and/or be on any School District property for a substantial period not to extend beyond one calendar year. Students may be expelled for any of the following circumstances:

- a. *when a student's conduct poses a threat to the health or safety of students or employees;*
- b. *when other strategies to change the student's behavior have been ineffective; or*
- c. *when required by law.*

Expulsions shall be recommended only by the school principal to the appropriate Executive Administrator. District procedures provide for written notification to the student's parents, identification of alternative education options (in appropriate circumstances), and information concerning the right to an expulsion hearing. In case the parent or student have difficulty understanding the English language or have other serious communication difficulties, the District will provide an interpreter. The student will be suspended by the principal pending expulsion. The Administrator's decision, or if a hearing has been requested, the decision by the hearing's officer, will be communicated to the Executive Administrator. If the student and/or parent believe there has been a violation of due process, they may appeal the decision to the School Board.

In cases where the student brings a firearm or dangerous weapon to school or is in possession of a firearm or dangerous weapon at school, the expulsion period will be no less than one calendar year in length unless a modification is warranted.

In cases where students are being recommended for expulsion for violations of the following codes, a Safety Plan and STAT / SIRP paperwork must be submitted to the Executive Administrator as part of the Expulsion Packet.

- **Code 3** — Assault
- **Code 5** — Bullying / Harassment / Hazing
- **Code 13** — Fighting
- **Code 14** — Fire Setting / Attempted Fire Setting / Fire Play
- **Code 15** — Fire Tools / Ignition Sources
- **Code 23** — Secret Societies / Gangs
- **Code 24** — Sexual Harassment

- **Code 28** — Threats / Menacing / Hate Lists
- **Code 33** — Weapons: Dangerous or Deadly, other than Firearms, Knives, and Explosive Devices
- **Code 34** — Weapons: Explosive Device
- **Code 35** — Weapons: Firearms
- **Code 36** — Weapons: Knives and Look-alike Knives
- **Code 37** — Weapons: Look-alike Explosive Devices, Firearms, or Other Dangerous or Deadly Weapons
- **Code 38** — Weapons: Others

Alcohol and/or Dangerous Drugs

Use, Possession and/or Intent to Possess

Students who possess or take affirmative action to possess drug paraphernalia and/or use, possess or take affirmative action to possess or are under the influence of dangerous drugs and/or alcohol at school, while traveling to and from school, at school sponsored events, while at other schools in the district, and while off campus whenever such conduct has a direct effect on the discipline or general welfare of the school, are subject to immediate suspension and/or expulsion. The student is also subject to additional educational programs and obligations established by the District.

First or Second Incident

The principal or assistant principal shall:

1. Notify and request a conference with the parents/guardians of the student.
2. Following the disciplinary conference with the student and their parent/guardian, a school may suspend the student for the violation of the district rules for up to ten (10) school days.
3. Turn over all drug-related evidence to the appropriate law enforcement agency.
4. Inform the student and family about Beaverton School District resources related to substance use assessment.

5. Refer the student to the Substance Use Specialist to discuss restorative options, family supports and other student interventions.

Subsequent Incidents

The principal or assistant principal shall:

1. Notify and request a conference with parents/guardians of the student.
2. Following the disciplinary conference with the student and their parent/guardian, a school shall consider either a suspension of the student for the violation of district rules for up to ten (10) school days or make a recommendation to expel the student up to the full extent of the law.
3. Turn over all drug-related evidence to the appropriate law enforcement agency.
4. Require that for a student to be readmitted into the district educational programs, a substance use evaluation appointment be scheduled with an approved third party, off campus provider at the district's expense. The results of the evaluation and/or plan for treatment, if required, must be submitted to the principal or designee. The student and parents/guardians must agree to fulfill the recommendation of the evaluator and submit necessary progress reports to the principal or designee.

If the evaluation does not recommend treatment upon re-admittance into school, a student shall engage in the Beaverton School District approved intervention program.

If treatment for substance use is recommended and the student fulfills the treatment plan until they are exited from treatment by the provider, they are not required to attend the Beaverton School District approved intervention program. If the student does not fulfill the recommended treatment for substance use, the student is required to attend the Beaverton School District approved intervention program.

5. Refer the student to the school Behavioral Health and Wellness (BH&W) team to discuss restorative options, family supports and other student interventions.
6. A recommendation for expulsion will be made if the student either fails to attend the district's recommended intervention

within 90 school days or complete the recommended treatment.

Offenses shall be considered cumulative within the student's level. Any subsequent offense that occurs after the student has advanced between academic levels (e.g. middle school to high school) shall not be recognized by the District as a second or subsequent offense for the purpose of assigning discipline.

Selling/Distributing/Sharing

Students who share, sell, trade and/or distribute alcohol or other dangerous drugs or drug paraphernalia to other students or persons at school, while traveling to and from school, at school sponsored events, while at other schools in the District, and while off campus whenever such conduct has a direct effect on the discipline or general welfare of the school are subject to immediate suspension and/or expulsion. The student is also subject to additional educational programs and obligations established by the District.

First Offense

The principal or assistant principal shall:

1. Notify and request a conference with the parents/guardians of the student.
2. Suspend the student for the violation of District rules for up to ten (10) school days, pending a recommendation to expel.
3. Notify appropriate law enforcement/juvenile agency.
4. Turn over all drug related evidence to the appropriate law enforcement agency.

Require that for a student to be readmitted into the District educational programs, a substance use evaluation be performed by an approved third party, off campus, at the district's expense. The results of the evaluation, if required, must be submitted to the principal or designee. The student and parents/guardians must agree to fulfill the recommendation of the evaluator and submit necessary progress reports to the principal or designee.

If the evaluation does not recommend treatment, upon re-admittance into school, a student shall be required to attend

the Beaverton School District approved intervention program.

If treatment for substance use is recommended, the student and parents/guardians must agree to fulfill the recommendation of the evaluator. They must also agree to fulfill the treatment plan until they are exited from treatment by the provider. Those students who enter treatment for substance use are not required to enroll in the Beaverton School District approved intervention program.

A recommendation for expulsion will be made if the student who is diagnosed as "no treatment recommended" fails to attend the required Beaverton School District approved intervention program. If the student or parent/guardian refuses to permit the evaluation and any recommended substance use treatment, a recommendation for expulsion will be made to the Executive Director up to the full extent of the law.

Second Offense and/or Subsequent Offenses

The principal or assistant principal shall:

1. Notify and request a conference with parents/guardians of the student.
2. Suspend the student for the violation of the District rules for ten (10) school days pending a recommendation to expel up to the full extent of the law.
3. Notify appropriate law enforcement.

Any second offense that occurs after 36 months of a first offense shall not be recognized by the District as a second or subsequent offense.

Disciplinary Procedures: Special Education and Section 504

Special procedures must be followed if a student with a disability is suspended or expelled, and a relationship is shown between the behavior and the disability. If an expulsion hearing is requested, the student will be permitted to have a representative present at the hearing to advise and to present arguments. The representative may be an attorney or parent. The school district's attorney may be present.

Students will be afforded the right to present their version of the charges and to introduce evidence by testimony, writings or other exhibits at the expulsion hearing.

Finally, the student will be permitted to be present and to hear the evidence presented by the District.

For students with disabilities, the right to due process is extended through IDEA and Section 504 of the Rehabilitation Act of 1973.

Discipline and Placement in Interim Alternative Educational Setting

Policy Reference: JGDA/JGEA - Discipline of Disabled Students

Disciplinary Removals for Up to 10 School Days

Beaverton School District may suspend students with disabilities from their current educational placement for up to 10 school days in a school year to the same extent, and with the same notice, as for students without disabilities. The District is not required to provide services to special education students unless services are provided to students without disabilities during this time.

For drug and alcohol offenses committed by students with disabilities with IEP's, special education due process protections must be followed.

If a student with a disability under Section 504 commits a drug/alcohol offense (such as possession, sale, or distribution of drugs/alcohol), and is currently engaged in the illegal use of drugs or alcohol, a school may impose any disciplinary measures imposed on students without disabilities. No manifestation determination or other Section 504 due process procedures are required. However, if a student with a disability under Section 504 commits a drug/alcohol offense and is not currently engaged in the illegal use of drugs or alcohol, a manifestation determination and other Section 504 due process procedures are required.

Disciplinary Removals of More Than 10 School Days (Consecutive or Cumulative)

When a student is removed for disciplinary reasons, it is considered a change of placement if:

- The removal is for more than 10 CONSECUTIVE school days or;
- The removal is for more than 10 CUMULATIVE school days.

The District will provide notice of disciplinary action for a suspension or an expulsion and provide Notice of Procedural Safeguards to the parent on the date on which the decision is made to remove the student.

Manifestation Determination

A Manifestation Determination meeting must be held within 10 school days of a decision to change the student's placement because of a violation of a code of student conduct. Relevant members of the IEP team, including the parent, shall review all relevant information to determine:

- If the conduct was caused by or had a direct and substantial relationship to the student's disability; or
- If the conduct was the direct result of the District's failure to implement the student's IEP.

Yes: Manifestation

If either of the above two bulleted items is applicable to the student, the conduct shall be determined to be a manifestation of the child's disability. The IEP team shall conduct a functional behavioral assessment, unless the District has already conducted such assessment prior to the behavior that resulted in the change of placement, and implement a behavior intervention plan or, if the student already has a behavior plan, review and modify the behavior intervention plan as necessary to address the behavior. In any case, the District shall return the student to the placement from which the student was removed unless:

- The student is removed to an interim alternative educational setting for no more than 45 school days due to drugs, weapons or the infliction of serious bodily injury; or

- The parent and the District agree to a change of placement; or
- The student's placement is changed based on an IEP team decision.

No: Manifestation

If the IEP team determines that the student's behavior is NOT a manifestation of the disability, the District may proceed with disciplinary action applicable to students without disabilities, in the same manner in which it would apply to students without disabilities. The District will:

- Ensure that the special education and disciplinary records of the student are transmitted for consideration by the school personnel making the final determination regarding disciplinary action.
- Provide the services in an Interim Alternative Educational Setting, determined by the IEP team, that are necessary for the student
- to continue to participate in the general curriculum, and progress toward achieving the goals in the student's IEP.
- Ensure that the student receives, as appropriate, a functional behavioral assessment, behavior intervention services and modifications that are designed to address the behavior violation so it does not recur.
- Provide prior written notice of change of placement if the student's educational placement changes.

Removal to an Interim Alternative Educational Setting for Drugs, Weapons or the Infliction of Serious Bodily Injury

For a drug or weapon violation, or if the student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the state or district, for each incidence a student may be removed from the current educational placement to an Interim Alternative Educational Setting for the same amount of time that a student without a disability would be subject to discipline, but NOT for more than 45 school days.

Even if the IEP team determines the student's behavior is a manifestation of the student's disability, the District may continue the student's placement in interim alternative setting until the end of the 45-school day period. This removal is a change in placement.

The District will apply the definitions in **Board Policy JGDA/JGEA - Discipline of Disabled Students**.

"Serious Bodily Injury" is defined as a bodily injury that involves:

- A substantial risk of death;
- Extreme physical pain;
- Protracted and obvious disfigurement; or
- Protracted loss or impairment of the function of a bodily member, organ or mental faculty.

"Drug violation" means the use, possession, sale or solicitation of drugs at school or a school function.

"Drug" means illegal drug or controlled substance, but does not include a substance that is legally possessed or used under the supervision of a licensed health care professional or otherwise legally possessed. It does not include alcohol or tobacco.

"Weapon Violation" means carrying a weapon to school or a school-sponsored function or acquiring a weapon at school.

"Weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2-1/2" in length.

If a student is removed for a drug or weapon violation, or for inflicting serious bodily injury as defined above, the District will:

- Schedule an IEP meeting which will be convened within 10 school days;
- Provide the parent with notice of disciplinary action for a suspension or expulsion, and provide the parents with Notice of Procedural Safeguards on the date the decision is made to remove the student.
- Provide, as appropriate, a functional behavioral assessment and behavior intervention services and modifications designed to address the behavior violation so it does not reoccur.

The principal or his/her designee decides whether a student will attend an Interim Alternative Educational Setting.

Within 10 school days, the District will convene an IEP meeting to:

- Determine if the student’s behavior is a manifestation of the student’s disability;
- Review the IEP and revise it, as appropriate; and
- Determine the location of the Interim Alternative Educational Setting which will enable the student to continue to participate in the general curriculum, and enable the student to progress toward achieving the goals in the student’s IEP.

The District must send the parents prior written notice of the change of placement.

The provisions relating to Interim Alternative Education Settings do not apply to Section 504 students.

A Student’s Right to Hear His or Her Accuser

- Complaints and Accusations Made by Staff Members:** A student may hear directly from the teacher or other staff member the specific complaints or descriptions of unacceptable behavior.
- Complaints and Accusations Made by Other Students:** In recognition of the special jeopardy in which student witnesses may be placed, and considering the possible traumatic effects on a student witness of adversary proceedings, the complaining student may not be required to face the accused nor to have his/her identity revealed. When it is determined that a complaining student ought not face the accused, a school official may then become the official complainant. However, extreme care must be exercised by school officials to ensure that a student is not unjustly disciplined based on false or on hearsay evidence. Student witness anonymity may not be protected in expulsion hearings or legal proceedings involving attorneys, police officers, and/or court officials.

Denial of Admission to Regular School Program

The School District will deny admission to its regular school program to a student who is expelled from another school district and who has moved into the Beaverton School District for the length of the expulsion. The District will provide an alternative learning environment for the student.

Denial of Admission to Regular School Program and Alternative Education Program for Weapons Violations

If a resident student or a student transferring into the District is expelled for a weapons violation, pursuant to Section (6) of **ORS 339.250**, the District will deny that student admission to the school’s regular program for at least one calendar year from the date of the expulsion.

In addition, the District will not offer an alternative education program to students expelled for weapons violations pursuant to section (10) of **ORS 339.250** for at least one calendar year from the date of the expulsion subject to modifications by the Superintendent on a case-by-case basis.

Special Education Services must be provided during the expulsion period.

Required Reports to Law Enforcement and Fire Marshall

Violations of the District’s rules related to guns and dangerous weapons, assault causing severe bodily injury, and allegations of sexual assault must be reported to the police. A school official shall inform the appropriate law enforcement agencies when a student is suspected of committing other illegal acts on the school campus or at a school-sponsored activity.

When a student violates Code 14, the fire marshal at Tualatin Valley Fire and Rescue and the Public Safety Office will be contacted. The fire marshal will assess the behavior of the person in question and will provide fire safety education and/or a referral for treatment.

Evaluation and education is usually provided by the local fire service while treatment is provided by members of the Washington County Juvenile Fire Setters.

Required Reports to Public Safety Office

School administrators will notify the Public Safety Office of all incidents of guns/deadly weapons on campus, or any incidents of imminent harm. Administrators must also contact the Public Safety Office to obtain a Level 1 STAT case number.

Student Threat Assessment (STAT)

Student Threat Assessment helps identify situations that may pose a risk of violence or harm, determine the seriousness of that risk, and develop both safety and supervision strategies. Beaverton School District follows an assessment protocol based on the Salem-Kaiser Cascade Student Threat Assessment model that is comprehensive, research-based, equity-centered, trauma-informed, and student and community centered, with a goal of increasing both physical and psychological safety in school communities.

Sexual Incident Response Protocol (SIRP)

Sexual Incident Response Protocol helps identify problematic sexual behavior in schools depending on development and context, determine the level of concern for community safety, and develop both safety and supervision strategies. Beaverton School District follows an assessment protocol based on a model outlined by Wilson Kenney in Sexual Misconduct in Children that is comprehensive, equity-centered, trauma-informed, student-centered, and safety-focused.

“Harassment, intimidation or bullying” means any act that substantially interferes with a student’s educational benefits, opportunities or performance that may be based on, but not limited to, the protected class status of a person, as defined in Board Policy JFCF. Bullying and harassment is unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. It includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose. It has the effect of:

1. Physically harming a student or damaging a student’s property;
2. Knowingly placing a student in reasonable fear or physical harm to the student or damage to the student’s property;
3. Creating a hostile educational environment including interfering with the psychological well being of the student.

Bullying/Harassment includes any form of communication, written or verbal, that attacks, threatens, degrades, insults or expresses prejudice against a person or group based on their race, color, religion, sex, sexual orientation, gender identity, gender expression, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veterans’ status or because of a perceived or actual association with any other persons within these protected classes. Such forms of hate-related speech include, but are not limited to language, gestures or other actions using racial slurs; displaying, writing or wearing items; or communications on social media

“Cyberbullying” is the use of any electronic communication device to convey a message in any form (text, image, audio or video) that defames, intimidates, harasses or is otherwise intended to harm, insult or humiliate another in a deliberate, repeated or hostile and unwanted manner under a person’s true or false identity. In addition, any communication of this form which substantially disrupts or prevents a safe and positive educational environment may also be considered cyberbullying. Students will refrain from using personal communication devices or district property to harass or stalk another. Reports of bullying, as defined in the handbook, MAY be reported to the YSO of the involved school.

Hazing includes, but is not limited to, any act that recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or as a condition or precondition of attaining membership in, or affiliation with, any district-sponsored activity or grade level attainment, e.g., personal servitude, sexual stimulation/sexual assault, forced consumption of any drink, alcoholic beverage, drug or controlled substance, forced exposure to the elements, forced prolonged exclusion from social contact, sleep deprivation or any other forced activity that could adversely affect the mental or physical health or safety of a student; requires, encourages, authorizes or permits another to be subject to wearing or carrying any obscene or physically burdensome article; assigns pranks to be performed or other such activities intended to degrade or humiliate regardless of the person’s willingness to participate.

Oregon law prohibits the existence of any secret society in public school including sororities and fraternities **(ORS 339.885)**. A secret society is an organization composed of students which has an element of purpose which is concealed from the public and shared only confidentially among members of the organization. The Beaverton School District considers street gangs and similar organizations to be secret societies. Students who participate in gang-related activities at school or school functions - such as possession or display of gang-related clothing, symbols, or paraphernalia; distribution of gang literature or materials; display of gang-related posters or graffiti, signs or signals, harassment or intimidation of others; or recruitment for gang membership - will be subject to strict disciplinary measures.

The District's goal is to prevent student involvement in gang activity as outlined in the following process:

First Offense or Incident of Concern

The principal or assistant principal shall:

1. Meet with the student involved to clearly explain the behaviors of concern and determine the level of concern.
2. Inform the parent/guardian via phone or conference and share the assigned consequences if applicable.
3. Document interaction with student in the Student Information System.

Second Offense (OR confirmed gang involvement)

The principal or assistant principal shall:

1. Meet with the student involved to clearly explain the behaviors of concern, determine the level of concern, and review previous offense.

2. Determine appropriate consequences depending on the nature of the offense.
3. Schedule a conference with the parent/guardian and share the offense and assigned consequences.
4. Review the Gang Activity warning letter with the student and sign the letter with the student (copies to student, parent/guardian, principal, counselor, case manager, appropriate teachers).
5. If applicable notify appropriate law enforcement.

Third Offense (OR gang behavior that poses a safety concern or disrupts the learning environment)

The principal or assistant principal shall:

1. Meet with the student involved to clearly explain the behaviors of concern and determine the level of concern.
2. Schedule a conference with the parent/guardian and share the offense and assigned consequences.
3. Suspend the student for the violation of the district rules for up to 10 school days, with the expulsion recommendation pending.
4. If student is eligible, he/she will be placed on a Safety Contract and must comply with the requirements in lieu of expulsion (copies to student, parent/guardian, principal, counselor, case manager, appropriate teachers).
5. If applicable notify appropriate law enforcement.

The student and parent/guardian must agree to fulfill the recommendation outlined in the Safety Contract. They must also agree to the exchange of program information to the principal or designee with the program facilitator.

If the student or parent/guardian refuses to sign and agree to the requirements outlined in the Safety Contract, a recommendation for expulsion for a minimum of four (4) weeks up to the maximum allowed by law will be made.
