

Equity Meeting

Call to Order: 6:04 PM

Members Present: Mariam Khan, Kevin Shea, David Asbery, Ishnan Khan, Gary Highsmith, Erin Bailey, Linda Morbidelli

No public comment

No additions to agenda items

Information Item: Review of district communication policies

Mariam: Will be reviewing communication strategies on behalf of the administration and BOE to students. Necessary to have student representatives involved in the communications sent out.

Ishnan: Engaging students is crucial.

Gary Highsmith: Can students be texted information at a number that cannot be replied to?

Erin Bailey: Remind 101 may facilitate this.

Linda Morbidelli: Student representatives could send this or maybe a mixture of both (administration/BOE as well). Perhaps a Google Classroom page could be created?

Ishnan: It would be easier to use the existing Google Classroom pages for each of the classes.

Erin: Could maybe find a way to send messages to multiple Google Classroom pages at a time.

David: Instead of using all of these strategies, it may be easier to select a few to stick with.

Gary: May be faster to run through this through administration as opposed to a BOE vote.

Mariam: May be best to hold a listening session through the Equity committee to solicit student feedback before moving forward on the logistics. Can provide an update at the next Board of Education meeting and proceed accordingly.

6:37 PM
