International Leadership of Texas

Arlington Elementary

2022-2023 Campus Improvement Plan

Mission Statement

The mission of International Leadership of Texas is to prepare students for exceptional leadership roles in the international community by emphasizing servant leadership, mastering the English, Spanish and Chinese languages, and strengthening the body, mind and character.

Vision

The vision of Arlington K-8 is to become the premier K-8 campus in ILTexas. While focusing on the district's mission and core values, Arlington K-8 will continue to excel academically while earning campus distinctions based off the state of Texas requirements.

Demographics

Demographics Summary

International Leadership of Texas Arlington K-5 is a charter school rated as a D campus for the 2018-2019 accountability rating. There was no accountability rating in 2019-2020 or 2020-2021 In its 9th year open, the enrollment has decreased to 726 from 816 in the previous year. The grade level totals were K-116, 1st-110, 2nd- 116, 3rd 125, 4th- 127, and 5th 132. The ethnicity groups represented in K-5 are 55.79% Hispanic, 30.72% African- American, 6.06% White, 5.23% two or more races, 1.79% Asian, 0.41 % American Indian. The percentage of economically disadvantaged decreased from last year. Currently, it is at 51.38% for grades K-5. The At-Risk student group increased to 74.93 from 48.52%. The Emergent Bilingual student group is 36.64%.

Demographics Strengths

The campus is very ethnically diverse (students and staff). The enrollment has remained steady with minimal decreases. The city of Arlington has implemented an enrollment limitation on the campus, which allows for us to retain a select number of students while remaining close to the 1,206 cap for elementary and middle school.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Problem Statement 1: Analyze data and create new strategies designed to serve the students whom current instruction is not reaching. Many educators struggle with the skills to effectively analyze data and create strategies that result in student growth and close achievement gaps. **Root Cause:** Root Cause: Need for educators to analyze data and reflect on curriculum and instruction best practice strategies to ensure all student needs are being met.

Problem Statement 2 (Prioritized): Fragmented implementation of district and campus initiatives creates a lack of consistency for students and staff. **Root Cause:** Campus and district initiatives are not established in a clear, concise manner and are implemented all year long, instead of being established at the beginning of the year and allowing the initiatives to grow and develop.

Problem Statement 3 (Prioritized): Teachers and administrators believe teachers are in need of professional development in areas of effective and engaging instructional and classroom management strategies in an effort to maximize the learning time and rigor of each lesson. Follow-up observations and feedback sessions need to occur after each professional development. **Root Cause:** Professional Development for all teachers has to be targeted, effective, and ongoing throughout the year with effective feedback.

Problem Statement 4 (Prioritized): Students need additional personnel to support their learning and to increase student achievement. **Root Cause:** There are several gaps in student achievement and additional personnel are needed to close the gaps.

Problem Statement 5 (Prioritized): Struggles to keep SPED teachers when the support from the district-level is limited. **Root Cause:** No mentor program for SPED teachers. Turnover is high due to hiring teachers with limited or no experience.

Problem Statement 6 (Prioritized): The content of professional development is not always what is needed to improve teacher quality and instruction. Teachers need consistent

professional development through various avenues, like Region 10, subject area/grade level specific conferences, etc. on engaging instructional strategies and classroom management. **Root Cause:** The district aligns PD with district-wide initiatives vs. campus specific planning needs. As a campus, we are working to integrate additional professional development during PLCs, PD Days, book studies, and utilizing Region 10 opportunities.

Problem Statement 7 (Prioritized): Hands-on opportunities for parents to work with staff to learn how to use the programs that are required to improve student achievement. **Root Cause:** Parent engagement opportunities are limited.

Problem Statement 8 (Prioritized): Lack of parental involvement on campus and in the classrooms. **Root Cause:** Lack of communication of needs and planned parent's events

Problem Statement 9 (Prioritized): Low morale among faculty and staff **Root Cause:** Lack of positive team building opportunities and lack of accountability systems for faculty and staff.

Student Learning

Student Learning Summary

The ILTexas Arlington campus earned a D rating for performance that needs improvement by serving too few students well in 2018-2019. There was not a STAAR test to determine ratings for students in the 2019-2020 school year. According to 2018-2019 data, not enough students made adequate academic progress for eventual success in college, a career, or the military. The Overall rating for the school was a 63. The Student Achievement rating was a 69/D, the School Progress rating was a 70/C, and the Closing the Gaps rating was a 48/F. The campus did not receive any distinctions. For the 2018-2019 STAAR assessment, the AA student population, 2 or more races, and Econ. Disadvantaged population scored the least amongst student groups at 63% in the All Subjects category. AA student population scored the least at 21% in the Meets performance for the All Subjects Category. The 2 or more races student population scored the least at 39% in the Academic Growth Category, followed by the AA student population scoring 52% for the Both Subjects Category. There was no accountability data reported 2020-2021 school year.

Since there was only preliminary STAAR Data for 2022 available data for CNA meeting, the campus reviewed local data and preliminary STAAR data determine campus needs. The data which will be reviewed includes school wide ECAs (Eduphoria: AWARE), Benchmarks, MAP test results, monthly I-Station results, Imagine Math Assessments and prelimary STAAR. The data received will indicate which areas our students have learning gaps in core subjects.

There is inconsistent growth for students in ISIP reading, Imagine Math, MAP, and STAAR preliminary results. Preliminary STAAR results for students scoring meets/masters for reading were 3rd Grade- 26.56/13.28; 4th Grade- 47.15/25.20; and 5th Grade 42.97/20.31. The math preliminary results for students scoring meets/masters were 7.81/4.69; 17.89/8.94; 18.75/4.69 . Sciece scores were 17.97/9.38.

May 2022 STAAR	Grade 3

Problem Statement 5 (Prioritized): Teachers need additional personnel to support their instructional practices for students in order to increase student achievement. **Root Cause:** There are several gaps in student achievement and additional personnel are needed to close the gaps.

Problem Statement 6 (Prioritized): Students need additional time to focus on acquiring language skills in Spanish and Chinese. **Root Cause:** There are several gaps in student achievement

Problem Statement 7 (Prioritized): Problem Statement 1: Analyze data and create new strategies designed to serve the students whom current instruction is not reaching. Many educators struggle with the skills to effectively analyze data and create strategies that result in student growth and close achievement gaps. **Root Cause:** Root Cause: Need for educators to analyze data and reflect on curriculum and instruction best practice strategies to ensure all student needs are being met.

Problem Statement 8 (Prioritized): Struggles to keep SPED teachers when the support from the district-level is limited. **Root Cause:** No mentor program for SPED teachers. Turnover is high due to hiring teachers with limited or no experience.

Problem Statement 9 (Prioritized): Technology is not updated. **Root Cause:** Hard to update technology programs because district has strict rules. Tablets for driveline, Wifi drops, etc.

Problem Statement 10 (Prioritized): The content of professional development is not always what is needed to improve teacher quality and instruction. Teachers need consistent professional development through various avenues, like Region 10, subject area/grade level specific conferences, etc. on engaging instructional strategies and classroom management. **Root Cause:** The district aligns PD with district-wide initiatives vs. campus specific planning needs. As a campus, we are working to integrate additional professional development during PLCs, PD Days, book studies, and utilizing Region 10 opportunities.

Problem Statement 11 (Prioritized): High number of student behavior referrals. **Root Cause:** Lack of consistent classroom management and campus discipline protocol.

Problem Statement 12 (Prioritized): Low morale among faculty and staff **Root Cause:** Lack of positive team building opportunities and lack of accountability systems for faculty and staff.

School Processes & Programs

School Processes & Programs Summary

Curriculum, Instruction, and Assessment: Our campus collaborates effectively with instructional coaches and support our new teachers to the campus. There is a need for continuing support with professional development to support instructional practices. Having two instructional coaches has allowed the campus the opportunity to support more teachers with curriculum, instruction, and assesments. There is a need to strengthen the content knowledge with our teachers in order for teachers to learn the depth and complexitiy of standards and TEKS guidelines. The data reflects that some standards need additional time, a reteach, differentiation, or a different approach to teach a particular concept/skill. Teachers will utilize the IPP planning process for all core subject areas, as well as analyze data based on the state, district and local assessments in order to be data driven. Teachers will need to differentiate instruction based on students' needs and learning styles in order to reach a diverse group of students.

Staff Recruitment and Retention: Our goal is to recruit and retain high caliber staff. We use sources such as, campus website, the Teacher Job Network (TJN), District and Region 10 and 11 job fairs, social media, and word of mouth. Our goal is that all teachers are highly qualified. We have teachers in alternative certification programs as well as visiting teachers from other countries to support our district mission of being a trilingual school district. Finding highly qualified teachers to teach our trilingual model has required us to look outside of the US for teachers.

Technology: All staff members have been provided a laptop. We have document cameras and Interactive/whiteboards in all classrooms. In addition, students in grades 4-8 are provided their own Chromebooks. Likewise, students in K-3 classrooms utilize one tablet, or Chromebook creating a 1:1 ratio for technology. Due to virtual learning, all students K-8 had a 1:1 ratio chromebooks. We utilize the following academic resources to assist us in our daily learning and communication: Kahoot, Measuring Up, Dojo, Study Island, IStation, Reading A-Z, Stemscopes, Kuder, MAP, STAAR-AR, Imagine Math, Splash Math, All in Learning, Google Classroom, and Seesaw; and finally, technology pieces that also encourage and engage parents through the use of programs such as Edmodo, Peachjar, Dojo, Smores, Facebook, Call-Messenger and Parent Portal. With the use of this kind of technology we have increased our parent communication, improved behavior, while continuing to make teaching and the delivery more engaging, attainable, and fun. Virtual learning allowed us to provide more technology support to parents through a technology help desk. Resources (Eduphoria, Forethought, Staff Climate Survey)

School Processes & Programs Strengths

Curriculum, Instruction, and Assessment: Low turnover among staff allows for consistency in content areas which ultimately results in stronger content knowledge and effective use of instructional practices. With the addition of two Campus Instructional Coaches, teachers are able to get more support in areas of lesson design, curriculum alignment, data analysis, and data-driven instruction.

Staff Recruitment and Retention: Very low turnover among staff in comparison to the overall district. This allows for the campus to maintain a consistent culture/climate, while increasing student achievement.

Technology: Each student in grades K-8 has access to technology via chromebooks. Students in grades 4th-8th receive their own personal chromebook for academic usage.

School Processes & Program Strengths: The campus does a great job of adhering to the many cultural and international festivities that are mandated by the district. Stong systems are in place to ensure organizational and academic strengths.

Problem Statement 1: Problem Statement 1: Analyze data and create new strategies designed to serve the students whom current instruction is not reaching. Many educators struggle with the skills to effectively analyze data and create strategies that result in student growth and close achievement gaps. **Root Cause**: Root Cause: Need for educators to analyze data and reflect on curriculum and instruction best practice strategies to ensure all student needs are being met.
Problem Statement 3: Teachers and administrators believe teachers are in need of professional development in areas of effective and engaging instructional and classroom management strategies in an effort to maximize the learning time and rigor of each lesson. Follow-up observations and feedback sessions need to occur after each professional development. **Root Cause**: Professional Development for all teachers has to be targeted, effective, and ongoing throughout the year with effective feedback.
Problem Statement 4: Students need additional personnel to support their learning and to increase student achievement. **Root Cause**: There are several gaps in student achievement and additional personnel are needed to close the gaps.
Problem Statement 8: Lack of parental involvement on campus and in the classrooms. **Root Cause**: Lack of communication of needs and planned parent's events
