

Student Conduct

It is the intention of the Board of Education that the district's schools help students achieve maximum development of individual knowledge, skills and competence and that they learn behavior patterns that will enable them to be responsible, contributing members of society.

The Board, in accordance with applicable law, has adopted a written student conduct and discipline code based upon the principle that every student is expected to follow accepted rules of conduct and to show respect for and to obey persons in authority. The code also shall emphasize that certain behavior, especially behavior that disrupts the classroom, is unacceptable and may result in disciplinary action. The code shall be enforced uniformly, fairly and consistently for all students.

All Board-adopted policies and Board-approved regulations containing the letters "JIC" in the file name constitute the conduct section of the legally-required code.

The conduct and discipline code shall be provided to each student upon enrollment in elementary, middle school and high school. The district shall take reasonable measures to ensure each student is familiar with the code. Copies shall be posted and kept on file in each school of the district. In addition, any significant change in the code shall be provided to students and posted in each school.

In all instances, students shall be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the Board in all district employees, the educational purpose underlying all school activities, the widely shared use of district property, and the rights and welfare of other students and staff. All employees of the district shall be expected to share the responsibility for supervising the behavior of students and for seeing that they abide by the conduct and discipline code.
