ASSISTANT SUPERINTENDENT FOR ACADEMICS

TOPIC: National Merit Scholarship Semi-Finalists Recognition

Novi High School Principal, Nicole Carter, will present the 29 seniors from the Class of 2022 that have been named National Merit Scholarship Program semifinalists. Last spring, 1.5 million high school juniors entered the National Merit Scholarship program by taking a qualifying test (PSAT/National Merit Scholarship Qualifying Test), which serves as the initial screening of program entrants. For 2022, only 16,000 of the students become qualified as Semifinalists. Our 29 seniors are among the highest-scoring entrants in the state of Michigan.

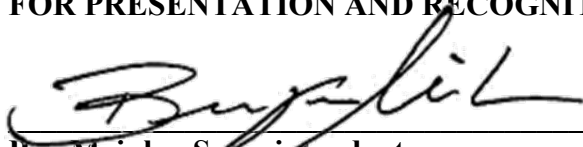

Ms. Carter will present the students who are in attendance for recognition and provide additional biographic information including their varied scholastic endeavors, their participation in athletics and fine arts; and for a large number of the students, their volunteer commitments and philanthropic efforts.

ASSISTANT SUPERINTENDENT OF ACADEMICS

TOPIC: NCSD Mitigating Learning Loss Report (98c)

On September 1, 2022, districts received information from the Michigan Department of Education (MDE) that an application window was opening on September 15, 2022 for them to apply for Section 98c funds dedicated to addressing learning loss. These funds were made available through Public Act 144 of the Michigan School Aid Act, M.C.L. 388.1698c.

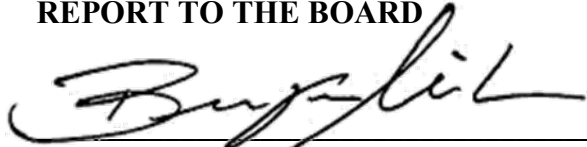

This was part of the Governor's Emergency Education Relief (GEER) Fund and the federal Elementary and Secondary School Emergency Relief (ESSER) II Fund.

The ESSER II funds are to address learning loss among district students including low-income students, children with disabilities, English language learners, racial and ethnic minorities, students experiencing homelessness, and students in foster care.

To be eligible for the 98c funds, districts must apply no later than November 30, 2022, have a public meeting of the board no later than October 30, 2022, have a learning loss plan posted on the district's website, a brief description of the district's metrics that will be used to determine the impact of the district's funded initiatives, and submit a report to the MDE by August 15, 2023.

Tonight, Mr. Mike Giromini, the Assistant Superintendent of Academics, will present Novi Community School Districts' Mitigating Learning Loss Report (98c) to the Board.

Data Review

Spring State Assessment Data Report (10/20/22)

i-Ready diagnostic recently completed; data is being analyzed at building and classroom levels to identify specific needs

Current Supports

NCSD has a comprehensive Multi-Tier System of Supports in place

- Continuously improving core instruction (Tier 1) through AVMR (Add+Vantage Math Recovery), which includes assessment tools *98c funds*
- i-Ready and other subject-specific assessments to identify students' needs, e.g., F&P, AVMR (*98c funds*)
- Individualized lessons within i-Ready based on students' identified needs (~45 min/week/subject)
- WIN / A30 / A60 time to provide targeted instruction outside of core instructional time (Tier 2)
- Targeted Tier 3 instruction (intervention) in math and literacy provided to individual students or small groups

Future Supports

Enhance the use of WIN / A30 / A60 to include the intentional grouping of students based on identified need and the sharing of four students across teachers during this time

As appropriate, identify additional targeted instructional resources to support students' learning needs for use during WIN / A30 / A60 time ~~and~~ *98c funds*

For example, if significant needs are identified in the development of phonics, resources will be identified and acquired using grant funds to provide this targeted support. Other examples include Learning Ally, Ready Writing, etc.

Impact

The success of these efforts will be assessed primarily through:

- i-Ready diagnostics (winter, spring)
- State assessment data (spring 2023)

We will be looking for the following:

- Significant* growth for all students, especially those below proficiency targets (i-Ready)
 - We expect students to meet their “typical growth” and strive for them to meet their “stretch growth”
- Increase in %students identified as proficient among identified subgroups (M-STEP)
- Decreased discrepancies when comparing identified subgroups

*Significant means by a greater amount than in historical data

Review & Revision

Following spring 2023 assessments data review, if expected impact is not realized:

- Feedback from principals regarding fidelity of implementation (ongoing)
- Feedback from educators regarding support structures
- Feedback from educators regarding targeted resources

Utilizing this feedback:

- Create targeted professional learning opportunities through NCSD Instructional Coaches to enhance classroom practices
- Identify, if any, necessary modifications to the support structures
- Identify, if any, additional resources to support teachers in supporting students

RE: Novi Community School District 2019 Bond Program
Bid Package #10B – NCSD District Wide Card Access HS4 Contract

SUBJ: Contract Amendment #1 Recommendation

Dr. Mainka:

Novi Community School District awarded the contract for the District Wide Card Access system to LaForce, LLC on July 7, 2022. The contract base scope included conversion of selected exterior door to the HS4 Access System to all District Buildings. Unit pricing was also included as part of the contract. The intent of this unit pricing is to apply to developed scope for the interiors of District Buildings. The contract would be amended accordingly for this added scope.

The project team and LaForce, LLC developed a project scope for Novi High School and the Early Childhood Education Center for the retrofit of existing interior doors. The scope of work was surveyed and priced in accordance with the districts security door hardware replacement initiative, established by representatives from Novi Community School District, Secure Ed, Plante Moran Cresa, The Eisen Group and McCarthy & Smith, Inc.

The project team has conducted a cost review of the scope of work outlined in the proposal. During the cost review, the project team confirmed the scope of work, project schedule, manpower requirements and specified materials with LaForce. Based upon the project team's review of LaForce, LLC's proposal, we propose the attached Contract Amendment be approved.

I trust the recommendation meets the approval of the administration and the Board of Education. I will attend the October 20, 2022 and November 3, 2022 Board of Education meetings to address any questions or concerns that may arise.

Please feel free to contact me with any questions.

Sincerely,

October 19, 2022

Through the generous NEF Grant for outdoor learning spaces, Novi Woods was able to add THE NEST outdoor learning space to our school grounds. The NEF grant covered the concrete risers, teaching stand, and white board. Unfortunately, this was not enough to cover the cost of a Sun Shade for the area. Mr. Ascher has identified that the cost of the Sun Shade and Installation will be around \$14,000. The PTO is facilitating the fundraising efforts for the Sun Shade, and will be donating \$3500 as an initial startup toward our fundraising efforts. We are seeking acceptance of our eventual gift of around \$14,000 to purchase and install the Sun Shade over the Novi Woods Nest outdoor learning space. We hope to be able to start installation in late winter/early spring of the current school year.

Sincerely,

Deborah Beeker
