

FOUNTAIN-FORT CARSON DISTRICT 8 TUTORING

BENEFITS OF TUTORING

Improve Academic Performance

- Provide direct support to students who need to address problem areas.
- Help students perform better on exams, tests, and assignments.
- Learn habits students will use in the long run of a successful life.

Develop Critical Thinking Skills

- Tutors help think critically about school problems and find solutions accordingly.
- Tutors motivate and challenge children to improve their skills through critical thinking tactics.

Reinforcement of Concepts

- Some students struggle doing homework at home due to other obligations.
- Tutors help with assigned homework as well as teaching study habits that assist students in higher education

- Tutors are able to work on an individual basis with students to grasp concepts they might not otherwise understand
- Understanding core concepts lead to better understanding in future ideas
