Priorities

Students will always remain our top priority.

All children will progress, learn and thrive when provided engaging learning experiences and environments.

One size does not fit all - students learn at different paces and in different ways.

Academics are a portion of what matters to a child's success in school and in life.

When families, communities, and schools work together, students are more successful,
and the entire community benefits.

Priority 1

Support each child in demonstrating the skills, competencies, and characteristics embedded in the District's Strategic Plan and the CUSD Portrait of a Learner. Provide the resources to support students to thrive academically, socially, emotionally, and in physical fitness by supporting the Whole Child and fostering engaging, positive, safe learning environments.

Academic Excellence and
Personalized Learning to Support
the Whole Child

Relevant & Rigorous Instruction

- Foundational skills developed across content areas
- Tiers of support
- Leadership Opportunities
- Collaboration and critical thinking
- Designing solutions for complex problems

Personalized Learning

- Student voice is valued
- Instruction is adapted to meet the unique needs of each learner
- Teaching is responsive to student needs

Priority 2

Actively engage all Stakeholders (students, staff, families, and community) in supporting the implementation of the CUSD Strategic Plan and bringing our plan to life across our community.

Stakeholder Engagement and Involvement

Priority 3

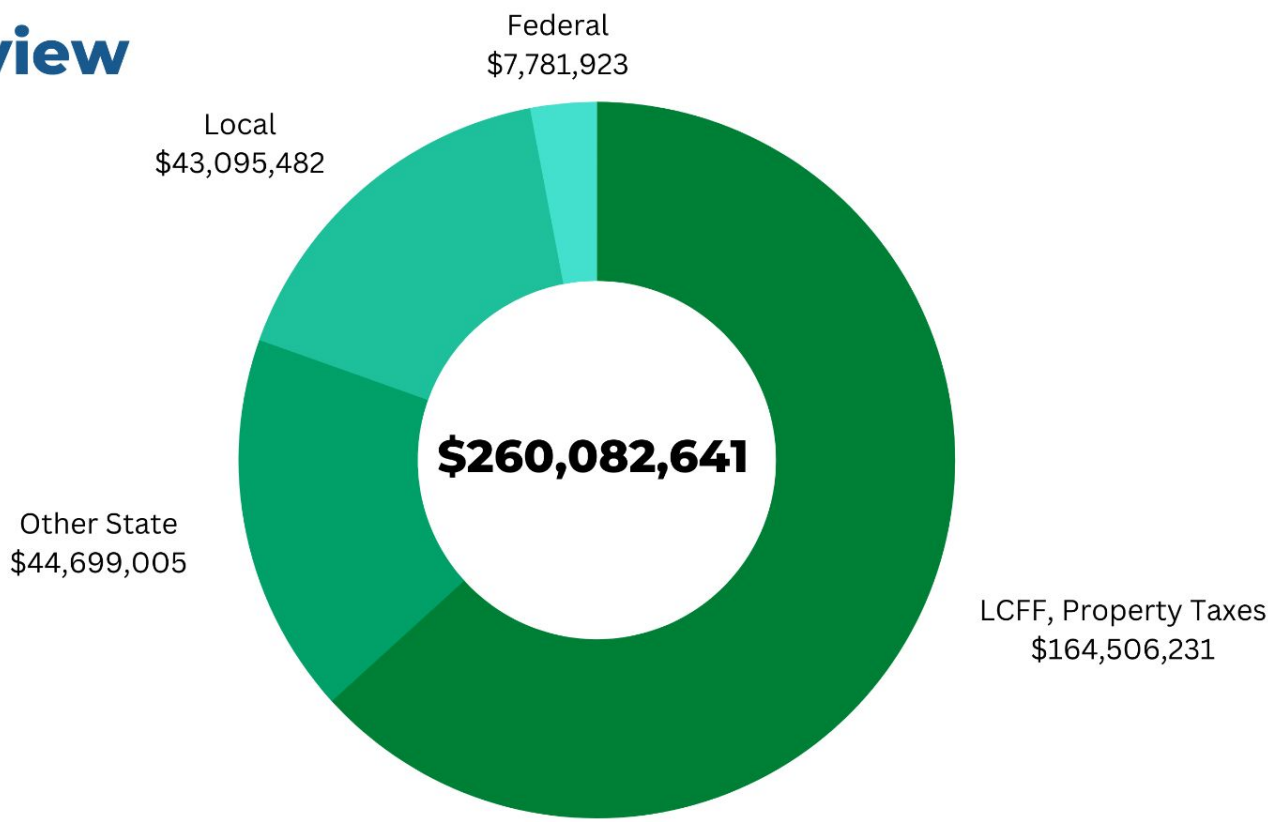

Develop a long-term fiscal plan that sustains the financial needs of the District to support staff and students and provide resources throughout declining enrollment.

Looking Ahead

Students will always remain our top priority.

Continue our work on implementing our Strategic Plan and bring the Portrait of a Learner to life.

Expand opportunities for students to connect with school: expand Middle School electives, add new clubs and increase music and art experiences.

Expand community-wide events that partner with our schools.
