SCE Circle

Car Rider Procedure

Cars will pull into our 7 staging lanes. You may get in any lane you choose. All cars should stop at the painted white line. Staff will release one car at a time to move into our single lane drop off/pick up area by door A and V. This one lane will travel out of the staging area and around the circle. Once on the circle, we will drop off and pick up students as we have all year. Cars will exit the campus by following the yellow line out to Hwy 31.

- We will no longer stage in the circle by our sidewalk in the morning.
- Wait for staff to release one car at a time. Then pull forward one car length at a time.
