

School-Level COVID-19 Management Plan
Template For School Year 2022-23

School/District/Program Information

District or Education Service District Name and ID: **North Clackamas School District #1924**

School or Program Name: Duncan Elementary

Contact Name and Title: Emily Behunin - Principal

Contact Phone: (503) 353-3270 Contact Email: behunine@nclack.k12.or.us

Table 1.

	<p>Policies, protocols, procedures and plans already in place</p> <p>Provide hyperlinks to any documents or other resources currently utilized in your school/district. Consider adding a brief description about how each is used within your school.</p>
<p>School District Communicable Disease Management Plan OAR 581-022-2220</p>	<p>NCSD Communicable Disease Management Plan (page 6)</p>
<p>Exclusion Measures Exclusion of students and staff who are diagnosed with certain communicable diseases OAR 333-019-0010</p>	<p>Staff are trained to screen students upon school entry and throughout the school day. We partner with our local health authorities whenever there is a known case to enforce health department isolation periods for staff and students. We follow the Exclusion Guidelines which are Included in the Communicable Disease Management Plan.</p>
<p>Isolation Space Requires a prevention-oriented health services program including a dedicated space to isolate sick students and to provide services for students with special health care needs. OAR 581-022-2220</p>	<p>Per the NCSD's Communicable Disease Management Plan (page 6), all school buildings will have a designated space for Isolation of potentially symptomatic individuals in a location, separate from other students and staff</p>
<p>Educator Vaccination OAR 333-019-1030</p>	<p>Per the State of Oregon's OAR 333-019-1030, NCSD will continue to require staff to be fully vaccinated as a condition of employment. "Fully vaccinated" is defined as 14 days after receiving all required doses of a CDC approved COVID-19 vaccine. Exceptions may be made only for eligible medical or religious reasons.</p>
<p>Emergency Plan or Emergency Operations Plan OAR 581-022-2225</p>	<p>North Clackamas Schools - Emergency Procedures & Disaster Plan</p>

Policies, protocols, procedures and plans already in place

Provide hyperlinks to any documents or other resources currently utilized in your school/district. Consider adding a brief description about how each is used within your school.

Additional documents reference here:

SECTION 1. Clarifying Roles and Responsibilities

Identifying roles central to communicable disease management. Clarifying responsibilities related to communicable disease response is a first step in keeping communities healthy and safe. In general, decisions of school health and safety reside with school and district officials. Together with local public health officials, school/district administrators should consult a variety of individuals when making decisions about health and safety in school.

Table 2. Roles and Responsibilities

School planning team members	Responsibilities:	Primary Contact (Name/Title):	Alternative Contact:
Building Lead / Administrator	<ul style="list-style-type: none"> Educates staff, families, and students on policies regarding visitors and volunteers, ensuring health and safety are being maintained. In consultation with district leadership and LPHA staff, determines the level and type of response that is required/necessary. Acts as key spokesperson to communicate health-related matters within school community members, health partners, and other local partners. 	Emily Behunin - Principal Phone: (503) 353-3270 Email: behunine@nclack.k12.or.us	April Baker - Administrative Assistant Email: bakera@nclack.k12.or.us

School planning team members	Responsibilities:	Primary Contact (Name/Title):	Alternative Contact:
School Safety Team Representative <i>(or staff member knowledgeable about risks within a school, emergency response, or operations planning)</i>	<ul style="list-style-type: none"> • Trains staff at the start of the academic year and at periodic intervals on communicable disease management procedures. • Leads debrief of communicable disease event, informing continuous improvement of the planning, prevention, response, and recovery system. • Training at beginning of year will be through Public School Works for ALL STAFF 	Emily Behunin - Principal Phone: (503) 353-3270 Email: behunine@nclack.k12.or.us	April Baker - Administrative Assistant Email: bakera@nclack.k12.or.us
Health Representative <i>(health aid, administrator, school/district nurse, ESD support)</i>	<ul style="list-style-type: none"> • Supports building lead/administrator in determining the level and type of response that is necessary. • Reports to the LPHA any cluster of illness among staff or students. • Provides requested logs and information to the LPHA in a timely manner. 	Malisa Norton - Nurse Email: nortonm@nclack.k12.or.us Claire Davis-Thran - Nurse davis-thranc@nclack.k12.or.us	Mayra Gomez, Exec. Director of Student & Family Support Services Email: gomezma@nclack.k12.or.us Phone: (503)353-6000
School Support Staff as needed <i>(transportation, food service, maintenance/custodial)</i>	<ul style="list-style-type: none"> • Advises on prevention/response procedures that are required to maintain student services. 	David Kruse, Risk Manager Email: krused@nclack.k12.or.us Phone: (503) 353-6000	Samantha Swearingen, Safety & Environmental Health Specialist Email: swearingens@nclack.k12.or.us Phone: (503) 353-6000

School planning team members	Responsibilities:	Primary Contact (Name/Title):	Alternative Contact:
<p>Communications Lead <i>(staff member responsible for ensuring internal/external messaging is completed)</i></p>	<ul style="list-style-type: none"> Ensures accurate, clear, and timely information is communicated including those who may have been exposed, a description of how the school is responding, and action community members can take to protect their health. Shares communications in all languages relevant to school community. 	<p>Emily Behunin - Principal Phone: (503) 353-3270 Email: behunine@nclack.k12.or.us</p>	<p>Seth Gordon, Director of Communications and Public Relations Email: gordonse@nclack.k12.or.us Phone: (503) 353-6000</p>
<p>District Level Leadership Support <i>(staff member in which to consult surrounding a communicable disease event)</i></p>	<ul style="list-style-type: none"> Has responsibility over COVID-19 response during periods of high transmission. May act as school level support to Building lead/Administrator activating a scaled response. Responds to media inquiries during the communicable disease event and ensures that those responsible for communication are designated speakers. 	<p>Mayra Gomez, Exec. Director of Student & Family Support Services Email: gomezma@nclack.k12.or.us Phone: (503) 353-6000</p>	<p>Seth Gordon, Director of Communications and Public Relations Email: gordonse@nclack.k12.or.us Phone: (503) 353-6000</p>
<p>Main Contact within Local Public Health Authority (LPHA)</p>	<ul style="list-style-type: none"> Notifies Building Lead/Administrator of communicable disease outbreak and offers recommendations for appropriate response. Key spokesperson to communicate on health-related matters with community members, health facility staff, and other local community partners. 	<p>Mayra Gomez, Exec. Director of Student & Family Support Services Email: gomezma@nclack.k12.or.us Phone: (503) 353-6000</p>	<p>Seth Gordon, Director of Communications and Public Relations Email: gordonse@nclack.k12.or.us Phone: (503) 353-6000</p>
<p>Others as identified by team</p>			

Section 2. Equity and Mental Health

Preparing a plan that centers equity and supports mental health

Preparing a school to manage COVID-19 requires an inclusive and holistic approach to protect access to in-person learning for all students. In this section suggested resources are offered to help prepare for COVID-19 management while centering an equitable and caring response.

Centering Equity

Identify existing district or school plans and tools that can be utilized when centering equity in prevention, response, and recovery from incidents of COVID-19 (e.g., district or school equity plans/stances/lenses/decision tools, Equity Committee or Team protocols, district or school systems for including student voice, existing agreements or community engagement or consultation models, Tribal Consultation¹, etc.)

- [North Clackamas Equity Lenses](#)
- [North Clackamas Equity Lens Guidance](#)
- [North Clackamas Equity Stance](#)

Suggested Resources:

1. [Equity Decision Tools](#) for School Leaders
2. [Oregon Data for Decisions Guide](#)
3. [Oregon's COVID-19 Data Dashboards](#) by Oregon Health Authority COVID-19
4. [Data for Decisions Dashboard](#)
5. [Community Engagement Toolkit](#)
6. [Tribal Consultation Toolkit](#)

¹ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

Table 3.**Centering Equity**

OHA/ODE Recommendation(s)	Response:
Describe how you identify those in your school setting that are disproportionately impacted by COVID-19 and which students and families may need differentiated or additional support.	Covid 19 positive rates are tracked centrally. Schools are alerted to any positive rate anomalies.
Describe the process by which the school will implement a differentiated plan for those that are disproportionately impacted, historically underserved or at higher risk of negative impacts or complications related to COVID-19.	Should any significant disproportionality in positive rates be evident, this school will utilize district resources including the Student and Family Support Department, Wichita Center for Children and Families, and/or the engagement team to provide information and resources. Strategies could include access and Multi-Lingual information about Covid 19 prevention, testing, vaccinations, and treatment options. Social services, including food, housing support aid, access to community mental aid and physical health resources can be provided. Every student in North Clackamas School District has access to the Student Based Health Center. This school student support team regularly reviews academic and other data to determine what academic, social, or behavioral services will best meet a students' needs culturally and linguistically specific. Community Liaisons and Outreach Facilitators. Are available to assist school teams with this work.
What support, training or logistics need to be in place to ensure that the named strategies are understood, implemented, and monitored successfully.	The student support team is a long-standing model for reviewing student needs. The standing training and logistics related to this team will be used. To determine and address students' needs.

Mental Health Supports

Schools are encouraged to continue to prioritize cultivating care, connection, and community to support the mental, emotional, and social health and well-being of students, families, staff, and administrators.

Identify existing district or school plans and tools that can be utilized in supporting student and staff wellbeing and mental health during prevention, response, and recovery from incidents of COVID-19 (e.g., counseling services; partnerships with community mental and behavioral health providers; school district suicide prevention, intervention, and postvention plan; School Based Health Center resources; tribal resources, etc.)

- School Based Health Centers (at each feeder pattern high school) are available to all students for testing, vaccines and a variety of health and wellness support
- School Based Mental Health Therapy is provided by the following organizations: LifeStance, Trillium, Clackamas County
- Substance Use/Abuse Counseling is provided by LifeStance
- District Social Workers provided direct support to students and families, as well as link them to community resources
- District Counselors & Social Workers are trained in and provide suicide assessment/screening to any students with suicidal thoughts, gestures, and/or ideation and link them to district and community interventions for support
- The Food Pantry is available for any student and their family that is facing food insecurities (hygiene items are also available)
- Emergency housing assistance is available as well and McKinney-Vento services (this has been a needed intervention for some families that have lost work due to the COVID pandemic, and faced financial hardship)
- [North Clackamas School Based Health Centers](#)
- [North Clackamas School District Nursing Team](#)

	<p>Suggested Resources:</p> <ol style="list-style-type: none"> 1. ODE Mental Health Toolkit 2. Care and Connection Program 3. Statewide interactive map of Care and Connection examples 4. Care and Connection District Examples 5. Oregon Health Authority Youth Suicide Prevention
---	--

Table 4. Mental Health Supports

OHA/ODE Recommendation(s)	Response:
Describe how you will devote time for students and staff to connect and build relationships.	<p>Connecting will occur through quality learning experiences and developing deep interpersonal relationships among students and staff. We have prioritized an emphasis on activities that will allow for student/staff connections and relationship building with each student.</p> <p>Students will have time throughout their day to explore and process experiences as connected to trends or patterns that are occurring in the classroom, community, and world.</p>

OHA/ODE Recommendation(s)	Response:
<p>Describe how you will ensure class time, and individual time if needed, for creative opportunities that allow students and staff to explore and process their experiences.</p>	<p>We will incorporate community building in our classrooms through lessons that intentionally build positive relationships with each of our students and with each other. Opportunities will be provided to learn about each other, so that they grow together as learners. Time will be provided to individuals as needs arise.</p> <p>We commit to creating learning opportunities that foster creative expression, we will make space for reflection and connection and center on the needs of the whole child rather than solely emphasizing academic achievement.</p>
<p>Describe how you will link staff, students and families with culturally relevant health and mental health services and supports.</p>	<p>We use a variety of methods to best meet the health and mental health needs of staff, students and families in a culturally relevant ways who are impacted by COVID. All COVID related information is shared with staff, students and families in multiple languages, including communications from our “Contact Tracing” team to individual staff, students and families that have tested positive for COVID. This information includes COVID vaccination, testing resources as well as resources in our schools that includes, but is not limited to; food and housing insecurities, medical and health care options, mental health and substance use/abuse resources, etc.</p> <p>On-site staff such as social workers, counselors, mental health clinicians, and other staff trained in student engagement and well-being link staff, students and families to school and community resources as needed. All staff are trained in equitable, culturally relevant, and trauma informed practices to ensure that staff, student and family needs are met in a thoughtful, caring and effective way. Additionally, our culturally specific Community Liaison and Outreach Facilitators have provided consultation to these staff members and community agencies in regards to communicating to cultural groups about vaccines, testing, and other areas related to COVID.</p>
<p>Describe how you will foster peer/student lead initiatives on wellbeing and mental health.</p>	<p>As a student-centered organization, our school prioritizes open communication with students through the ParentSquare communication system and utilizes YouthTruth Surveys, ThoughtExchange, and other means to receive feedback from students. Additionally, through a variety of student clubs, affinity, and alliance groups, staff empowers students to lead initiatives on wellbeing and mental health. Student groups with staff advisors, provide a space for students to learn and grow in their awareness of wellbeing and mental health issues, and to create activities and awareness campaigns to the entire student body on mental health issues.</p>

Section 3. COVID-19 Outbreak Prevention, Response & Recovery:

Implementing mitigation activities, responding to periods of increased transmission, resuming baseline level mitigation, and debriefing actions to improve the process

Planning for and implementing proactive health and safety mitigation measures assists schools in reducing COVID-19 transmission within the school environment for students, staff, and community members. COVID-19 will continue to circulate in our communities and our schools for the indefinite future. Schools will utilize different mitigation measures based on COVID-19 transmission within their facilities and communities. In the following section, teams will document their school's approach to the CDC, OHA and ODE advised health and safety measures at baseline, during increased COVID-19 transmission, and as they roll back the increased mitigating measures, incorporating lessons learned.

Suggested Resources:

1. [CDC Guidance for COVID-19 Prevention in K-12 Schools](#)
2. [Communicable Disease Guidance for Schools](#) which includes information regarding
 - Symptom-Based Exclusion Guidelines (pages 8-12)
 - Transmission Routes (pages 29-32)
 - Prevention or Mitigation Measures (pages 5-6)
 - School Attendance Restrictions and Reporting (page 33)
3. [COVID-19 Investigative Guidelines](#)
4. [Planning for COVID-19 Scenarios in School](#)
5. [CDC COVID-19 Community Levels](#)
6. [Supports for Continuity of Services](#)

Table 5.

COVID-19 Mitigating Measures

OHA/ODE Recommendation(s) Layered Health and Safety Measures	BASELINE MEASURES: describe what mitigating measures will the school implement all of the time, each and every day of the school year to reduce the spread of COVID-19 and protect in-person instruction?
COVID-19 Vaccination	The District will continue to share out to our school community locations of local vaccination clinics.
Face Coverings	The District will continue to make face coverings available to all students and staff that wish to wear them. Face Coverings will not be required except when in the below locations as per OAR 333-019-1011: <ul style="list-style-type: none"> ○ School health rooms ○ Isolation rooms ○ School-based health centers ○ Counseling offices where mental health services are delivered.
Isolation	A space will be made available to isolate sick children from injured children that need assistance per OAR 581-022-2220. Staff that manage the isolation room of ill children will be trained on Personal Protective Equipment (PPE) requirements and the administration of BinaxNOW Rapid tests.
Symptom Screening	Symptoms poster will remain at the front entrance of all District buildings to discourage those that are ill from entering.
COVID-19 Testing	Students and staff who exhibit symptoms of COVID-19 while at school have an option to be tested on-site prior to being sent home. District is currently offering enhanced exposure testing consistent with OHA/ODE direction. NCSd will continue to offer this diagnostic testing by participating in the OHA program, COVID-19 Testing in Oregon’s K-12 Schools. All staff that oversee the administration of BinaxNOW Rapid tests will continue to be trained on the requirements and expectations of the COVID-19 Testing in Oregon’s K-12 Schools program.
Airflow and Circulation	North Clackamas School District contracted with Maul Foster Alongi, Inc. (MFA) and Portland Mechanical Contractors (PMC) to evaluate the heating, ventilation, and air-conditioning (HVAC) equipment at each school in the district to provide feasible recommendations for optimizing indoor air quality and minimizing the risk of COVID-19 transmission. The following document outlines the recommendations that were made by MFA and NCSd’s mitigation responses. NCSd Ventilation and Cleaning Protocols
Cohorting	Classes, lunches and recess return to standard pre-COVID setup
Physical Distancing	Classroom configurations return to standard pre-COVID classroom setup with emphasis of striving for at least 3 feet physical distancing between student desks to the extent possible. Staff and students will maintain as much distance as possible which helps mitigate transmission of COVID-19

OHA/ODE Recommendation(s) Layered Health and Safety Measures	BASELINE MEASURES: describe what mitigating measures will the school implement all of the time, each and every day of the school year to reduce the spread of COVID-19 and protect in-person instruction?
	We will minimize students standing in bathroom & lunch lines as much as possible.
Hand Washing	<p>Staff and students will be trained on the importance of hand and respiratory hygiene.</p> <p>Hand sanitizer will be available for use upon entering District buildings, in classrooms and other areas where hand washing may be needed, but handwashing sinks are not immediately available.</p>
Cleaning and Disinfection	<p>North Clackamas Schools will be using Waxie Solsta 730 HP Disinfectant, a one-step hydrogen peroxide-based product for disinfection, cleaning, and deodorizing. PurTabs to clean, sanitize, and disinfect all its facilities for COVID-19.</p> <p>730 HP Disinfectant Cleaner and PurTabs have been tested and proven to kill SARS-CoV2 the virus responsible for COVID-19, 730 in one minute, and PurTabs in 4 minutes at a dilution rate of 1, 3.3g tablet per 1 quart of water. The 730 HP Disinfectant cleaner will be provided for all staff to use in spray bottles.</p> <p>NCS D Ventilation and Cleaning Protocols</p> <p>Employees will be recommended to frequently clean their workspaces.</p> <p>Custodial cleaning protocols include wiping down surfaces such as door handles, light switches, copiers, countertops, water fountain buttons once every 24 hours.</p>
Training and Public Health Education	Staff will receive an updated COVID-19 training outlining safety measures and mitigation strategies to prevent the spread of COVID-19.

Table 6.

COVID-19 Mitigating Measures

<p>OHA/ODE Recommendation(s) Layered Health and Safety Measures</p>	<p>MEASURES DURING PERIODS OF HIGH TRANSMISSION*: describe what mitigating measures the school will implement during periods of high transmission to reduce the spread of COVID-19 and protect in- person learning? *Within the community, high transmission is defined at the county level through CDC COVID-19 Community Levels. Within a school, high transmission may be defined as high absenteeism or unusual spread within a cohort (e.g., a large outbreak in a classroom).</p>
<p>COVID-19 Vaccination</p>	<p>The District will continue to share out to our school community locations of local vaccination clinics.</p>
<p>Face Coverings</p>	<p>North Clackamas School District will follow the guidelines advised from OHA and ODE in regards to universal use of face coverings during periods of high transmission.</p> <p>Face Mask will continue be required in the below locations as per OAR 333-019-1011:</p> <ul style="list-style-type: none"> ○ School health rooms ○ Isolation rooms ○ School-based health centers ○ Counseling offices where mental health services are delivered.
<p>Isolation</p>	<p>A space will be made available to isolate sick children from injured children that need assistance per OAR 581-022-2220. Staff that manage the isolation room of ill children will be trained on Personal Protective Equipment (PPE) requirements and the administration of BinaxNOW Rapid tests.</p>
<p>Symptom Screening</p>	<p>Symptoms poster will remain at the front entrance of all District buildings to discourage those that are ill from entering.</p> <p>All District staff will be trained and periodically reminded of COVID-19 symptoms.</p> <p>Staff managing the isolation room where ill children are sent will receive additional training of the signs and symptoms of COVID-19.</p>
<p>COVID-19 Testing</p>	<p>Students and staff who exhibit symptoms of COVID-19 while at school have an option to be tested on-site prior to being sent home. District is currently offering enhanced exposure testing consistent with OHA/ODE direction. NCSd will continue to offer this diagnostic testing by participating in the OHA program, COVID-19 Testing in Oregon’s K-12 Schools. All staff that oversee the administration of BinaxNOW Rapid tests will continue to be trained on the requirements and expectations of the COVID-19 Testing in Oregon’s K-12 Schools program.</p>
<p>Airflow and Circulation</p>	<p>North Clackamas School District contracted with Maul Foster Alongi, Inc. (MFA) and Portland Mechanical Contractors (PMC) to evaluate the heating, ventilation, and air-conditioning (HVAC) equipment at each school in the district to provide feasible recommendations for optimizing indoor air quality and minimizing the risk of COVID-19 transmission. The following document outlines the recommendations that were made by MFA and NCSd’s mitigation responses.</p> <p>NCSd Ventilation and Cleaning Protocols</p>

OHA/ODE Recommendation(s) Layered Health and Safety Measures	MEASURES DURING PERIODS OF HIGH TRANSMISSION*: describe what mitigating measures the school will implement during periods of high transmission to reduce the spread of COVID-19 and protect in- person learning? <i>*Within the community, high transmission is defined at the county level through CDC COVID-19 Community Levels. Within a school, high transmission may be defined as high absenteeism or unusual spread within a cohort (e.g., a large outbreak in a classroom).</i>
Cohorting ²	<p><i>Schools should notify their LPHA about unusual respiratory disease activity if the following absence thresholds are met and at least some students are known to have influenza or COVID-like symptoms:</i></p> <ol style="list-style-type: none"> <i>1. At the school level: ≥ 30% absenteeism, with at least 10 students and staff absent</i> <i>2. At the cohort level: ≥ 20% absenteeism, with at least 3 students and staff absent</i>
Physical Distancing	<p>Classroom configurations return to standard pre-COVID classroom setup with emphasis of striving for at least 3 feet physical distancing between student desks to the extent possible.</p> <p>Staff and students will maintain as much distance as possible which helps mitigate transmission of COVID-19.</p> <p>We will minimize students standing in bathroom & lunch lines as much as possible.</p>
Hand Washing	<p>Staff and students will continue to be educated on the importance of hand and respiratory hygiene.</p> <p>Hand sanitizer will be available for use upon entering District buildings, in classrooms and other areas where hand washing may be needed, but handwashing sinks are not immediately available.</p> <p>OHA's "Clean Hands Save Lives" posters will be placed strategically around District buildings to encourage proper handwashing and/or use of available hand sanitizer.</p> <p>Students will be encouraged to wash their hands throughout the day including but not limited to after recess, before and after eating lunch and after using the restroom.</p>
Cleaning and Disinfection	<p>North Clackamas Schools will be using Waxie Solsta 730 HP Disinfectant, a one-step hydrogen peroxide-based product for disinfection, cleaning, and deodorizing. PurTabs to clean, sanitize, and disinfect all its facilities for COVID-19.</p> <p>730 HP Disinfectant Cleaner and PurTabs have been tested and proven to kill SARS-CoV2 the virus responsible for COVID-19, 730 in one minute, and PurTabs in 4 minutes at a dilution rate of 1, 3.3g tablet per 1 quart of water. The 730 HP Disinfectant cleaner will be provided for all staff to use in spray bottles.</p> <p>NCS D Ventilation and Cleaning Protocols</p> <p>Employees will be recommended to frequently clean their workspaces.</p> <p>Custodial cleaning protocols include wiping down surfaces such as door handles, light switches, copiers, countertops, water fountain buttons once every 24 hours.</p>

² Cohorting refers to establishing a consistent group of students that stay together for a significant portion of the school day. Examples include stable mealtime cohorts, classrooms, table groups, lunch bunches, and other group situations. Cohorts should be as small as feasible to minimize exposure.

<p>OHA/ODE Recommendation(s) Layered Health and Safety Measures</p>	<p>MEASURES DURING PERIODS OF HIGH TRANSMISSION*: describe what mitigating measures the school will implement during periods of high transmission to reduce the spread of COVID-19 and protect in- person learning? *Within the community, high transmission is defined at the county level through CDC COVID-19 Community Levels. Within a school, high transmission may be defined as high absenteeism or unusual spread within a cohort (e.g., a large outbreak in a classroom).</p>
<p>Training and Public Health Education</p>	<p>Staff will continue to receive COVID-19 training outlining safety measures and mitigation strategies to prevent the spread of COVID-19.</p>

Table 7.

COVID-19 Mitigating Measures

<p>OHA/ODE Recommendation(s) Layered Health and Safety Measures</p>	<p>STEPS FOR GRADUAL RETURN TO BASELINE RESPONSE: describe how does the school will gradually return to a baseline response. Describe how the school team will decide what measure(s) should remain at an increased level which others may not, prioritizing some measure(s) over others. How does the school reduce or make permanent implementation of enhanced mitigation measures once high transmission has ended?</p>
<p>COVID-19 Vaccination</p>	<p>The District will continue to share out to our school community locations of local vaccination clinics.</p>
<p>Face Coverings</p>	<p>The District will continue to make face coverings available to all students and staff that wish to wear them, but will not be required except when in the below locations as per OAR 333-019-1011:</p> <ul style="list-style-type: none"> ○ School health rooms ○ Isolation rooms ○ School-based health centers ○ Counseling offices where mental health services are delivered.

Training and Public Health Education	<p>Staff will continue to receive COVID-19 training outlining safety measures and mitigation strategies to prevent the spread of COVID-19.</p>

PRACTICING PLAN TO IMPROVE PROCESS

Training exercises are essential to preparedness ensuring individuals understand their role in a communicable disease event. Exercises can also help identify gaps in the planning, thereby building upon and strengthening the plan over time. Schools, districts, and ESDs should schedule to exercise this plan annually and when any revisions are made to update the plan. The plan, or component(s) of the plan, can be tested through conversations, practice exercises, or other activities.

[22/23 COVID-19 School Management Plan - COVID-19 Exposure Notification Steps](#) where this plan is available for public viewing.

Date Last Updated: **8/18/2022**
