ARTICLE 2
Association and Teacher Rights

2.1 Scope

2.1.1 “The Scope of Representation” shall be limited to matters relating to wages, hours of employment, and other terms and conditions of employment. “Terms and Conditions of Employment” mean health and welfare benefits as defined by Section 53200, leave and transfer policies, safety conditions of employment, class size, procedures to be used for the evaluation of members, organizational security pursuant to Section 3546, and procedures for processing grievances pursuant to Sections 3548.5, 3548.6, 3548.7 and 3548.8.

2.1.2 In addition, the exclusive representative of certificated personnel has the right to consult on the definition of educational objectives, the determination of the content of courses and curriculum, and the selection of textbooks to the extent such matters are within the discretion of the public school employer under the law. The process of this consultation is outlined in Article 15.9 (Joint Leadership Council). (2019)

2.1.3 All matters not specifically enumerated are reserved to the public school employer and may not be a subject of meeting and negotiating, provided that nothing herein may be construed to limit the rights of the public school employer to consult with any members or member organization on any matter outside the scope of representation.

2.2 Personal Life. No member shall be transferred, reassigned, or evaluated in violation of this Agreement or the law because of his/her personal life.

2.3 Discrimination Prohibition. The District prohibits harassment and discrimination in the workplace on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, identity, gender expression, age, sexual orientation, or military and veteran status, or membership in CEA or participation in CEA organization activities and any other basis added by statute. Alleged violations of this section will be grievable only up to Level II of the Grievance Procedure (Superintendent/Designee). Nothing in this section shall limit unit members’ rights to file claims of alleged violations with appropriate administrative/judicial forums. (2024)

2.4 Use of Facilities. The Association and its members shall have the right to make use of school equipment and buildings and facilities when not otherwise required for District business as permitted by the Educational Employment Relations Act and PERB decisions. The Association shall reimburse the Board for any consumable supplies used by the Association.

2.5 Association Communications. The Association shall have the right to post notices of activities in matters of Association concern on school bulletin boards at least one of which shall be provided at each school site. The Association shall be permitted use of member mailboxes for communications to members regarding matters with which the Association is involved. All notices, communications, and uses of District mail service and mailboxes shall be in compliance with applicable law. In addition, all notices and communications shall be identified as to the source of origin and dated. (1988)

Subject to the exceptions provided here, the public employer shall provide the exclusive representative with the name, job title, department, work location, work, home, and personal cellular telephone numbers, personal email addresses on file with the employer, and home address of any newly hired employee within 30 days of the date of hire or by the first pay period of the month following hire, and the public employer shall also provide the exclusive representative with a list of that information for all employees in the bargaining unit at least every 120 days unless more frequent or more detailed lists are required by an agreement with the exclusive representative. The information identified in this section shall be provided to the exclusive representative regardless of whether the newly hired public employee was previously employed by the public employer. The information under this section shall be provided in a manner consistent with Section 6254.3 and in a manner consistent with Section 6207 for a participant in the address confidentiality program established pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7. The provision of information under this section shall be consistent with the employee privacy requirements described in *County of Los Angeles v. Los Angeles County Employee Relations Com.* (2013) 56 Cal. 4th 905. 2.5.2 The parties agree to the following manner of compliance with Government Code section 3558: (2018)

- b. The District will facilitate distribution of the survey to bargaining unit members through the District email system. This email will be sent by the CEA President from the CEA email account and all responses will go only to this individual (not to the District).
- c. The information generated from the survey will be for the Association’s exclusive use and only the CEA President and Communications Director shall have access to such information.
- d. The Association will provide the District with a courtesy copy of the President’s email and a blank survey.
- e. The CEA President/designee and the District Chief Information Officer shall collaborate to finalize logistics regarding such matters as the timing and frequency of release of the survey, which shall be at least annually. The District shall provide CEA with the email list of names not later than twenty (20) work days following the first teacher work day.
- f. Upon request by the CEA President/Designee, Human Resources shall authorize the Association to utilize the District email system for the purposes set forth in this article to contact unit members who did not respond to the survey and/or who were employed after the survey was issued.

6.1.2 Reassignment. Any subsequent placement in another department at the same location or movement between any grade level at the same location. (1992)

6.2 Initial Assignment. Initial assignment shall be determined by the Superintendent or her/his designee in accordance with the law.

6.3 Reassignment

6.3.1 In the event that reassignment of a member of the Unit is necessary, volunteers will be sought from among those members of the Unit at that school who have the requisite credential(s) and/or major(s) or minor(s).

6.3.2 Educational program needs reflecting the best educational opportunity for students and teachers shall be the primary focus regarding reassignment and transfer. Those members of the Unit on a support plan will be permitted to remain in the same assignment in order to provide continuity of assistance for improvement.

6.3.3 In the event a reassignment of a member of the Unit is necessary after the last working day of the school year, all members of the Unit at that school site shall be notified of such vacancy and shall have the opportunity to request a reassignment to the newly available position. (1999)

6.3.4 If no qualified volunteer is forthcoming, or if the educational/ program needs of the school cannot be met by reassigning the least senior member, the following procedure shall be used:

6.3.4.1 The site administrator shall present to the teachers involved in the reassignment a written analysis indicating the status of each staff member on each of the following variables:

6.3.5 Administrative Reassignment for District/Individual Welfare. In the event that compelling circumstances require that an individual be reassigned on an administrative basis for his/her welfare and/or the welfare of the District, the member and the Association shall be informed of the reason(s) in writing for the action by the Superintendent or designee.

6.3.5.1 For purposes of this Section, such administrative reassignments may be made only before the beginning of the school year, except in unusual circumstances (e.g., change in enrollment or staffing), when such reassignments may be made by September 30.

6.3.5.2 Any member of the Unit administratively reassigned shall not be similarly reassigned for a minimum of two (2) years without the consent of the member, unless that school is affected by declining enrollment, in which case that member will be allowed only those rights of all members.

Temporary teachers may not apply for transfer. The request shall be made on a "Request for Transfer" form. (2004, 2008)

6.4.2 Requests for transfer will be sent to the Human Resources Department; the requesting unit member may elect to inform the principal of the resident school.

6.4.3 Vacancies will be posted on the District intranet by the Human Resources Department as they occur. Members of the Unit with a "Request for Transfer" form on file by the posted closing date may request an interview for any or all positions for which they qualify. The Human Resources Department will arrange interview appointments for each position. All qualified transfer applicants requesting an interview will be interviewed before the position is filled. Interviews may not be conducted during the advertising period and will be scheduled within a reasonable time following the close of the announcement. (2008)

6.4.4 All interviewees will be given written notification of their status by the Human Resources Department no later than ten (10) days after the interview process has been completed. Upon request, such interviewees will be informed of the final disposition of all vacancies for which they interviewed. (1992)

6.4.5 In order to maintain a high quality instructional program, to ensure effective performance, and to promote satisfactory personnel relations, the training, major and minor fields of study, credentials, experience, competencies, length of service to the District and past evaluations, of each potential transferee shall be considered. 6.4.7.3 Internal applicants shall have no priority over external applicants, as required by Education Code section 35036. (2024)

6.5 Employer Initiated Transfer (Administrative)

6.5.1 Such transfer shall be initiated by the Superintendent or designee and shall be based exclusively on the legitimate, educationally-related needs of the District.

- 6.5.6 Any member of the Unit affected by an administrative transfer shall be informed of this action as early as possible and shall be released by the employer from the member's contract if the member so requests. A member so transferred may apply for a subsequent vacancy in the District for which he/she is qualified.
- 6.5.7 Any member of the Unit affected by an administrative transfer shall be provided assistance in making the physical transfer from site to site. If such a transfer is to be made during the school year, the member may elect to receive substitute services to facilitate the move, or receive adjunct duty pay for time spent packing and unpacking. If such a transfer is to be made during time when students are not in school, the member shall receive adjunct duty pay for time spent packing and unpacking. The adjunct duty pay and substitute time will be determined by Assistant Superintendent, Human Resources. (1992)

Any member so affected by this provision shall be notified in writing of this available help by the transferring administrator. (1994)

- 6.5.8 Prior to considering the transfer of five (5) or more unit members from one site, the District and the Association will develop intervention steps with the intent to resolve the issue (e.g., Progressive discipline, mediation, meeting with employee[s]). (2016)

6.5.8.1 If remediation does not resolve the problem, the Association will take an active role in conjunction with the District in the development of the transfer process. (2016)

6.6 Involuntary Transfers Due to Declining Enrollment

- 6.6.4 At the completion of the above consultation process the site administrator shall indicate his/her intent to use the above factors for transfer rather than seniority. The administrator will then complete the transfer.
- 6.6.5 Any member given an involuntary transfer shall not again be given a similar transfer for a minimum of four (4) years without the consent of the member, or unless the member requests a transfer. If for any reason other than voluntary transfer the member cannot remain in the new assignment for four (4) years, the year protection shall start again at the next assignment.
- 6.6.6 A member of the Unit to be transferred under this section shall have the right to indicate up to three (3) preferences from a list of vacancies and shall be assigned in the order of seniority.

- 6.7 Opening Schools. In the event that the District decides to reopen a site which is currently not in use as a school, and/or create a new school in any other way, the parties shall negotiate procedures for the transfer of members to the reopened or new school upon written request of either party. Moving existing staff and student body from one site to another would not be considered reopening a site or creating a new site. (1992)
- 6.8 Closing/Consolidating Schools
- 6.8.1 The parties agree to meet and negotiate the transfer process for affected teachers at closing and/or consolidating schools. These negotiations shall begin no later than seven (7) unit member work days after official Board Action to close and/or consolidate the schools. Staff allocations for the consolidated school may be adjusted up to the end of the school year. (2024)
- 6.9 Vacancies, Promotions Posted. The Superintendent or designee shall post all vacancies, including promotional positions, and new positions as they occur or as they are anticipated. During the summer, any voluntary transfer applicant can call or email the Human Resources Department, and be given the latest information about vacancies. (1992, 1999, 2008)
- 6.10 Intra-District Teacher Exchange Program. Class Size

7.1 School Level Class Size

7.1.1 The number of Full Time Equivalent (FTE) members of the Unit assigned to each school for classroom instruction shall be done on the basis of the following formula:

7.1.1.1 This shall be based on enrollment as of "the ten-day count" (the first ten [10] student days), and resulting unit member assignments shall be completed by the end of the twentieth (20th) student day. (2004, 2008)

Final unit member assignments may be adjusted based on changes in student enrollment that occur after the ten-day count but prior to the end of the twentieth (20th) enrollment day. (2004)

Each middle school shall be assigned one (1) teacher member of the Unit for every twenty-five (25) students enrolled as of the end of the first school month. This staffing is based on the assumption that starting in 2023-24 all middle school teachers will teach no more than five-periods per day out of a seven-period day. (2023)

Special Education students who are in the general education environment for greater than fifty percent (50%) of their day shall be included in this allocation formula. (2015, 2018)

The parties agree that the intent of this language is as determined by the 1992 arbitration on class size. (1992, 2004)

- a. The District's ability to add additional certificated staff to any school site in order to avoid situations that could negatively impact students, programs, or teachers as permitted by Section 7.1.1.1. (1996)
- b. The Association recognizes that there may be situations in which the staffing ratio as indicated in Section 7.1.1.1 may have a negative impact at a particular school. Therefore, another teacher may be needed in addition to the ratio expressed in Section 7.1.1.1 to mitigate said deleterious circumstances. (1996)
- c. Based upon CEA's request, the Human Resources Department shall meet with CEA representatives for the purposes of discussion and consultation about adding additional certificated staff. The process and procedure for determining the need for an additional teacher shall not be delayed due to the unavailability of CEA representatives to meet on a timely basis. (1996, 2015)
- d. It is not the intention of the District to indiscriminately assign additional teachers, nor to indiscriminately prevent the assignment of additional teachers. (1996, 2015)

7.1.1.2.1 Classes across grades TK through 3 at each school site shall not exceed an average of twenty-four (24) students consistent with state law and regulations. If such laws/regulations do not mandate at least a maximum of twenty-two (22) students in grades K-3 by the 2025-26 school year, this shall be the contractual maximum average for grades K-3 beginning in the 2025-2026 school year. (2018, 2023)

- 7.1.1.3 Remaining fractions of 0.5 FTE or greater shall count as a full teacher.
- 7.1.1.4 The following members of the Unit shall not be included as allocations under the formula: (2015)
- a. Counselors
 - b. Resource Specialists
 - c. Special Education Teachers

If a grade 4, 5 or 4-5 combination class reaches a size of thirty-one (31) students, two (2) hours of instructional assistant time per day shall be assigned to the class. (2004, 2008, 2023, 2024)
- Once instructional assistant time is provided, it shall continue for the duration of the time a classroom is at thirty (30) or thirty-one (31) students. (2004, 2018, 2023, 2024)
- 7.1.1.7 Effective upon expiration of this Agreement (beginning with the 2024-2025 school year), the status quo regarding grades 4 and 5 class sizes shall be as follows: Each elementary school shall be assigned one (1) teacher member of the Unit for every twenty-nine (29) students enrolled in grades 4 and 5 as of the end of the “Ten-day count.” (2023)
- 7.1.1.8 For the year 2022-23, TK classes shall not exceed a ratio of one (1) adult to twelve (12) students. Contingent on appropriated funding by the State Legislature, this ratio will reduce to one (1) adult to ten (10) students starting in the school year 2023-24 as set for in Education Code (EC) section 48000(g). (2023)
- 7.1.1.9 General education elementary classroom teachers who are assigned separate classes, each of which is populated exclusively with students from a single different grade level, shall receive two (2) on-site release days per report card period to do assessments (report cards and progress reports). Section 12.3.4 does not apply to these teachers. (2024)
- 7.1.1.10 When recommended by the IEP team, classes at elementary and middle schools with SDC students placed into general education classrooms shall have a Special Education instructional aide to provide support while those students are in the general education classroom. (2024)

(2024)
- 7.1.1.12 Teachers in classes at all elementary and middle schools with students receiving special education services shall, upon request and approval by the principal, be provided up to 7.25

hours of paid release time for consultation with district SPED colleagues, or District and/or outside training (e.g. trainings offered by the SELPA). (2024)

7.2 Special Education

The District is committed to meeting the unique and diverse needs of the District's special education population in compliance with Federal/State laws and regulations. The District will continue to work cooperatively and in collaboration with CEA in furtherance of this commitment. (2017)

7.2.3 Special Education teachers at a middle school site who take on the role of Department Chair shall receive an annual stipend of \$3,500 for the additional work required in coordination with site administration. This section shall be effective for the term of this Agreement and shall automatically expire upon completion of this term unless otherwise agreed to in writing by the parties. (2024)

- The range and severity of individual student needs
- The age and behavior variables of the students
- The credential of the teacher

7.2.4.1 The District will make every effort to minimize assigning unit members to multiple sites so long as this enables the District to provide educational services in a fiscally responsible manner that meets all legal obligations, such as complying with IEPs. (2017)

7.2.5 Upon request, the Director of Instruction, Pupil Services, shall provide the Association with a copy of state law regarding class size/caseloads. (2015)

7.2.6 The District shall conduct multi-language assessments by providing District employed or contracted multi-lingual personnel and materials requested by the special education teacher in a consistent manner across the District and in accordance with the law.

- Review and potential modification of caseload
- Instructional Assistant support
- Assessment support

7.2.8 The District recognizes that there is a continuum of needs in each classroom that may vary throughout the school year. If a unit member has concerns about the appropriateness of a student's placement based upon the student's progress, s/he shall follow District protocol which generally is as follows: If the site team has already made the appropriate curricular, environmental, behavioral and programmatic adaptations to support the student within the current program, the

Case Manager should complete a Specialized Program Referral (available on the Pupil Services intranet site) and send it to the Director of Special Education. Referrals will be reviewed weekly by the Director of Special Education/designee and assigned to the Program Manager for follow-up within a reasonable amount of time. (2017)

7.2.9 All special day classes throughout the District shall not exceed an average of ten (10) students to one (1) teacher, and will have, at a minimum, the equivalent of two (2) 6-hour instructional assistants. Our united goal is to help students become as independent as possible. In addition, no individual special day class shall exceed 15 students, except as provided in sections 7.2.6.1 and 7.2.6.2 below. (2017, 2024)

7.2.9.1 Mild/Moderate SDC classrooms with more than twelve (12) pupils will be provided additional aide support, unless the classroom is already staffed with more than two (2) instructional assistants. In the event that it is not feasible to open another class, individual preschool SDC caseload shall not exceed twenty-two (22) pupils at any time from March 15 until the end of the school year. 7.2.13 All involved teachers (special education and regular class) shall participate in all IEP Team meetings dealing with their students as required by law.

7.2.14 Insofar as possible, unit members shall be given advance notice before a student with special education services is newly assigned to their class/load/service. Such advance notice shall include all available diagnostic/prescriptive information. In addition, the Director of Special Education/designee or a member of the IEP team who is familiar with the student shall meet and consult with the unit member prior to placement of the child, if possible, or as soon as practicable thereafter. (2015, 2017)

- 10.5.2 In the event a grievance is filed at such time that it cannot be processed through all the levels in this grievance procedure by the end of the school year, the time limits set forth herein will be reduced so that the grievance procedure may be completed prior to the end of the school year, or as soon after as is practicable.

Such duties shall not exceed twenty (20) hours per school year; however, this shall not be construed as a minimum requirement. (1996, 2002, 2024)

The parties will agree to maintain a list of adjunct duties, the purpose of which is specifically not to represent an exclusive enumeration of what activities may count toward the required hours. Rather, the sole purpose of such a list is to ensure that performance of activities on the list shall count at any site. The parties intend the list to be updated as needed through the continuous negotiations process. See Article 17.12. (2002, 2015, 2023)

- 24 Tuesdays divided 50% for non-interrupted, protected individual planning and 50% for collaborative and staff meetings;

(2022)
- 12.2.11 Members of the Unit may be called upon to assist or provide coverage for emergency situations for which no substitute is available. (2022)

ARTICLE 21
Variances – Site-Based Exceptions (1994)

- 21.1 Variance Plans – Purpose. It is the objective of the Association and District to encourage initiative and innovation at the work site through site-based decision-making. To promote and achieve this objective, the parties recognize that proposals may be generated which conflict with the negotiated Agreement. In the event of such a conflict, a variance may be warranted. The following variance process is intended to provide the necessary flexibility for site-based decision-making and at the same time protect the integrity of the negotiated Agreement.
- 21.2 Variance Procedure
- 21.2.1 In the event a faculty member (including site administrators) or group of faculty members at a school wish to establish an instructional/work program or schedule that varies from the negotiated Agreement, such variance plan shall initially be discussed with the principal. Thereafter, consideration of the plan will be initiated by petition, signed by at least twenty-five (25%) percent of the faculty members at the site, including members of “special groups” assigned to the site (e.g., special education and counselors), and submitted to the Association President and the District Superintendent or designee. The petition must clearly identify which provisions of the Agreement are affected by the variance plan, proposed date of implementation, and duration of the plan.
- 21.2.2 Upon attainment of twenty-five (25%) percent of the signatures as provided above, a secret ballot shall be conducted by the Faculty Advisory Committee and the principal at the site. The variance plan must receive the support of at least two-thirds (66 2/3%) of the votes cast by faculty members assigned to the site.
- 21.2.3 Upon attainment of the required vote as provided above, the variance plan shall be submitted in writing to the association president and the District Superintendent or designee for each party’s consideration.
- 21.2.4 Upon approval of the variance plan by both parties, the plan will be implemented according to its provisions.
- 21.3 Renewal and Resession of Plan. A variance plan may be renewed or rescinded by following the procedure in Section 21.2.

23.1 Definition. Interns are unit members who have no credential issued in the United States and are working through the District and a university to obtain a California credential. Interns must hold a California intern credential.

23.2 Salary. Teacher Interns shall receive the full salary provided on cell B of the salary schedule. Interns serving in part-time positions will receive the prorated portion of the salary. Interns with additional units and/or degrees will not receive any additional salary. (2002)

Section 3.23 (Masters degree stipend) of the contract shall apply to interns. (2002)

23.3 Fringe Benefits. Article 4 of the contract shall apply for teacher interns.

23.4 Continuance in the program. A satisfactory performance evaluation will be required to continue in the program.

23.5 Release from the program. The District may at its discretion release the intern from employment with the District at any time after consultation with the university supervisor, principal, and master teacher.

23.6 Employment Status. Interns will be in “intern” status while they are completing the program.

23.7 Employment as Probationary Teachers.

23.7.1 If the District employs an intern who served under a California intern credential upon successful completion of the intern program and receipt of the teaching credential, the intern's status (e.g., first of second-year probationary teacher) will be according to Education Code Section 44466, and the intern will be placed at Step C-2, D-2 or E-2 on the teacher salary schedule if the intern has the semester units to qualify for such placement effective 2002-2003 retroactive to July 1. (2002, 2004)

23.8 Master Teachers. Master teachers will be selected and assigned by the Human Resources Department. Participation by master teachers in this program is voluntary. Upon request, a Human Resources representative will discuss these selections with a CEA representative. Master teachers must have satisfactory performance evaluations and must be permanent teachers in the District. Master teachers will be responsible for helping the intern in areas such as planning and will share ideas regarding meeting the duties of a teacher. Master teachers will receive a stipend of \$2,200 per school year for their support to the assigned intern. This amount will remain unchanged subject to future agreement to adjust this specific stipend. This stipend will be pro-rated for part-time interns. (2000, 2004, 2008)

The assistance provided by a master teacher to an intern is an ongoing activity throughout the year. The master teacher's duties include meeting at least once a week with the intern.

23.9 Interns. Interns will participate in the responsibilities of a teacher (prorated for part-time service).

23.10 Evaluation. Article 9 shall apply. Interns will be evaluated on the same timeline as first year probationary teachers. Interns will receive two (2) summary evaluations due on February 1 and thirty (30) calendar days prior to the last day of school.

23.11 Leaves. Article 5 shall apply only as follows: Interns shall be eligible for sick leave (Section 5.1), personal necessity (Section 5.2), military leave (Section 5.3), bereavement (Section 5.5), judicial/official business leave (Section 5.9), and Industrial Accident (Section 5.11).

ARTICLE 24
Americans With Disabilities (ADA) Provision

- 24.1 The District and the Association acknowledge that both parties have the legal obligation to consider reasonable accommodation for qualified disabled members.
- 24.2 If the District determines that it must reasonably accommodate a qualified disabled member, that legal obligation may supersede those sections of this agreement in conflict with the duty to accommodate.
- 24.3 The Association recognizes that the District has the legal obligation to meet with qualified disabled members to discuss reasonable accommodation.
- 24.4 A unit member seeking accommodation has the right to representation by the Association in discussions with the District regarding such accommodation. Upon such a request, arrangements shall be made for a representative to be present before discussion continues.
- 24.5 Following discussion with the unit member (and his/her representative if requested), if the District determines that implementation of the reasonable accommodation will conflict with the rights of other members or with provisions of the collective bargaining agreement, and the parties (including the Association) have not already consented to the accommodations offered by the District, the District will give the Association written notice and an opportunity to meet to discuss alternatives before implementation of said accommodations.
- 24.6 If after discussions the Association disputes the necessity for or appropriateness of the reasonable accommodation, the District will require the unit member to undergo an independent medical examination. In such case, the medical examiner shall determine, in his/her professional opinion:
- a. whether in fact a disability exists within the meaning of the ADA, and if so,
 - b. whether the proposed accommodation will allow the disabled unit member to perform the essential job functions.
- 24.7 If the examination referred to above answers questions (a) and (b) in the affirmative, and the Association continues to dispute the necessity for or the appropriateness of the reasonable accommodation, at the Association's request, a conference will be held with the Superintendent, attended by Association representatives, the unit member (and/or representative), and a representative from the Human Resources Department. The Superintendent's decision regarding the reasonable accommodation shall be final. The Association agrees to keep medical information related to the reason for the reasonable accommodation confidential, unless the affected member signs a release.
- 24.8 The District and the Association acknowledge that particular accommodations are intended to meet the individual needs of particular persons. Acceptance by the District and the Association of a particular accommodation shall not obligate either of them to accept the same and similar accommodation for a different individual.
- 24.9 Any reasonable accommodation provided under the ADA shall not establish a past practice, nor shall it be cited or used as evidence of a past practice in the grievance/arbitration procedure. Any action taken to provide an accommodation pursuant to the ADA shall not be subject to challenge through Article 10 (Grievance Procedure), however disputes regarding the use of the procedure herein shall be subject to Article 10 provided that an arbitrator shall have not authority to change or otherwise affect the accommodation made for the member.

24.10 For the purposes of this Article/Section, “member” or “unit member” includes current unit members, members from other bargaining units whose reasonable accommodation involves assignment to a position in this bargaining unit, and new members whose employment in the bargaining unit will involve reasonable accommodation.

ARTICLE 25
Discipline

25.1 Just Cause/Due Process/Right to Representation (2016)

25.1.1 The District may discipline a unit member only for just cause. Discipline shall conform to the principles and procedures of progressive discipline.

25.1.2 This Article is intended, for the purpose of suspension, to replace the provisions of Education Code Section 44944, but shall not apply to suspensions pursuant to Education Code Sections 44939, 44940 or 44942. Discipline under this Article shall not include dismissal or suspension for more than fifteen (15) working days.

25.1.3 The District and the Association agree that discussions with unit members regarding disciplinary action shall be conducted in an appropriately private setting apart from individuals not directly involved in the issue. This shall not constitute a waiver of representation.

25.1.4 Unit members shall have the right to be accompanied by an Association representative at any meeting with an administrator where disciplinary action is contemplated or discussed.

25.2 Progressive Discipline (2016)

The principles and procedures of progressive discipline will be applied except where the serious nature of the offense requires bypassing progressive steps. Whether the serious nature of the offense required bypassing progressive discipline, steps may be submitted to the grievance procedure under Article 10 as described herein. If the recommended disciplinary action is suspension, then Section 25.3.5 shall apply (appeal directly to arbitration). Progressive Discipline steps will include the following:

25.2.1 Verbal Warning: This is a conversation between the administrator and unit member separate from ongoing work place dialogue, where the nature of the conversation would be understood by a reasonable person to be a warning to the unit member. The administrator may, but is not required to, inform the unit member prior to or during this conversation that a verbal warning is being given. The administrator will provide the unit member with a follow up written notice of communication (e.g., email) confirming the verbal warning. This communication shall not be placed in the official personnel file unless it is later attached to a written warning, written reprimand, or notice of suspension as set forth in this Article.

25.2.2 Written Warning

25.2.2.1 The administrator shall deliver the written warning personally to the unit member. The unit member will sign the written warning to acknowledge receipt; however, this shall not constitute any admission of or agreement to the matters set forth in the written warning. The unit member shall be afforded the opportunity to review and discuss the written warning with the issuing administrator at the time of delivery or within seven (7) workdays thereafter. Thereafter, the administrator shall decide within five (5) workdays, whether to finalize the written warning and whether a copy of the finalized document will be placed in the unit member's school file. This decision shall be communicated to the unit member within the same five (5) workday time frame. The unit member may file a written rebuttal for attachment to the finalized written warning within ten (10) workdays of receipt of the finalized written warning or the conference with the administrator, whichever is later.

25.2.2.2 If it has been decided that the written warning will be finalized, and the verbal warning step has been bypassed, a unit member may request a conference with the Human Resources Administrator. This conference shall take place within seven (7) workdays of the issuing administrator's decision, unless the timeline is unable to be met by the Human Resources Administrator. The Human Resources Administrator's decision regarding deposition of the written warning shall be made within five (5) days of the conference and shall be final.

25.2.3 Written Reprimand

25.2.3.1 The administrator shall deliver the written reprimand personally to the unit member. The unit member will sign the written reprimand to acknowledge receipt; however, this shall not constitute any admission of or agreement to the matters set forth in the written reprimand. The unit member shall be afforded the opportunity to review and discuss the written reprimand with the issuing administrator at the time of delivery or within seven (7) workdays thereafter. Thereafter, the administrator shall decide within five (5) workdays whether to finalize the written reprimand. A copy of the finalized document shall be placed in the unit member's personnel file (subject to Section 25.2.3.2). This decision shall be communicated to the unit member within the same five (5) workday time frame. The unit member may file a written rebuttal for attachment to the finalized written reprimand if done within ten (10) workdays of receipt of the finalized written reprimand or the conference with the administrator, whichever is later. This timeline shall be extended to ten (10) workdays after the Human Resources Administrator's decision if Section 25.2.3.2 is revoked.

25.2.3.2 If it has been decided that the written reprimand will be issued, a unit member may request a conference with the Human Resources Administrator. This conference shall take place within seven (7) workdays of the issuing administrator's decision, unless the timeline is unable to be met by the Human Resources Administrator. The Human Resources Administrator's decision regarding the disposition of the written reprimand shall be made within five (5) days of the conference and shall be final, unless 1) the written reprimand was the first disciplinary step and 2) the unit member chooses to challenge the bypassing of the progressive disciplines steps as specified above. In such case, the unit member may file, within seven (7) workdays of the Human Resources Administrator's decision, an appeal directly to the Superintendent, which shall be considered a Level II grievance under Article 10, Section 10.3.

25.2.4 Suspension

25.2.4.1 In all instances, the length of a suspension shall not exceed fifteen (15) workdays.

25.2.4.2 Notice of suspension will be made in writing and served in person upon the unit member by the Superintendent or designee. A copy will be concurrently provided to the union President; however, inadvertent failure to comply with this requirement shall not constitute reason to affect ultimate disciplinary action, if any.

25.2.4.3 The District will provide an update to a unit member who has been placed on paid administrative leave pending investigation or pursuant to Section 25.4.1 when such leave will extend beyond 30 days.

25.3 Notice of Suspension (2016)

This notice shall contain:

- 25.3.1 A statement of the specific act(s), infraction(s) or omission(s) upon which the action is based;
- 25.3.2 Where applicable, the Education Code section, policy, rule, regulation, or directive violated;
- 25.3.3 The penalty proposed and effective date;
- 25.3.4 Copies of the documentary evidence upon which the recommendation is based; and
- 25.3.5 A statement of the unit member's right to challenge the proposed suspension by requesting a hearing within 15 workdays from the date the notice is served, pursuant to arbitration procedures of Article 10, Grievance Procedure, of this Agreement subject to Section 25.4.1 below.

25.4 Arbitration (2016)

25.4.1 Verbal warnings, written warnings, and written reprimands may not be submitted to arbitration other than within the context of a suspension hearing or regarding whether the serious nature of the offense required bypassing progressive discipline steps directly to a written reprimand as described herein. Suspensions may be appealed directly to final and binding arbitration under the grievance procedure in Article 10, Grievance Procedure, of the Agreement commencing with Level III, Section 10.4. The suspension will not be imposed until the arbitrator's decision is rendered, except for just cause necessitating the immediate removal of the unit member from the worksite, in which case the unit member shall be placed on administrative leave with pay pending the outcome of the arbitration.

25.4.2 A unit member who has received a Notice of Suspension may request a conference with the Superintendent, or designee, prior to the suspension hearing, with the intent of seeking resolution other than suspension. The conference shall take place within ten (10) workdays of the unit member's request.

25.5 Confidentiality (2016)

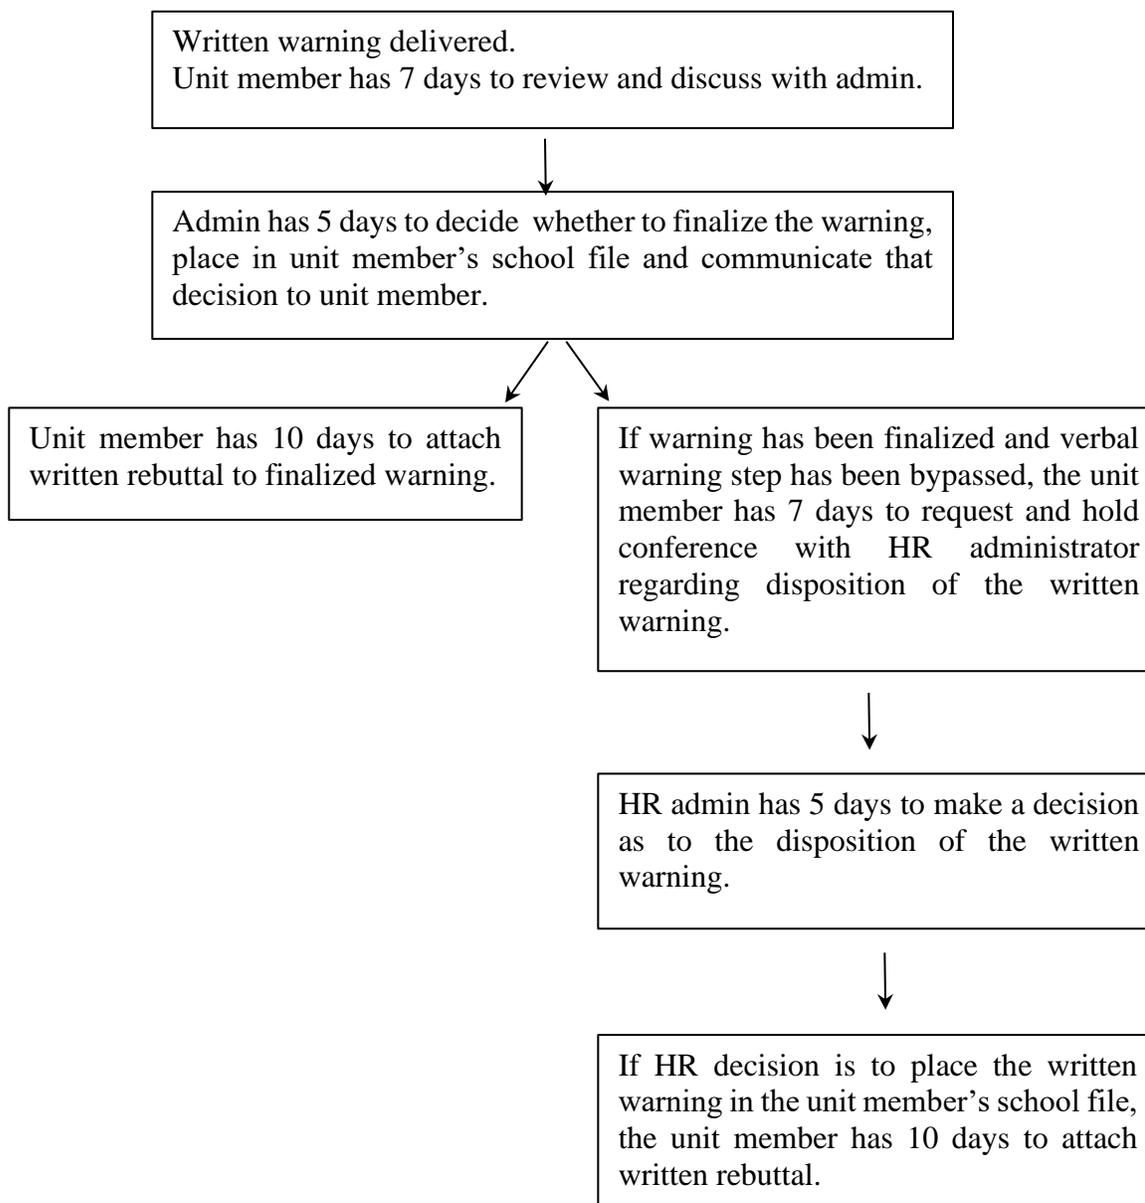

All information or proceedings regarding any actions or proposed actions pursuant to this Article will be kept confidential by the parties to the extent permitted by law.

25.6 Education Code (2016)

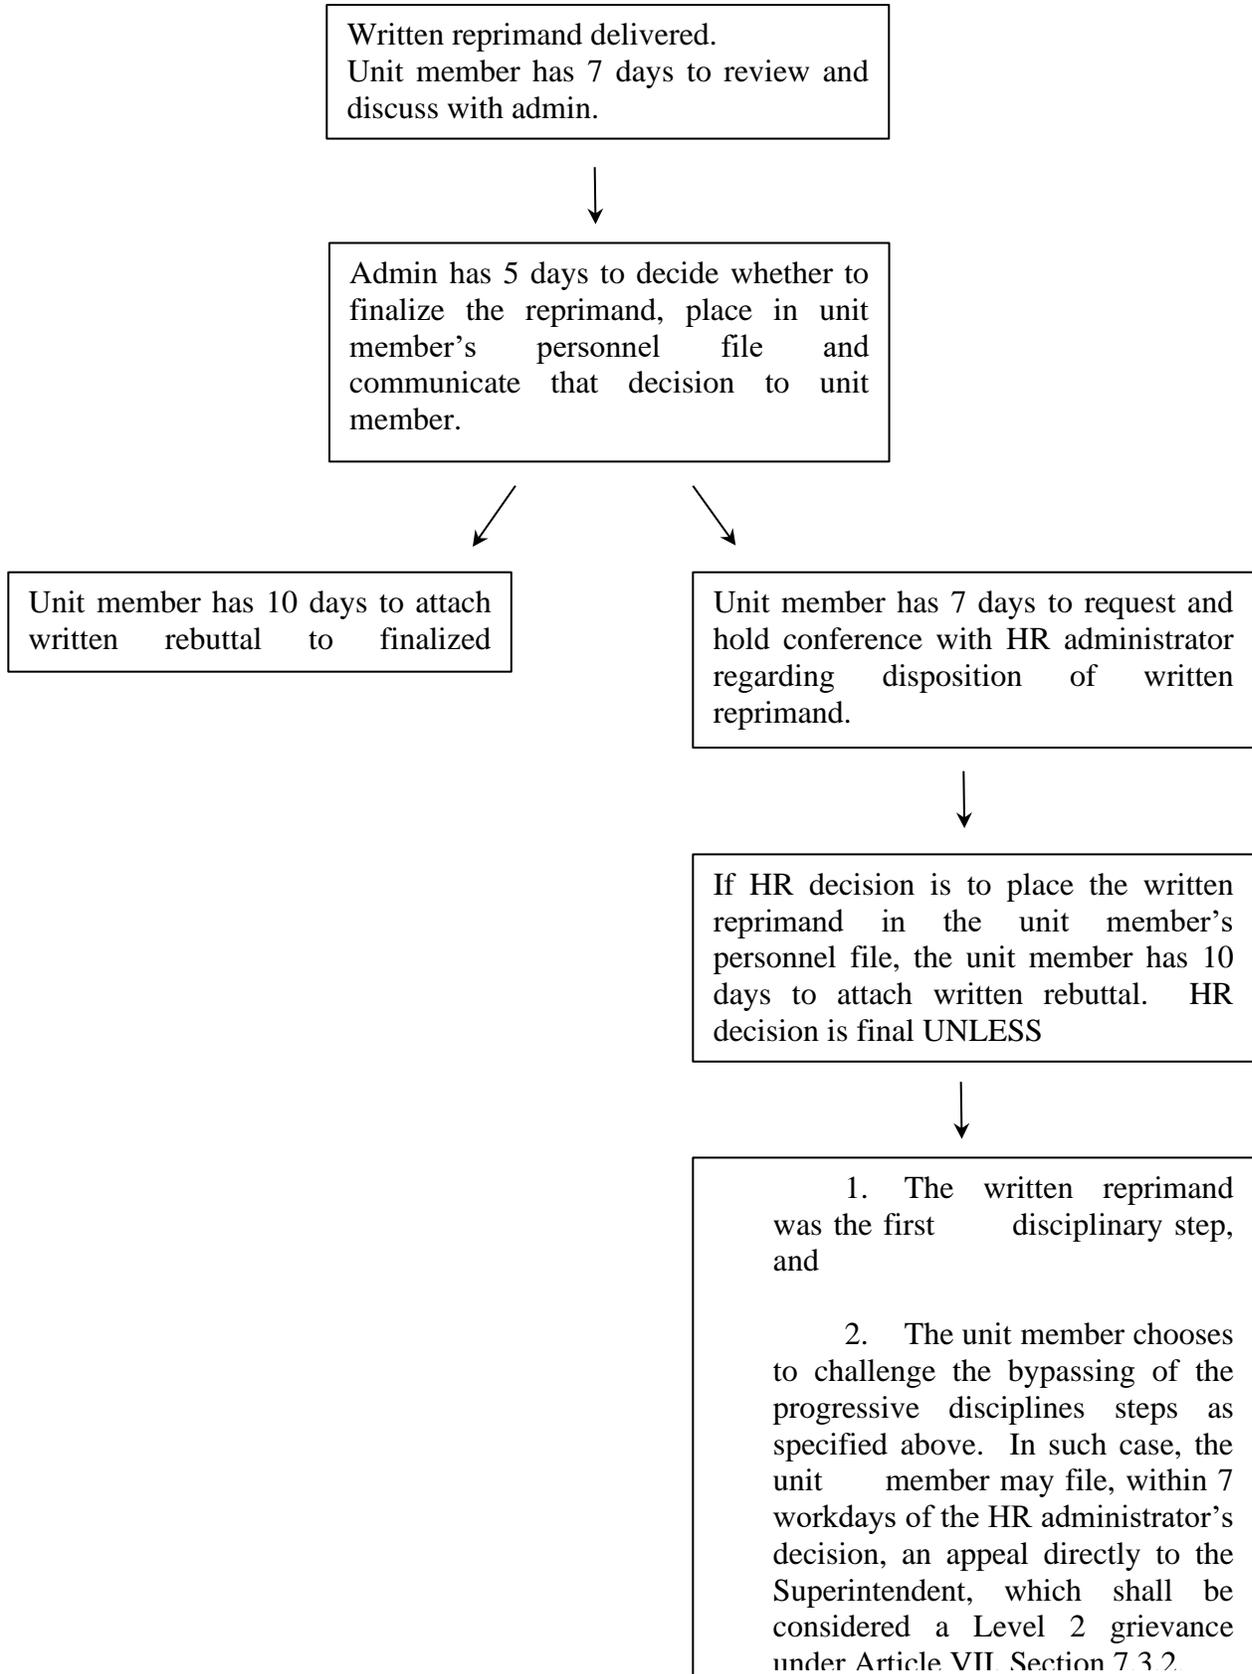

25.6.1 This Article shall not reduce the rights of permanent bargaining unit members contained in Education Code Section 44932 (Grounds for dismissal of permanent employees) and Section 44944 (Conduct of hearing; decision; expenses and costs).

25.6.2 Nothing in this Article precludes or in any manner affects or reduces the District's rights to initiate and pursue dismissal proceedings under the Education Code.

Memorandum of Understanding Between Cupertino Union School District And Cupertino Education Association

Extra Periods and Exceptions to Contractual Prep Time at Middle Schools

I. Extra Periods

1. Middle school principals may elect to establish “zero periods” at their schools, either within or outside the regular teacher workday. If the zero period falls outside the regular workday, affected Unit member’s salaries shall be increased in proportion to their regular salaries.
2. Teacher participation in such zero periods shall be strictly voluntary. The most senior qualified volunteer(s) shall have first entitlement to such assignment(s). If extra periods are offered in subsequent years, a rotation system shall apply, in which the most senior qualified volunteer(s) who have not already taught an extra period shall have first entitlement to such assignment(s).
3. Extra periods shall either be within the school’s established staffing allocation (ratio) or funded through non-general fund sources.
4. Due to the voluntary nature of participation in zero periods, there shall be no adverse consequence to nonparticipation therein.
5. It is the District’s intent to make every reasonable effort to meet the instructional and/or scheduling and/or facilities needs of middle schools in a manner which obviates the necessity for extra periods.
6. Nothing shall be construed to enable to allow Unit members to teach classes during their contractually provided preparation time; rather, that potential situation is covered exclusively by Part II, Exceptions to Contractual Prep Time at Middle Schools.

II. Exceptions to Contractual Prep Time at Middle Schools

1. Part II of this Memorandum of Understanding reflects the sole, agreed-upon conditions under which a Unit member may be allowed to teach during the prep period set forth in section 12.2.5 of the negotiated agreement.
2. The parties acknowledge that constantly evolving staffing and scheduling needs sometimes result in the need for the District to ask teachers to teach an instructional period in addition to their regular assignment (i.e., during their contractually provided preparation period).
3. Teaching during one’s preparation period shall be strictly voluntary. The most senior qualified volunteer(s) shall have first entitlement to such assignment(s). If such assignment(s) are offered in subsequent years, a rotation system shall apply, in which the most senior qualified volunteer(s) who have not already taught during their preparation period shall have first entitlement to such assignment(s).
4. Teachers who teach during their preparation period shall have their salaries increased in proportion to their regular salaries.

5. Due to the voluntary nature of teaching during the preparation period, there shall be no adverse consequence to nonparticipation therein.
6. It is the District's intent to make every reasonable effort to meet the instructional and/or scheduling needs of middle schools in a manner which obviates the necessity for utilizing the "exception" provided herein.
7. The District shall continue to pursue ways to meet its instructional and/or scheduling needs even after an "exception" has been implemented. The exception will be discontinued if such efforts are successful and a change can be made without unreasonably disrupting the education process.
8. The District shall provide reasonable notice to Cupertino Education Association (CEA) during the staffing process to allow the Association to offer input, options, and advice regarding the potential need for an "exception" as provided herein.

III. General Provisions

1. Any alleged violations, and/or misinterpretations, and/or misapplications of this Memorandum of Understanding shall be resolved pursuant to Article 10, Grievance Procedure, of the 1998-2001 negotiated Agreement between the parties.
2. This Memorandum of Understanding is effective for the duration of the 2004-2005 through 2006-2007 agreement. However, both parties agree that renewal of this Memorandum of Understanding shall not be unreasonably withheld and that opposition to such renewal shall be based on objective data based on the implementation of this Memorandum of Understanding.

Education Code 49079 – Student Discipline Notification

- (a) A school district shall inform the teacher of each pupil who engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7 that the pupil engaged in, or is reasonably suspected to have engaged in, those acts. The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section.
- (b) A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this section unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.
- (c) An officer or employee of a school district who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision (a) is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars (\$1,000), or both.

Education Code 48910 – Student Suspension by Teacher

- (a) A teacher may suspend any pupil from class, for any of the acts enumerated in Section 48900, for the day of the suspension and the day following. The teacher shall immediately report the suspension to the principal of the school and send the pupil to the principal or the designee of the principal for appropriate action. If that action requires the continued presence of the pupil at the school site, the pupil shall be under appropriate supervision, as defined in policies and related regulations adopted by the governing board of the school district. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. The pupil shall not be returned to the class from which he or she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal.
- (b) A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day this subdivision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended.
- (c) A teacher may also refer a pupil, for any of the acts enumerated in Section 48900, to the principal or the designee of the principal for consideration of a suspension from the school.

Appendix H CUSD Substitute Teacher Emergency Protocol

In an effort to minimize disruptions to the learning environment and continue to provide consistent, sound instruction to our students, the following protocol has been developed to address the District wide need for adequate substitute teacher coverage.

Although all staff are required to enter absences into the absence tracking system as soon as possible and no later than the day of their absence, there are times that we face a shortage of substitutes due to extenuating circumstances.

The following protocol will assist in reducing vacancies that may lead to an **emergency subbing** situation:

Human Resources will notify all sites of an impending sub shortage the day prior or as soon as possible. This will allow site administration the opportunity to review the following site staff absence requests and adjust as necessary:

1. All sites will review the following vacancies and adjust as necessary:
 - a. 4/5 Report Card Days/TK/K Assessment released teachers
 - b. Site release time
 - c. 4/5 Pre-Approved Report Card Days; TK/K Pre-approved Assessment Days
 - d. TK/K Conference Days
2. Middle School sites will cover vacancies by period subbing with on site staff.
3. Sites with only a Principal administrator assigned will be given sub priority to ensure classroom vacancies are filled by other certificated employees prior to the Principal being assigned the vacancy.

After the above adjustments to vacancies have been exhausted, the following protocol will be utilized to call back teachers participating in Professional Development (PD) as well as utilize other resources **when the sub shortage is deemed an emergency by the Human Resources Department:**

1. Staff attending PD using internal resources, including BTSA observational rounds.
2. Staff attending PD using paid, outside consultants
3. Staff attending PD offsite - in county
4. Staff currently serving as ISTs, Coordinators, Directors, and in extenuating circumstances, EC members.
5. PD offsite - out of county

In addition, the following guidelines will be implemented:

1. Staff released for PD shall be limited to a District total according to the following schedule:
 - a. Monday through Friday – A total of 30 attendees
2. Scheduled PD will be posted on the Instructional Department calendar that is accessible through the Outlook calendar. Sites shall access this calendar and check dates prior to scheduling on site PD.

7. To the greatest extent possible, unit members transferred due to school closure/consolidation will not be assigned to a combination class unless they request it.
8. The District will make every effort to minimize the assignment of affected unit members who are Special Education Teachers, Resource Specialists, Speech/Language Pathologists and Psychologists to not more than one school. Given the varying needs of students, the parties acknowledge this will not always be possible; in such instance(s), the issue will be referred to two (2) representatives chosen by each party to explore alternatives, if any.

on the logistics of the consolidation (e.g., where unit members are placed and other aspects of actual implementation at the site).

- c. In collaboration with the district Transition Advisory Team, a transition team will be formed at each of the consolidated sites. This team will include a CEA representative and, if feasible, FAC members (accounting for schools with small FACs). The site transition team shall also endeavor to include parent and/or community members from closing and consolidated schools on their teams. Under the guidance of the District Transition Advisory Team, each site transition team will develop a plan, including community activities, to be used at their school site to blend communities from the closing and consolidating schools.

TENTATIVE AGREEMENT BETWEEN
CUPERTINO UNION SCHOOL DISTRICT AND
CUPERTINO EDUCATION ASSOCIATION

ARTICLE 9: EVALUATION

The District proposes to form a joint subcommittee to explore current best practices for certificated employee evaluations including but not limited to the following:

1. Establishing a professional growth model based on collaboration between the evaluator and evaluatee, as contrasted with a "compliance" model which can become confused with the discipline process.
2. Shift the emphasis of the evaluation process and evaluation tool to a ~~growth model that is student-centered.~~ **more meaningful process for both parties.**
3. Provide more flexibility in the format and frequency of the formal evaluation for satisfactorily performing permanent unit members.
