

Gray's Impact Now Focused on Teachers

TUPELO, Miss. — For the past 15 years, April Gray has served the Tupelo Public School District in various capacities, including the last five as an instructional coach.

A native of Tupelo who attended Blue Mountain College and earned her masters from Arkansas State, she also taught kindergarten for 10 years and spent one month in 3rd-grade before transitioning to her current role.

She is still teaching, but her focus now are the teachers themselves and how they can better educate their students, splitting her time at Carver and Parkway.

“Mrs. Gray supports our children and teachers in a manner to increase the success of all our students,” Carver Principal Christy Carroll said. She leads, guides and inspires us. Carver is definitely a better place for all with Mrs. Gray on our team.”

This week's TPSD Staff Spotlight, sponsored by Sunny 93.3 and Buffalo Wild Wings, is instruction coach April Gray of both Parkway and Carver.
