Our Mission is to provide a challenging and engaging educational program to meet the needs of all learners.

Our Vision is to instill within students the character, knowledge, and essential skills needed to succeed in a global economy.

Title I Program

The purpose of the Title I program is to ensure that all children meet challenging State academic content and student academic achievement standards.

Students are identified through multiple sources of data as needing additional supplemental instruction to help them meet grade level standards.

The Title I Program is based on effective means of improving student achievement and includes strategies to support parent involvement.
