

Exhibit B—Notice Warning Concerning Copyright Restrictions

Note to administrator: This warning notice must be printed on heavy paper or other durable material in 18-point or larger type and must be displayed prominently, where it is clearly visible, legible, and comprehensible to a casual observer in the immediate vicinity of the place where reproductions are made or requests for reproduction are accepted.

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or reproduction. One of these specified conditions is that the photocopy or reproduction is not to be “used for any purpose other than private study, scholarship, or research.” If a user makes a request for, or later uses, a photocopy or reproduction in excess of “fair use,” that user may be liable for copyright infringement.

The District reserves the right to refuse to make photocopies for anyone requesting photocopying if, in the District’s judgment, fulfilling the request would involve violation of copyright law.

The person using this equipment is liable for any infringement. The Spring Branch Independent School District does not authorize the use of this machine for the photocopying or reproduction of copyrighted works.
