208 Development, Adoption, and Implementation of Policies

I. PURPOSE

The purpose of this policy is to emphasize the importance of the policy-making role of the School Board and provide the means for it to be an ongoing effort.

II. GENERAL STATEMENT OF POLICY

Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient, and consistent manner. A set of written policies shall be maintained and modified as needed. Policies shall define the desire and intent of the School Board and should be in a form that is sufficiently explicit to guide administrative action. All employees are responsible to implement and comply with School Board policies in a conscientious and professional manner.

III. DEVELOPMENT OF POLICY

- A. The School Board has jurisdiction to legislate policy with the force and effect of law for the school district. School district policy provides the school board's general direction for the school district while delegating policy implementation to the administration.
- B. The School district's policies provide guidelines and goals to the school community. The policies are the basis for guidelines and directives created by the administration. The School Board shall determine the effectiveness of policies by evaluating periodic reports from the administration.
- C. Policies may be proposed by a School Board member, employee, student or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review prior to possible placement on the School Board agenda. The superintendent will be responsible to provide for regular policy revisions or new policies to be recommended to the School Board.

IV. ADOPTION AND REVIEW OF POLICY

- A. The School Board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two School Board meetings. The proposals shall be read and public comment will be allowed at both meetings.

received. The policy will be effective on the latter of the date of passage or the date stated in the motion.

- C. In an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the School Board in a single meeting. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The policy adopted in an emergency shall expire within one year following the emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The School Board shall have discretion to determine what constitutes an emergency.
- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the School Board has no control, the modified policy may be approved at one meeting at the discretion of the School Board.

V. IMPLEMENTATION OF AND ACCESS TO POLICY

- A. The superintendent shall be responsible for implementing School Board policies, other than the policies that cover how the school board will operate. The superintendent shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. It shall be the responsibility of all employees to keep informed about and to implement School Board policies.
- B. Each School Board member shall have access to school district policies. A copy of the school district policies is available online on the school website. A QR Code shall be placed in the office of each school and in the district office and shall be available for reference purposes to employees or other interested persons.
- C. The superintendent, employees designated by the superintendent, and individual School Board members shall be responsible for keeping the policy current.
- D. The school board shall review policies at least once every three years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one third of the policies annually. In addition, the school board shall review the following policies annually: 410 Family and Medical Leave Policy; 506 Student Discipline; 722 Public Data Requests; and 806 Crisis Management Policy
- E. When no School Board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping in mind the mission, educational philosophy and financial condition of the school district. Under such circumstances, the superintendent shall advise the School Board of the need for a policy and present a recommended policy to the School Board for approval.
