

Newmark Education

Parent Alert

November 1, 2022

In Need of 100% Parent Participation!

Dear Newmark Parents,

A special thank you to all the parents who have so generously contributed to the **2022 Newmark Annual Fund**. Your support is invaluable to continuing the important programs and safety measures at Newmark. We have been so fortunate for several record-break donations this year by a number of parents. Every year our goal is 100% Parent Participation. **To date, we have just over 48% who have participated in this year's Annual Fund.**

Please help us to continue doing what we do best – **educating and providing emotional and social connections for our families and students**. There is still time to donate if you haven't had a chance to yet. Every gift counts! And, please consider Newmark in your year-end, tax-deductible plans. We gratefully accept credit cards, checks or even stocks.

Visit our [website](#) or check your Friday Backpack News for more details on how to support this year's Annual Fund. If you value the education and experience provided by Newmark for your child, please donate to the 2022 Newmark Annual Fund today. Thank you for your consideration on behalf of all the students at Newmark.

Sincerely,

Ms. Cynthia Allman
Executive Director

Dr. Regina M. Peter
Executive Director
