

OCTOBER LOBO TIMES

BY: RIYA PATEL

LOBO TIMES

For the students. From the students. By the students.

DID YOU KNOW?

BY JY HUNG ONG

The average person consumes about 1.3 lbs (0.6 kg) of candy every year on Halloween.

Find more fun facts on page 14

RECENT EVENTS

BY GIANNA VALLA, JAZMINE FERNANDEZ & KAYLEE NGUYEN

On the 5th, Quimby Oak participated in International Walk to School Day. It was a huge success and many students got fun prizes!

On Saturday the 22nd, many students and adults participated in Campus Beautification Day. Those who had volunteered got to help clean our campus.

For College and Career Week, students did a scavenger hunt all around campus, competing to be the first 10 to receive a prize.

SCHOOL SPIRIT

BY KAYLEE NGUYEN & ELAINE TRAN

Finally we have our first school dance, Monster Mash!

Everyone wore pink on October 12th for Breast Cancer Awareness.

Oct 17 to 21, there is College and Career Week, with each day dedicated to learning about colleges and career paths.

October 24 to 28 was Red Ribbon Week, students learned the importance of being drug-free.

TEAM 10 AND 20 LDA PROJECTS

TEAM 20 SCIENCE

BY YASH

Ms. Gupta just started a chapter on Ecosystems and will be doing a project on it.

TEAM 10 SOCIAL STUDIES

BY YASH

Mr. Wilbon's students have started the Rome Unit. At some point, they will do a PBL on the causes of the fall of Rome and the legacies of Rome.

TEAM 20 MATH

BY YASH

Ms. Pepper's class currently working on operations with integers & rational numbers.

TEAM 10 LANGUAGE ARTS

BY YASH

Ms. Luo's students are writing personal narrative short stories/essays.

TEAM 20 LANGUAGE ARTS

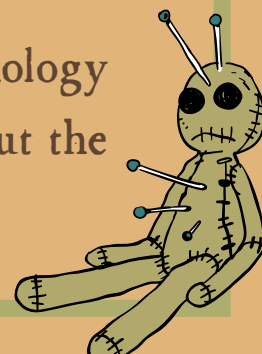

BY YASH

Ms. Hernandez's class is currently learning about Myths and Mythology.

TEAM 20 SOCIAL STUDIES

BY YASH

Currently, Ms. Coburn's class is learning about Myths and Mythology and worked on their posters about the Roman Gods.

TEAM 30 LSI PROJECTS

WORLD ARTS

BY JY HUNG ONG

Seventh graders have wrapped up their project that they started on September 23. This project is called My Most Prized Possession (MMPP). The driving question is "How can I unveil my most prized possession so that an audience understands WHY I strive to become a better person everyday. Later, at Oct 26, from 5-6 pm, there was the Quarter 1 Showcase. The students were able to show their parents what they have been working on so far this year.

DISCOVERY SCIENCE

BY ELLA MAGBITANG

In science, seventh graders have been working on a project called Little Things Make a Big Difference (LTMBD), where they can create whatever they want that explains the atomic composition of molecules.

MATH 7 & 7/8

BY JY HUNG ONG

In 7th Grade Math, students are finishing up their Real World project, in which they had simulated five years in the adult world. They are currently working on designing their own dream home, where they would show the "LSI Building Department" their homes and get their houses approved. The Real World project will be shown to parents on Wednesday, October 26.

TEAM 100 AND 200 LDA PROJECTS

TEAM 200 MATH

BY DUSTIN HANG

In Math they just finished a project on slope and they are currently graphing linear equations using tables.

In Advanced math they just began our 3rd unit on Functions. Students are currently learning about Function Notation.

LANGUAGE ARTS

BY DUSTIN HANG

Students will read suspenseful thrillers such as "The Elevator", The Hitchhiker, "The Tell-Tale Heart. They will then write their own thriller using the skills and different writing strategy from the thrillers they've read.

TEAM 100 SOCIAL STUDIES

BY YASH

This month in 8th grade US History they are finishing the unit "Who Do You Think You Are?" with a family heritage project, and answering their essential question - How does exploring our own identity and history help us to better understand the people of the past and their stories within US History?... They will be starting their next unit - "The Truth is Out There" the week of October 24th. In this unit they will focus on the Revolutionary War and times, with short history detours for Halloween, Día de los Muertos, election day and Veteran's Day.

TEAM 100 SCIENCE

BY YASH

Ms. Menon's class did a lab to find the speed of falling Dominoes. They also worked on Exploratory stations on Forces, and are learning about Potential and Kinetic Energy using the example of Roller Coasters.

TEAM 200 LANGUAGE ARTS

BY YASH

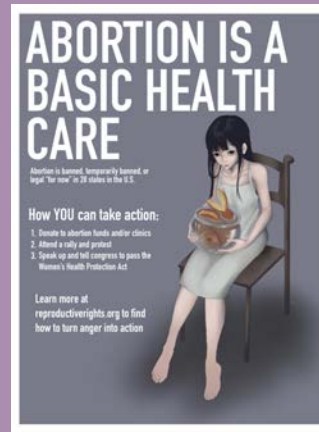

Mrs. Beher's class is getting into the Halloween spirit. in ELA Team 200 students read four suspenseful thrillers: "The Elevator", *The Hitchhiker*, "The Tell-Tale Heart", and "The Monkey's Paw". Each story had a literary focus such as stages of plot, conflict analysis, suspense analysis, foreshadowing, and mood and tone.

TEAM 300 LSI PROJECTS

US NARRATIVE

BY : KRISTINE VO

In LSI's 8th grade US Narrative, they just wrapped up their first project of the year. Their Driving Question was ; "How can people use their "voice" to fight for something they strongly believe needs change?". In this project, they had to choose an issue that they would have to advocate for by using their "voice".

Flyer By Helen Trinh

Painting by Sophia Cerbo

MATH 8

BY BRENDA

They have finished their "Noble Neewollah" unit and are working on the "Blaster Game".

MATH 8/9

BY SOPHIA C.

8/9th grade math finished their "Noble Neewollah" unit, and are now starting on their new PSGO, "Run Rich Run".

EXPLORATORY SCIENCE

BY ELAINE TRAN

Using Newton's laws, 8th graders are designing and building safe cars that will have to pass an egg crash test. After building their car with Legos and then 3D printing it, they will be selling their final cars at the exhibition. Their final deliverable will include a commercial, a sales script, and a monroney sticker.

ELECTIVES

MR. TRINIDADE

BY HELEN TRINH

Mr. Trinidad's class finished writing Personal Op-Eds and shared them with their peers. They're working on making LHN videos and the newsletter as usual at the same time.

MR. HIRAKI

BY ELLA

Students in Mr. Hiraki's Lighthouse are working on their college presentations. They started working on them on the week of 10/10 and it will be due the week of 10/17. You can find them in LSI 3.

MRS. BLIGHTMAN & LAM

BY BRENDA

Mrs. Blightman & Lam's Lighthouse is still working on a Halloween themed scavenger hunt for all of Quimby.

MS. SUTTON

BY JY HUNG ONG

Ms. Sutton's Coding class is using code.org to create shapes, patterns, and to debug code.

MR. GARCIA

BY KRISTINE VO

In Mr. Garcia's Lighthouse class, they are working on their oral communication by presenting about the origins of the American holidays and how they evolved over the years.

STEAM

BY YASH

STEAM is currently working on a holiday themed project and will be doing STEAM building challenges.

MRS. BOYLE

BY ETHAN

In Mrs. Boyle's elective, Hacking Home Ec, they are currently finishing up kitchen safety lessons and will learn hand sewing skills. They will finish the second quarter with a restaurant design project.

MS. JASPAL

BY ELLA

In Ms. Jaspal's lighthouse, Mr. Rivas has been subbing for her and has had the students working on a public speaking unit which they are wrapping up. They started working on a bucket list speech that will be due on the week of 10/24.

SPORTS

EDITED/MADE BY SIDDHARTH!!!

CROSS COUNTRY

BY SUJITH

The cross-country finals took place in Christmas Hill Park on October 13th, 2022. The finals included 22 different teams all the way through San Jose and the east bay area. All 22 teams took the top 7 runners in each category to compete in the finals. The top 3 runners from our team included Nora Carino, Pete Romsaitong and Nick Palisoc. With Nora taking 1st place in 8th-grade girls, Pete taking 7th place in C boys, and Nick taking 20th place in 8th-grade boys and that's it for the Cross Country finals.

BADMINTON

BY DUSTIN

In the badminton club, on Monday, and Wednesday during lunch hosted by Ms. Ferrari, they are playing badminton for fun, and playing against who'd they like to. In advanced badminton on Tuesday, and Thursday during lunch by Ms. Jackson, one of their undefeated leading teams, are Gaurav and Dylan, with a score of 6-0.

GIRLS' BASKETBALL

BY: RIYA

The girls' basketball teams have many games this month. They have games on the 20th, 24th, 25th, and 27th of October.

WRESTLING

BY JAMISON

The deadline for Quimby's wrestling team has already been reached and our coaches are still in the process of determining our JV and Varsity lineups. The coaches for our team are Mr. Spengler, Coach Ray, and Coach Eric. During the month of October, we have a total of three upcoming tournaments, one in Gilroy against Solorzano on October 25, another against Chaboya here in San Jose on the 27th, and one more for this month in Graveyard Union Ms on Saturday, October 29th. Our coaches have already decided on our captains, these students are Mateo Sanchez, Joe Nayhar, Massimo Muzumber, and Mateo Jimenez. On the 25th we had a dual meet up with Soloranzano and ended with a 93-12 point win.

STUDY TIPS & LIFE ADVICE

This month we are providing two amazing study tips to make sure we only give you the best tips available, these two tips will be tested by Helen Trinh and Sophia Cerbo.

FLASH CARDS

BY SOPHIA

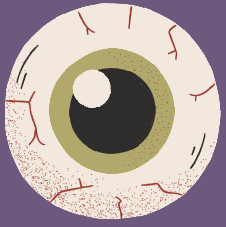

For me using flashcards worked well for me, but I think it depends on the material you are studying, like if you need to write a detailed essay about a subject then use a different method. I would rate this study tip a 6/10 because it's not as versatile.

CORNELL NOTES

BY HELEN TRINH

Cornell notes are a very good method in my opinion but you are going to need to have more free time to use to write your notes because it's quite time consuming. I would not recommend this for smaller subjects because I feel it would be more helpful to use them in important subjects so you get the full understanding of the material. I would rate this study method a 8/10.

POLLS!

By Kaylee Nguyen
and Sujith Thalamati

Are you going to trick
or treat this year?

Yes: 62.4%

No: 30.3%

What's your favorite
horror movie?

12 years a slave

What do you think about
the movie "Nightmare
Before Christmas," is it a
Halloween or Christmas
movie?

Halloween: 48%

Christmas: 18%

Both: 34%

What's your
favorite season
of the year?

Winter : 52%

Summer : 27%

Fall : 13%

Spring : 8%

TWO TRUTHS AND A LIE WITH MRS. SUTTON

BY JY HUNG ONG

1. She used to live in Japan
2. She has never seen a full Star Wars movie
3. She can say the alphabet backwards in less than five seconds

The lie was number 2. She has
never seen a full Star Wars movie

←-- ANSWER ON THE BOTTOM LEFT

FUN FACTS!

BY JY HUNG ONG

Fun Fact 1:
The White House
could possibly be
haunted!

Fun Fact 2:
Candy corn was originally
called "chicken feed"

Fun Fact 3:
There's a superstition that if a
young unmarried person walks
down stairs backwards holding a
mirror at midnight, the person they
see in the mirror will be their next
lover

BONUS!

Fun Facts About Ms. Macsween!

She teaches 8th grade math for
LDA, enjoys Mountain biking, the
Warriors, and her golden Labrador Retriever.

RECOMMENDATIONS

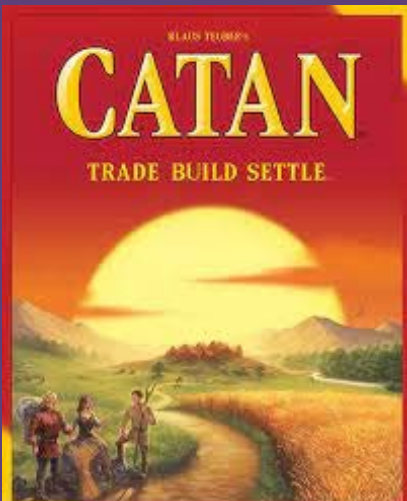

FOOD RECOMMENDATION BY CURTIS BUI

Our food recommendation for this month are Macarons. Macarons are these bite-sized, beautiful-looking, cookie treats that simply make you crave more after just one. Macarons have a crunchy-soft texture with a filling instead. All macarons have a flavor to them, for example strawberry, chocolate, coffee, etc.

SONG RECOMMENDATION BY HELEN TRINH

This month's music recommendation is Hamantha by Jack Stauber. It's a song about a girl who was born with a rare disease that makes her head take the form of ham. It's a sad story, but worth the listen. You can find Hamantha on Spotify and other music platforms.

NEED A BOARD GAME? BY GIANNA VALLA

This month we are recommending Catan. This game takes place on a fictional island named "Catan". You play as a settler and compete against other players by gathering resources to build the biggest settlement. You can buy Catan at stores like Target and Walmart.

You can find our other recommendations in the October 2022 video on our Youtube channel

THANK YOU
FOR READING!

HAPPY
HALLOWEEN
