About Learn 'n Grow Early Childhood Education Center

Our nature-based preschool will provide outdoor exploration experiences for three and four year olds. Throughout the year we will enhance students’ understanding and connection to the natural world while building skills and the needs of the whole child.

Preschool plays an important role in a young child's growth and development. Children learn socialization skills that are so important for future peer relationships. They learn there is more than just "me" and that others have needs and feelings, too. Children learn to share their toys, their space, their thoughts and their love. They learn rules and limits in relation to their surroundings.

Our teachers will introduce early literacy skills. Children will learn that letters are in their name and will begin to write their names. Children learn about numbers and counting, they learn to cut, paste and paint. These activities are part of our program but are not the focus of the program. The program is age-appropriate and children all have different developmental levels.

Preschool is a time when young children sing, play, make friends and learn to explore more about their world.
Learn 'n Grow Preschool Curriculum

Learn 'n Grow Early Childhood Education Center is operated under licensing requirements of the State of Michigan, and administered by Otsego Public Schools. The school is operated on tuition, scholarships and grants.

The Learn ‘n Grow office staff handles all business dealings of the preschool and its operations, oversees applications and the well-being of the children, and works closely with the teachers in determining the needs of the preschool.
Health Care Policy

Medications
Written permission is required for all prescription and non-prescription medication (this includes sunscreen and bug spray). Parents must complete the ‘Authorization for Medication and/or Treatment’ form. The medication will be stored according to the label instructions and must be in the original container. All medication is stored out of the reach of children and returned to the child’s parent if it is no longer needed or has expired.

Immunizations
Parents are required to provide their child's health information, including immunizations and a physician's health examination report including the doctor's signature. The school must have this information before the child may start preschool. This information is required by the Department of Social Services.

The following vaccine doses are required: Diphtheria, Tetanus, Pertussis (DPT) 4, Polio Vaccine (OPV) 3, Measles, Mumps, Rubella (MMR)1, Hepatitis B, (the three shot series is required prior to entrance) and PCV7 (Pneumococcal Conjugate Vaccination which is a new requirement as of 01/07). The Varicella vaccination (chicken pox) is also required to enter preschool. If the child has already had the chicken pox disease, parents must submit a note with the date the child was sick.

Hand Washing Procedure
The hands of children and staff shall be thoroughly washed prior to handling food and before eating.

The following procedures are considered best practices for hand washing:
❖ Have a clean paper towel available.
❖ Turn on the water to a comfortable temperature between 60 F to 120 F.
❖ Moisten hands with water and apply soap.
❖ Rub hands together until a soapy lather appears and continue for at least 10 seconds.
❖ Rub areas between the fingers, around nail beds, under fingernails, jewelry, and the back of hands.
❖ Rinse hands under running water until they are free of soap and dirt. Leave the water running while drying hands.
❖ Dry hands with a clean, disposable paper towel. Turn taps off with the paper towel.
❖ Dispose of the paper towel in a lined trash container.

Handling Bodily Fluids and Sanitation
The following procedures are used when handling children's bodily fluids:

We use precautions when handling potential exposure to blood, including blood-containing body fluids and tissue discharges, and when handling other potentially infectious fluids. Latex gloves are available and cleaning/sanitizing will be done. Soiled clothing and/or personal belongings will be placed in a plastic bag and returned to parents.
The following procedures are used when cleaning and sanitizing of all equipment, toys, and other surfaces:

❖ Wash the surface or article with warm water and detergent.
❖ Rinse the surface with clean water.
❖ Submerge, wipe, or spray the surface or the article with a sanitizing solution.
❖ Let the article or surface air dry.

All toys, equipment, and surfaces are cleaned once every three months. Tabletops are cleaned daily.

To help control infection in the classroom children need to be able to blow and wipe their own nose, try to cover their mouth and nose when coughing or sneezing, and be able to use the bathroom without help.

Clothing
It is important that your child come dressed ready for outdoor play. Throughout the year, clothing may be covered in mud, paint, and/or other natural materials. Your child will need comfortable, closed toed shoes so he/she is able to run, jump and climb through nature. It is recommended that an extra set of clothing be left at school in case nature becomes messy.

NOTE: Parents are responsible for applying sunscreen or bug spray before the child is dropped off at our center.

Field Trips
Each preschool class will have two scheduled field trips (Fall and Spring). We will use Otsego Public Schools transportation system for these trips. Each preschooler may bring one adult as his/her chaperone. No younger siblings are allowed to participate with class field trips.

Drop Off/Pick Up Policy
If you are dropping off or picking up for preschool class, please use the back door of the classroom through the gated playground. Gates will be opened 10 minutes before class and 10 minutes before class is released for the day.

If you are dropping off or picking up from wrap around, please use the first entrance off the parking lot and enter your code. Codes will be distributed at Parent Orientation or you may call our office for more information.

Our office is open at 7:30 a.m. and closes at 4:00 p.m.

Weather Conditions Policy
Preschool snow days will coincide with Otsego Public Schools snow days, and are announced on TV Channels 3 and 8 and radio stations B-93, 105.7 and WKZO radio 590 AM, as well as other local stations. In case of a 2-hour delay, we will still be open.
Severe Weather
The following procedures will be used in a severe weather situation:

Every spring the District faces the possibility of severe weather and tornadoes. A minimum of two (2) tornado safety drills is required for the center. At least one (1) drill shall be conducted during March. Three drills shall be conducted for the purpose of preventing fires and related hazards and injuries caused by severe weather. Our school will monitor a weather-alert radio for severe weather conditions and the Director is responsible for setting up procedures for notifying the staff and students about severe conditions and maintaining proper safety.

Tornado Watch
A tornado watch is a forecast of the possibility of one (1) or more tornadoes in a large area. When a tornado watch is in effect, the center will continue normal activities but move recess and physical education activities indoors. Our center shall designate someone to be responsible for continuously monitoring the watch while students are in the building or on the premises. School will not be dismissed early and dismissal time will be at the regular time even if the watch is still in effect.

Tornado Warning
A tornado warning signals that a tornado has been sighted and may be approaching. Staff shall open all classroom windows and doors and proceed with all students to the pre-designated tornado shelter areas and remain there with the students until further notice. Disabled students who need assistance are to be assisted by the person designated to assist them for building evacuations. No student shall be allowed out of his/her designated area unless his/her parent comes to the school and requests that the student be released. A student is to be released only to his/her parents.

Emergency procedures for fire, tornado, serious accident and crisis are posted on the parent bulletin board in the lobby. If evacuation is required due to a natural or man-made disaster, parents will be notified of the event by phone and/or text message through Infinite Campus. The location and method for reuniting families will be included in the message.

Pest Management Plan
Pesticide application may occur during the school year. You will receive an advanced notice of these applications through newsletter and school postings. The notice will inform you of the target pest, information about the pesticide, and date of pesticide. Pesticide would only be applied to concerned areas during off-school hours.

Accident, Injury, Incident and Illness Notification Policy
If your child isn’t feeling well or displays symptoms of fever, diarrhea, vomiting, lice, etc., the student will not be allowed in class. You will be called to pick up your child if they are running a fever of 100 degrees or more, if they are vomiting and/or in pain. Accommodations will be made for the child to rest comfortably and be supervised while waiting for a parent or designated person to arrive. The staff may give medication only after the proper forms are filled out.
Should your child become ill, sustain an injury, or if an incident occurs impacting your child, the parent will be contacted first and as soon as possible following the illness or injury. This contact will be made by phone. If we are unable to contact you, we will contact the person you have listed as your emergency contact on the Child Information Record. If we are unable to reach you or the emergency contact by phone, we will keep your child at school and care for them until we can reach you. However, if your child requires immediate medical assistance and we are unable to reach you, we will call for emergency assistance (e.g. 911) and continue to try to reach you.

**Lunch/Snacks**  
Students will be required to provide their own lunch. However, the school district does have breakfast and lunch available for purchase through our food service program. A snack will also be served to the children each day. A calendar will be sent home with an assigned day for your child to bring the snack for the class. Please provide a healthy snack from our list that complies with USDA, Food and Nutrition Services and Adult Care Food Program.

**Parent Information**  
We ask that you escort your child directly to the teacher upon arriving, and pick him or her up at the room at the end of each session. This way we can assure the safety of your child. Your child will not be allowed to leave the school at any time with anyone who is not designated on the registration form, unless the teacher has been notified before the end of the session.

If it is necessary to notify the teacher during a class session, please call the center at 269-694-7960. If your child will be absent for an extended period of time, please notify your child's teacher.
