

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Iftin Charter School

CDS Code: 37 10371 0108548

School Year: 2022-23

LEA contact information:

Maslah Yussuf

CEO

Yussuf@iftincharter.net

(619) 265-2411

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Iftin Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Iftin Charter School is \$6,177,533, of which \$4,254,840 is Local Control Funding Formula (LCFF), \$866,665 is other state funds, \$0 is local funds, and \$1,056,028 is federal funds. Of the \$4,254,840 in LCFF Funds, \$762,743 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Iftin Charter School plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Iftin Charter School plans to spend \$6,256,539 for the 2022-23 school year. Of that amount, \$5,960,190.00 is tied to actions/services in the LCAP and \$296,349 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

To account for oversight fees, legal, financial, lease, and all other miscellaneous expenses.

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Iftin Charter School is projecting it will receive \$762,743 based on the enrollment of foster youth, English learner, and low-income students. Iftin Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Iftin Charter School plans to spend \$680,550 towards meeting this requirement, as described in the LCAP.

Classroom aides and assistant, materials and supplies, computers and technology access, are key expenses that are directed to assist and improve services for high need students. The way the expenditures template is structured, we could not separate Goals and Actions that have overlap between general and contributing.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Iftin Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Iftin Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Iftin Charter School's LCAP budgeted \$134,328 for planned actions to increase or improve services for high needs students. Iftin Charter School actually spent \$645,864 for actions to increase or improve services for high needs students in 2021-22.

The difference between the budgeted and actual expenditures of \$511,536 had the following impact on Iftin Charter School's ability to increase or improve services for high needs students:

There is no impact to the actuals being less than the budgeted as expenses cost slightly less than budgeted.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Iftin Charter School	Maslah Yussuf, CEO	yussuf@iftincharter.net 619-265-2411

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

ICS increased efforts to engage our partners in several ways during the 2021-2022 school year. ICS held bi-weekly staff meetings that included Administration, Teacher, and Staff. Each month we hold parent meeting, department committee meetings, and SSC/ELAC meetings that included students, administration, community partners, classified staff, certificated staff, parents and guardians. On October 22, 2022, we had our LCAP community engagement meeting that involved board members, local community-based organizations and partners, parents, students, school staff, and administration to review LCAP goals one, two and three. These efforts were improved through the LCAP development process. Iftin will continue to engage educational partners regarding the additional state funds that will be spent in the 2021-22 school year (the Cost-Of-Living-Adjustment, the 15% increase to concentration funds, the ARP Homeless Children and Youth Fund, and additional Special Education funds). ICS will collect surveys from partners and the feedback will help to inform our decisions.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

ICS has an enrollment of unduplicated pupil; 89% student are economically disadvantaged. 70% of students are English Learners. We will use

the concentration grant add-on funding to hire additional teacher, substitutes and instructional aide staff to provide direct services to students, through instruction and supervision. The increased staffing plans will help to alleviate the staffing shortage and provide more coverage. ICS will continue to support direct instruction and the social emotional well being of all students.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

ICS acquires regular feedback from educational partners. Through community forums and surveys are what guides the recommendations and decisions. We surveyed families in May 2021, August 2021 and October 2021. The group discussions were meaningful in discussing the impact of the pandemic, distance learning, social emotional needs and academics. More importantly, we ensured the safe return to in-person instruction. Overall feedback gathered helped to inform the use of federal funds.

We worked collaboratively to mitigate the student learning loss and increased access to mental health services, through our school psychologist and counselors.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

ICS prioritizes the safety and well-being for all. ICS ensures the continuity of services by ARP action 2021.

Successes

We increased our Certificated and Classified staffing needs to ensure ESSER III expenditure plans are met. ICS has developed an ongoing of professional development focused on strategies to engage students and provide additional support. Additionally, ICS offers academic intervention opportunities for all students during school and after school while addressing the social-emotional supports.

Challenge

Regularly monitoring of County Health guidelines. Implementation requirements are changing, so continuing to update school safety plan for students and staff. Ensuring our community is educated of new requirements.

Staff shortages made it difficult to cover vacant positions and maintaining the continuity of the classroom. Due to the increase of COVID-19 variant, there is a decrease in student attendance.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

ICS LCAP is the living document that addresses state priorities, goals and actions to improve student outcomes. The additional funds received supports the goals of our LCAP;

Goal 1: Student Outcomes: Ongoing Professional Development

Goal 2: Engagement: Integration of Social-Emotional learning/ Expand parent/guardian involvement

Goal 3: Conditions of Learning: Access to effective curriculum. Safe conducive to learning

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code*

Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: *“A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”*

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: *“A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”*

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Iftin Charter School	Maslah Yussuf CEO	yussuf@iftincharter.net (619) 265-2411

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Iftin Charter School (ICS) is a beacon of hope for families, especially the new arrivals to this country who speak little or no English. ICS provides a rigorous research-based curriculum preparing our children for the 21st century. We believe that all students can succeed with the appropriate support and resources. We provide the right people with the right vision, resources, policies and procedures, and educational program and ensure all student needs are met in a safe, culturally supportive environment.

ICS serves grades TK through 8th on a site owned by San Diego Unified School District (“District”) located at 5465 El Cajon Blvd., San Diego, California. The school falls within the attendance boundaries of “Jackson” Elementary School within the area known as City Heights. Iftin Charter School attracts students from a wide range of both the city of San Diego and the wider county. Approximately 90% of Iftin’s students reside in the communities of City Heights and the area immediately surrounding the school.

Iftin remains passionate and committed to its mission to educate and enlighten through academic rigor, cultural literacy, and compassion. The vision and mission for ICS has evolved to meet the ever-changing needs of the student populations served. Many challenges have been experienced when trying to adequately meet the educational needs of this increasingly diverse school population, new performance standards, lower academic readiness of entering students, increased competition for scarce financial resources, and increased personnel and operating costs. In spite of many challenges and changes, school leadership and stakeholders remain dedicated to meeting the academic, social-emotional, and physical needs of all ICS students.

Our school days begins on the playground with the entire learning community participating in the morning pledge, affirmations from a designated core value based upon the IFTIN WAY, a recital of the Iftin Pledge and Code of Conduct, and announcements. Upon entry you are greeted by our diverse staff in either Somali, Spanish, or English and sometimes all three, under the Iftin Charter Pledge which is prominently displayed, and is also visible in each classroom and learning space. Making your way through Iftin classrooms you will be greeted by positive, welcoming students eager to share all of the engaging activities happening in class. Students emit a true sense of pride in their work, their class, and their school. As you progress from room to room and onto the playground, you will witness the focus on positive behaviors, positive self-esteem and a philosophy focused on enlightenment and achievement via colorful posters, printed inspirational quotes, and student work displayed on the walls and in the halls. Students and teachers engage in academic discourse or work on solving a problem. Students engage in collaborative conversations around interactive lessons while participating in a restorative circle or working to resolve social issues. You will see students working on a class project, solving complex math problems, or working on a genius hour project; in groups, with partners, with their teacher or independently. Physical education activities are continuous and visible on the Iftin campus. Students in Transitional Kindergarten through 8th grade are being led in “Be Utmost” workouts on our playground or in the PE classroom. Depending on the day, you may see students participating in a PBIS activity they have earned or witness students participating in a lesson being held outside their classroom. You will feel the support and positivity that fills all corners of the school from the joyful voices to their proud and poised presence. You will leave, sensing the passion and drive from all of the adults and community members who begin and end each day with every child, every day in this school culture that is quiet and safe yet all encompassing.

OUR VISION : Provide all students with personalized, challenging, academic programs, which develop 21st Century skills necessary to become active and effective global citizens via a caring, interactive, project-based learning environment that emphasizes culture, character, compassion, and personal values.

OUR MISSION: Iftin Charter School provides students in grades TK-8 with an academically rigorous common core- aligned curricula supplemented with a technology intensive program in a student centered, safe and caring learning environment. ICS addresses the needs of a diverse group of students, their families and their communities by building on the strengths of the students' cultural heritage and life experiences. ICS students are educated and enlightened to become successful, lifelong learners and valuable members of the global community.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Iftin charter school serves 268 English learners. We utilize an assessment based on ELPAC to determine each student's level of proficiency communicating in English. In 2018-19 school year, 61.9% of Iftin's English learners advanced to a higher level of English proficiency. In general, English learners at Iftin outperform English learners statewide on the state's assessment of English proficiency. For example, 16.4% of English learners in California scored at level 4 (well-developed) on the ELPAC assessment, whereas 24.7% of English learners at Iftin performed at level 4. Iftin charter school also increased 6-points average gain in overall mathematics in 2018-19 school year according to

California dashboard. During the 2019-20 school year, the average daily attendance at Iftin charter school was 97.2% whereas in the 2018-19 school year, the average daily attendance was 95.1%. There is a significant increase of 1.9% of average daily attendance. This is a great success as attendance matters. Research abundantly shows that if students show up, their academic, socio-emotional and overall school work is negatively impacted. In terms of students discipline, Iftin maintains a low rate of suspension and ensures better school attendance. For example, during 2018-19 school year, no students were suspended. Iftin's sixth-grade students outperformed California's sixth grade students in mathematics. For example, whereas 38.52% of California's sixth-grade performed at the proficient or advanced level in mathematics, 56.76% of Iftin's sixth-grade students performed at the proficient or advanced level in mathematics. This remarkable success is a positive indication of the potential of Iftin charter school.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Based on California Assessment of Student Progress and Performance (CAASPP) or smarter balanced summative assessment of 2018-19 school year, the percentage of Iftin charter school students who performed at the proficient or advanced level in English language arts and mathematics are substantial below the state-wide percentage at most grade levels. For example, 28.57% of Iftin students performed at or above the proficient level in English language arts compared to 51.1% of overall California state students. Likewise, 30.8% of Iftin students performed at or above the proficient level in mathematics whereas 39.9 % of overall California state students performed at or above proficient level. This is an indication to Iftin that there is a significant need to review our curriculum and instruction in the areas of ELA and Math.

To begin addressing these areas of need Iftin has hired a full time Reading Specialist that will review our current literacy program and identify areas of deficiencies and develop a plan to address those identified deficiencies. Iftin's Instructional Leader is also heavily involved in teacher PLC meetings to address the shortfalls in instruction. In collaboration with teachers we are developing: pacing guides with emphasis being placed on priority standards, standards aligned lessons, and frequent checks for understanding that is used to guide instruction. Finally, Iftin hired additional Instructional Aides, to ensure there is 1 to 1 instructional support in all K-3 classes and intermittent instructional support in grades 4-8. The Instructional Aides also work with school leadership and teachers to provide additional tutoring sessions after school, during half-days, as well as during the summer school session. Iftin will host a Summer Academy in the summer of 2020 and subsequent summers to mitigate the learning loss due to the pandemic and to lessen the learning loss experienced during the summer months.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Iftin Charter School's LCAP was developed utilizing the feedback we received from our stakeholders. The LCAP was developed with three focus areas in mind: 1) Student Academic Achievement 2) Student and Parent Engagement and 3) Providing a safe and culturally responsive and sound learning community for all students. One key feature to highlight is the steps we are taking to place an emphasis on the importance of student data. The development of a data room will house school-wide data in a space that is visible to leadership, teacher and

eventually parents. The more we engage in discussions about current student data, the more informed we are when we develop lesson plans, intervention plans, and differentiation needs. Another key component of Iftin's LCAP is the hiring of highly qualified staff and the level of support we will provide to our staff. Iftin is focused on hiring the right person that is dedicated to supporting our student's academic success. We are also focused on ensuring our staff has the training, tools and support needed to be successful.

In order to monitor the effectiveness of the data-driven decision making about our educational programs and the impact of our trainings and support of staff, we will do the following: 1) CAASSP data results will be used to monitor programs and drive changes in instructional practice; 2) Classroom teachers will regularly assess students' mastery of North Star standards by informal observations, examining student work, and use theme tests and end-of-unit assessments as benchmarks. Reteaching will occur regularly as needed; 3) Iftin will also use Diagnostic Reading Assessments (DRA) to determine students' reading levels; 4) The school's instructional leader will conduct regular classroom walkthrough to informally and formally assess the instructional program and provide feedback to the classroom teachers.

Iftin's leadership team will support, train, supervise, and evaluate teachers in their implementation of the standard-based core subject programs. The teachers will incorporate Balanced Literacy Framework based on The Gradual Release of Responsibility from Vygotsky's Research to address the students' needs in the areas of reading and writing. This Literacy Framework provides powerful approaches and strategies to teaching reading and writing which are research-based and clearly aligned to State Board of Education Standards. By implementing these research-based approaches, teachers will be engaged in ongoing improvement of their practice as well as addressing North star standards.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not applicable to Iftin Charter School.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not applicable to Iftin Charter School.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not applicable to Iftin Charter School.

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Iftin values the feedback of all our stakeholders and is consistently enlisting the input from our students, parents, teachers, staff and board members to ensure the success of our educational program.

Parent/Students/Community Engagement: Iftin hosts monthly parent meetings to update parents on school process and procedures, safety guidelines, academic plans as well as current state of the school year. Parents have an opportunity at each meeting to have their voice heard. Our Parent Liaison also acts as the voice for parents on a regular basis as all parents have his contact number and communicate with him on a regular basis. Beginning early December 2020 thru the end of February 2021, parents, students in grades 5-8, and community members had the opportunity to participate in the LCAP Survey to provide their input on student outcomes, engagement, and conditions of learning. Our parent liaison also translated and created a video on how to complete the survey in Somali and our Outreach Coordinator did the same for our Hispanic families. Iftin communicated the survey to families through their classes, in parent meetings, through a link sent via What's App, a mass call out to parents, as well as a link posted on our school website. Parents, students and the community will have the opportunity to review the draft LCAP by the end of April 2021 at a public board meeting and will have 2 weeks to provide feedback through a survey, parent meeting and by contacting the parent liaison or school leadership.

School Site Council Engagement: Iftin has held four SSC meetings this year to discuss the educational plans of the school as well as to review the LCAP and LCFF funding. Beginning early December 2020 thru the end of February 2021, members of the SSC had the opportunity to participate in the LCAP Survey to provide their input on student outcomes, engagement, and conditions of learning. Iftin communicated the survey to all stakeholders through emails, mass phone calls, and posting the survey to our school website. Our SSC will meet in April 2021 to review the draft LCAP and provide feedback on changes or updates they'd like to see. They will meet again at the end of May to approve the final draft of the LCAP.

Iftin School Board of Directors: Iftin has held monthly board meetings to update the board on operations, instruction, and school needs. The Iftin School Board of Directors were also given the opportunity to participate in the LCAP survey. The Iftin Board of Directors will be presented with a Draft of the LCAP during the April board meeting. The LCAP development team will illicit feedback, make any recommended changes and present a final draft by the end of May 2021.

Staff Engagement: Iftin has monthly staff meetings to provide updates to teachers and staff as well as discuss the school's policies and procedures. All staff members were asked to participate in the LCAP survey that was completed anonymously. The survey was shared with staff bi-weekly through email and our staff meeting. Staff also had access to the survey through our school website.

A summary of the feedback provided by specific educational partners.

The LCAP survey garnered 123 responses; 48 students responded, 37 parents responded, 2 board members responded, 5 community members responded, and 22 staff members responded. Here are the top areas of focus from each stakeholder group gathered from the survey conducted between December 2021 - February 2022.

School Board of Directors felt these were the top area of concern: Teacher Recruitment, selection and support, Technology (wiring and internet), Secure Drop Off and Pick Up area, Partner with parents and engage families, Ongoing maintenance of school facility with the need for a remodel or renovations

Staff felt these were the top area of concern: Teacher Recruitment, selection and support, Technology (wiring and internet), Access to teaching materials and textbooks, Secure Drop Off and Pick Up area, Increase parent engagement and offer educational opportunities for parents, Ongoing maintenance of school facility with the need for a remodel or renovations, Address attendance, especially chronic absenteeism, Discipline process and procedure needs to be updated and consistently implemented, Interventions and Enrichment opportunities

Parents felt these were the top area of concern: Teacher Recruitment, selection and support, Technology (wiring and internet), Access to teaching materials and textbooks, Clean school , Student achievement, Enrichment and intervention opportunities before, during and after school, Volunteer opportunities, Parent workshops or educational opportunities, Sports or extracurricular activities

Students felt these were the top area of concern: Teacher Recruitment, selection and support, Technology (wiring and internet), Access to teaching materials and textbooks, Ongoing maintenance of school facility with hopes of a grassy area, Incentives for academics, behavior and attendance, Parent engagement, Increase student voice, Engaging instruction, Sports or extracurricular activities

Community members felt these were the top area of concern: Teacher Recruitment, selection and support, Technology (wiring and internet), Access to teaching materials and textbooks, Ongoing maintenance of school facility with hopes of a grassy area
Parent engagement and educational opportunities, Increase student voice, Enrichment and intervention opportunities for students

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The entirety of the LCAP was influenced by our stakeholder input. Our actions in each goal was specifically developed to address the overarching focus on Teacher Recruitment, selection and support, Parent Engagements, and improving student achievement through the development of incentives and addressing technology concerns. More specifically the following actions were developed to address stakeholder feedback.

Goal 1, Action # 3, 5, 6 and 7

Goal 2, Action # 1, 2, 3, 4, 5, and 6

Goal 3, Action # 1, 3, 4, and 5

--

Goals and Actions

Goal

Goal #	Description
1	Student Outcomes: Iftin Charter School will develop an infrastructure for the collection and analysis of multiple forms of data at the student, classroom, and school-wide level. These data will be used to: monitor student progress and identify student need; make instructional decisions; guide professional learning; and inform program development and monitor the effectiveness of program implementation.

An explanation of why the LEA has developed this goal.

The goal reflects the feedback obtained from all the stakeholders's contribution and ensuring in meeting the needs of all students utilizing authentic real time data. This will help to identify students for academic and/or social-emotional support, interventions, and monitor student progress on an ongoing basis.

State Priorities:

- Priority 1: Basic (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Professional Development, Assessment, and Data	<p>ICS will administer school-wide benchmark assessment three times a school year to assess student mastery of the Common Core State Standards. Classroom teachers will utilize data to guide instruction, planning and utilization of additional support systems or programs.</p> <p>Iftin will dedicate a room for student academic data display, data analysis, data driven planning, and professional development focused on all students, Special Education students, and general education students. The data room will be accessible to all stakeholders to create transparency and develop the partnership between home and school.</p>	\$36,715.00	No Yes
1.2	Professional Development, Assessment, and Data	<p>Professional learning communities (PLC), vertical planning meetings, and instructional support staff will meet regularly to analyze student data and make informed decisions about the instructional needs of each student. The Curriculum and Instruction Committee with representation across all grade spans and programs will continue to provide regular input on Professional Learning topics. Responsibilities will include developing the necessary work groups to make curriculum recommendations and professional learning activities that support ICS in meeting its objectives for student learning; monitor the functions of the work groups; develop a plan for professional learning based on the needs of students and staff.</p>	\$87,500.00	No Yes

Action #	Title	Description	Total Funds	Contributing
1.3	Academic and Instructional Support	Improved instructional practices that include consistent use of GLAD strategies, small group instruction, and the effective integration of technology tools. The Curriculum and Instruction Committee will lead efforts to apply the selected instructional framework to ensure continuous improvement. Iftin will hire a Reading Specialist and Math resource teacher that will collaborate with stakeholders to support students and staff. Students will receive individualized interventions and enrichment opportunities on a daily basis.	\$344,000.00	No Yes
1.4	Academic and Instructional Support	Classroom teachers will differentiate instruction for English Learners by utilizing English Language Development instructional strategies, curriculum, and by 2024, 65% of our English Language Learners will show growth in their English Language Development and proficiency.	\$140,000.00	Yes
1.5	Attendance and Instructional Support	ICS will develop attendance goals and incentives for all students, individual students, classes and grade levels so that we maintain an average daily attendance rate of 96% or greater each year.	\$6,500.00	No Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action 1.3: ICS was not able to hire a reading interventionist.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Due to staffing shortage, students did not benefit from the reading pullouts. Additional instructional aides supported the reading interventions.

An explanation of how effective the specific actions were in making progress toward the goal.

Reading specialist supports student literacy performance, particularly with struggling readers.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Teacher referrals are noted to support english learners in literacy performance. The overall benchmark assessments show students have made progress in ELA.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Engagement: Iftin Charter School will engage parents and the community as partners through communication, collaboration, and education to ensure that all students are college ready. Iftin will foster a learning-centered culture dedicated to academic rigor, cultural literacy, and compassion built on the core values of Integrity, Focus, Tolerance, Independence, and Nurturing that will provide all students with a nurturing and safe learning environment through the integration of social-emotional learning that promotes positive behavior.

An explanation of why the LEA has developed this goal.

The goal reflects the feedback obtained from all the stakeholders's contribution and ensuring in meeting the needs of all students utilizing authentic real time data.

State Priorities:
 Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of Parental Training and workshops each month.	0	6 Parent Meeting 4 Workshops			Monthly workshop/training sessions for Parents
% of parents and students will be satisfied and comfortable with the utilization of technology resources,	0	100% satisfied (Survey feedback)			100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
tools, communication and access.					
% of students and parents have access to computers and internet at home and can access online communications, resources, and tools.	0	100% Access to computer and internet			100%
% of students that will have access to standards-aligned instructional materials: school-wide activities.	100%	100% access to CCSS resources.			100%
% of teachers that will implement state standards for all students including EL access to CCSS & ELD.	100%	100% implementation CCSS and ELD.			100%
% of teachers who are appropriately credentialed and assigned.	100%	100% Credentialed.			100%
Increase percentage of EL who advance at least 1 Proficiency Level as measured by ELPAC	0	Data not available			50%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Increase English Learner reclassification rate:	13%	15% Reclassified.			25%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Parental Engagement	<p>Parental Involvement in decision-making includes input from parents in programs, activities and procedures. An annual meeting will be held for parents to explain the goals and purpose of title programs and review of complaint procedures.</p> <p>Parents are actively involved and engaged in several key committees and meetings;</p> <ul style="list-style-type: none"> • The parent/teachers conferences • School Site Council (SSC) • English Learner Advisory Committee (ELAC) • Local control funding formula (LCFF) • Local Control and Accountability Plan (LCAP) • school calendar Development • Volunteer Program <p>Additionally, ICS will offer a flexible number of parent engagement meetings and parent institute of quality education PIQE to implement training. The School Site Council/ELAC will be held once a month to inform parents, student achievement progress, funding status and allow evaluation of plans. The administration will be available daily to answer questions or clarify information.</p>	\$79,000.00	No

Action #	Title	Description	Total Funds	Contributing
2.2	Parental Engagement	<p>ICS will develop a parent resource room where parents will receive additional support, participate in educational opportunities, and utilize our technology and programs to learn English.</p> <p>Parental workshops will equip families with the necessary skills and resources to help their children, positive parenting, literacy workshops and understanding of special education.</p>	\$21,400.00	No
2.3	Academic Intervention	<p>ICS will provide intervention support through before-and-after school tutoring for students identified as low-performing and offer a variety of learning supports including differentiated instruction and interventions for all students as needed.</p> <p>Interventionist will be assigned to implement the following Intervention Programs:</p> <p>ELD: Push-in supports</p> <p>Reading: Push-in Guided Reading K-5 as needed for teacher support; Pullout Reading Intervention groups in grades 4-8</p> <p>Mathematics: Push-in grades 3-8</p> <p>Enrichment and extracurricular opportunities will be used before, during and after school for all students.</p> <p>The Instructional Leader and Intervention Team will meet monthly to review data and monitor program effectiveness based on student responses to instruction and intervention.</p>	\$96,825.00	No

Action #	Title	Description	Total Funds	Contributing
2.4	Community Outreach	<p>ICS will host community events for the school community. ICS will conduct parent surveys and needs assessments to determine events and workshops most desired by parents. ICS will continue to employ personnel bilingual in Somali-English and Spanish-English to ensure open lines of communication. Responsibilities includes;</p> <ul style="list-style-type: none"> • Outreach - scheduling, coordinating, and facilitating parent meetings • Interpreting for IEP and SST meetings • Translating school documents and correspondence to Somali, Spanish and Arabic • Recruit students for enrollment • Distribute educational materials to community • Assist families in finding services and supports <p>The Parent Liaison, bilingual in Somali-English, will serve on the SSC committee. Information will be disseminated to parent in multiple methods;</p> <ul style="list-style-type: none"> • SchoolMessenger App: • English/Somali/Spanish translations • Informational flyers will be sent home • Phone Dialers/Text Messages • Meeting Agendas • Face to face conversations 	\$68,000.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The actual implementation of the actions closely matched the plan. Parental engagement and communications were improved using multiple methods. ICS facilitated parent liaisons to assist families who speak languages other than english.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

ICS effectively implemented goal 2. We continue to increase outreach efforts for the 2022-23 school year.

An explanation of how effective the specific actions were in making progress toward the goal.

ICS hosted 10 parental workshops to support families. The impacts of the COVID-19 affected many families. ICS increased need of mental health services for our students . School psychologist and counselor hosted workshops for parents and students to develop skills in social, emotional and physical well being.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After surveying all stakeholders. The results show a need for individualized counseling support for students in need. Also our educational partners voiced concerns about the classroom conditions and to create better environment to support the learning. Issues include classroom carpets and maintenance.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	<p>Conditions of Learning: Iftin will maintain a safe, healthy learning environment by providing sufficient staffing and ensure that each and every child has access to standards-aligned curricula taught by qualified teachers.</p> <p>ICS will create opportunities for students to become interested in school and learning through technology-based activities such as project-based learning, extended extracurricular and expanded learning program involvement, including other enrichment opportunities (arts programs, field trips, assemblies, athletics, etc.).</p> <p>Maintain clean, safe, and appealing facilities conducive to learning.</p>

An explanation of why the LEA has developed this goal.

The goal reflects the feedback obtained from all the stakeholders's contribution and ensuring in meeting the needs of all students utilizing authentic real time data. Parent engagement and participation includes strategies parents can use at home to support their child academically and social-emotionally.

State Priorities:

- *Priority 2: State Standards (Conditions of Learning)
- *Priority 3: Parental Involvement (Engagement)
- *Priority 6: School Climate (Engagement)

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
100% of staff trained in use of instructional programs, instructional tools, and assessments.	100%	100% staff received training.			100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
100% of students will have 1:1 home access to technology.	100%	100% of students has 1:1 home access to technology.			100%
% of students, staff and parents feels safe, engaged and supported.	95%	97% (Parent feedback survey.)			98%

Maintain a suspension rate of less than 2%.	1%	<1% suspension rate			<1%
Well maintained school campuses: Facilities Inspection Tool (FIT)	Fair-to-Good repair standard.	Fair-to-Good repair standard.			Exceed good repair standard.
100% of staff trained and implementing PBIS concepts and strategies.	0	ICS will implement MTSS framework and provide training beginning of 2022-23 SY.			100%

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Personnel	<p>Iftin Charter School will employ the following staff to ensure basic conditions of learning and school safety.</p> <ul style="list-style-type: none"> • Administrators • School Psychologist • 100% of Classroom Teachers are appropriately credentialed and assigned • Education Specialist • Intervention Teachers 	\$3,935,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • School Guidance Counselor • Guidance Deans • Instructional Aides • Office, Clerical, and Administrative Staff • Technology Coordinator • Janitorial and Maintenance Staff • Supervision and Security Staff 		
3.2	Curriculum and Instruction	<p>ICS will provide standards-aligned curriculum, assessments and high quality instruction to prepare students for college and career ready. All students, including English learners, youth in transition, and those with disabilities will have equitable access to Common Core State Standards-aligned curricula.</p> <p>School Psychologist(s) will provide screening and early identification of learning disabilities and other challenges students face. Attend student study team meetings and recommend appropriate interventions or modifications as needed, especially for low income, English learner, foster youth and homeless students.</p> <p>ICS will implement effective core instruction, as well as appropriate learning supports and interventions, to ensure that English Learners make expected progress in attaining English and in academic achievement.</p>	\$55,250.00	No
3.3	Technology Integration	ICS will maintain technology frames that will guide the education program so students can meet the challenges of the 21st Century. ICS will be more reliant on technology for communication, industry,	\$165,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>academics, and networking. Iftin will address all technical needs, acquaint students with the benefits and applications for their education and knowledge while preparing them through the use of the computer, software, and the Internet that opens the world of information and learning. ICS will provide educational technologies to improve teaching and learning.</p> <p>ICS will develop and deploy technology in the school including an administrative network that serves as the infrastructure and backbone to classroom instruction. Internet connectivity permits parent and student remote access.</p>		
3.4	School Culture and Climate	<p>ICS will implement Positive Behavior Intervention and Support (PBIS) and Restorative Practice. All staff will receive training and ongoing support. The culture and climate committee will guide the implementation and monitor effectiveness by ongoing review of discipline data and continued support and training for Bully Prevention.</p> <p>School Safety Committee with representation across all grade spans and programs will be created to:</p> <ul style="list-style-type: none"> • Annually review and revise the school safety plan • Provide regular input on school safety issues • Staff will be trained in appropriate safety procedures and monthly drills • Supervision schedules will be developed to ensure student safety at all times <p>ICS will establish character education courses for all students. Iftin's school climate survey will demonstrate >95% of students, staff and parents feel safe, engaged and supported by 2024.</p>	\$135,000.00	No

Action #	Title	Description	Total Funds	Contributing
3.5	Personnel	Iftin Charter School will employ additional support staff to ensure basic conditions of learning and school safety.	\$790,000.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All planned actions and services for this goal were implemented for the 2021-2022 school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 3.1 - ICS hired additional instructional aides, Interventionists, and school counselor.
Action 3.2- Technology equipment supports increased due to additional funds received from ECF.

An explanation of how effective the specific actions were in making progress toward the goal.

Summer school program: ICS implemented a successful summer program that served over 140 students. All students were given opportunity to attend. The learning focused on English Language arts and Mathematics. Social emotional lessons and instructions to fill the gaps as a result of COVID-19.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

ICS will use multiple data to make informed instructional decisions based on the student needs.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
762,743	\$21,791

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
17.93%	0.00%	\$0.00	17.93%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Goal 1, Action 1: This action was developed with our unduplicated students in the forefront. We developed this goal with the intent of utilizing assessments and data of our unduplicated students to determine each individual student instructional needs. This will be a crucial factor in meeting Goal 1.

Goal 1, Action 5: When developing this goal we did so with the understanding that our staff needed training on how to best serve our unduplicated population. The action of providing professional development for teachers so they can develop the skills and strategies for teaching our unduplicated population will help reach goal 1.

Goal 1, Action 7: Attendance is an important factor that needs to be addressed if we are to reach our goals. When developing this action item, we first considered our unduplicated student population by identifying ways we can increase their attendance. We will monitor student attendance and address any issues accordingly to ensure we reach goal 1.

Goal 1, Action 8: In order to improve services for our unduplicated students, we need to ensure we have accurate reliable data. We also need to ensure the data is accessible to teachers and support staff so that we can better understand student needs and develop instructional paths for our students. This action will be effective in reaching our goal to utilize student data to increase student achievement.

Goal 2, Action 1: One of Iftin's goal is to maintain an average daily attendance of 95% or higher. When developing this action, Iftin considered how to increase the attendance of our unduplicated student population and from that we developed the action of providing volunteer opportunities. If we can get the parents involved, we will increase the attendance of our unduplicated students. This action will not

only help us in meeting the goal of engaging our parents, it will also further engage our students.
 Goal 3, Action 5: Iftin's goal is to maintain a safe and healthy learning environment. We considered the social-emotional needs of our unduplicated students when developing the action of maintaining our PBIS efforts because we know their needs will be greater than all other students. Setting this action will ensure we are intentional in meeting the safety and health needs of our unduplicated student population.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

ICS will improve existing services to serve low-income, English learners and foster youth. Services includes; ELD supports, Hired additional instructional aides to provide support in Push-in and Push-outs. Counseling sessions and additional services to improve chronic absenteeism.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

ICS hired school psychologist and paraprofessionals to provide additional support.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1/16	
Staff-to-student ratio of certificated staff providing direct services to students	1/22

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
