

**Sunset Elementary  
Community Council**

March 13, 2019

5pm

**Attendance:** Jodi Rees, Sheila Stark, Victoria Warr, Jeff Christensen, Kelland Davis

**New Legislation:** Legislation with a bearing on Community Councils discussed. Specifically H.B. 303- Community Council Amendments which adds safety principles to Community Council responsibilities and S.B. 149- Teacher and Student Success Act which eliminates the School Improvement Plan in favor of a Teacher and Student Success Program which the principal would write while the council creates a LAND Trust Plan.

**SIP:** Current year goals 1 and 3 are progressing according to plan. Goal 2 (Sunset Elementary will increase their Evaluate Davis rating on "technology supports the learners' ability to acquire content skills and knowledge" by 2/10) will likely not be met as scores are as follows: 2017 - 2.54, 2018 - 2.28, 2019 - 2.12.

Proposals for 2019-2020 SIP:

Goal 1: Increase the K-3 MOY DIBELS 5%. Requesting \$31,000 for tutors.

Goal 2: Increase proficiency in Math K-6 by 3% relative to each grade level standards.

Goal 3: Comprehensive Math Instruction professional development. Requesting \$7,500 for training and \$1,500 for supplies to support CMI. \$9,000 total.

Goal 4: Implement 2 STEM activities per term for a total of 8 a year. Requesting \$3,100 for InfiniD manager and \$2,000 for classroom materials. \$5,100 total.

**LAND Trust Funds:** Of the \$38,793 received 2018-19, less than \$8,275 is expected to rollover. Estimated allocation for 2019-20 is \$39,297. With rollover, funds are expected to be approximately \$45,000. The council approved school goals but expressed a need for more effective implementation of Tier 2 instruction. It was proposed to either use some of the \$31,000 or take half of each supplies money from goals 3 and 4 to facilitate training in the optimal use of Tier 2 intervention. The ideal situation being that Sunset Elementary is able to keep all 6 tutors and train/support the entire staff in implementation.

March 25th final SIP will be submitted. April 10th next scheduled Community Council meeting.

Adjourned 6pm
