

2022-23 SAT & ACT Information

Due to COVID-19, many colleges have moved to a test-optional or test-blind policy and have extended those policies for the 2022-23 admission cycle. This means that SAT/ACT scores may not be required or considered this year. **Please check with the individual colleges to understand their policies and with the college counselor to determine whether or not you should submit a test score.**

The SAT no longer offers the essay portion of the test and most colleges DO NOT require the essay portion of the SAT or ACT.
Check with your counselor before signing up for the essay portion of the ACT.

SAT	ACT
