Activity Descriptions

A Message from the Coordinator:

Welcome to this Semester's Es Explore Program at ISB Elementary School.

ISB's ES Explore Program brings students and adults together for a series of eight (8) co-curricular activities sessions that are wonderful learning experiences that are also fun.

ISB's ES Explore program is designed to give our students an opportunity to explore and develop new interests. The Registration Fee for **each activity** is 4,000 baht/Semester.

After School Activities/Athletics Procedures:

Pre-Kindergarten

If your child is in pre-K and has an after-school activity that begins right after school, your child's Panther Activities or Athletics coordinator will pick up registered Pre-K students from the **Pre-K Piazza at 1:10pm.**

At the end of the session, please pick your child up directly from the activity or in the ES cafeteria.

Kindergarten

If your child is in Kindergarten and has an after-school activity that begins right after school, a Panther Activities/Athletics coordinator will pick up registered Kindergarten students from the **Kindergarten Quad at 2:15pm.** Your child will then be taken to the ES cafeteria where their specific activity/athletic coach will pick them up and take them to their activity.

If you would like to see your child before their activity begins, we ask that you meet your child at their activity rather than at their classroom or in the cafeteria.

At the end of the session, please pick your child up directly from the activity or in the ES cafeteria.

If your child is a bus rider, the bus monitor will pick them up in the ES cafeteria

If your child has a session immediately after, their next coach will pick them up from the cafeteria.

1st Grade

If your child is in 1st Grade and has an after-school activity that begins right after school, a Panther Activities/Athletics coordinator will pick up registered 1st Grade students from the **1st Grade Quad** at **2:20pm**. Your child will then be taken to the ES cafeteria where their specific activity/athletic coach will pick them up and take them to their activity.

If you would like to see your child before their activity begins, we ask that you meet your child at their activity rather than at their classroom.

At the end of the session, please pick your child up directly from the activity or in the ES cafeteria.

- If your child is a bus rider, the bus monitor will pick them up in the ES cafeteria

- If your child has a session immediately after, their next coach will pick them up from the cafeteria

2nd Grade- 5th Grade

During the first week of Season/Session 1, we will have all students in Grades 2-5 check-in at the cafeteria before going to their activity/sport.

After the first week, students are allowed to go directly to their activity at the end of the school day. If a student is lost, not sure what activity they have or needs assistance, they can always go to the ES cafeteria where Panther Activities/Athletics Coordinators will be waiting to help anyone who needs it.

Students who do not have a 1st session activity

If your child does not have a session immediately after school, it is your responsibility to make sure they have supervision and a means to get to their activity at its scheduled start time. We do not provide supervision from the end of school until the start of session 2 at 4:00pm.

Early Release Days (ERD)

Our after-school activities/athletics will begin at their regularly scheduled times on ERD days. This means that there will be a 90-minute gap between the end of the school day and the beginning of session 1. We expect that most students will go home and return to school for their activity. **If you need supervision for your child on that day, please communicate with your child's activity coordinator immediately.**

Late Registration

It is not possible to register for a new activity after Friday, August 26th.

Refund Policy

The two reasons we would consider a refund are:

Your child has a medical issue that requires them to stop an activity (documentation is required)

Your family is leaving the country in the middle of the season

Inclement Weather

Every effort will be made to make up weather related cancellations however refunds will not be issued for activities that are canceled due to circumstances beyond the control of Panther Activities or Athletics.

We reserve the right to make necessary administrative modifications (i.e. instructor, combining classes, location, cancellations, etc.). Changes will be promptly communicated to the email address provided with your registration.

Parents, guardians and nannies are permitted in designated observation areas on campus during after school activity hours at ISB, but are not allowed to enter actual learning spaces where activities are being held unless invited by the instructor to do so. Please help us maintain a safe and independent environment for all of our Panther Activities participants.

ES EXPLORE PROGRAM

NEW REGISTRATION PROCEDURES

We are excited to introduce the NEW online registration system for the ES Explore program. This will be an exciting challenge for both parents and the program. We are aware there might be some technical issues, we ask for your patience during this start up period.

The ES Explore Program offers a selection of Activities for ISB ES students. The Registration Fee for each activity is 4,000 baht (With exception of Cool art club, Choir, Orff and Strings that are free of charge). Activities will start on Monday, August 29th.

Registration opens on August 15-25/8/2022

Your child's Activity Schedule and confirmation of placement will be available online on your child's PowerSchool page.

Despite our best efforts, the match between Activities and children may not always work out like we hope. If your child needs to withdraw from an Activity, please contact the ES Explore Coordinator directly. This must be done **before** the ES Explore schedule has started.

There is a NO REFUND policy for ES Explore. If your child wishes to switch ES Explore choice we would ask that this be done prior to the 3rd session. However, exceptions may be made at desiccation with the ES Explore coordinator.

NOTE: ES Explore does not encourage parent observation unless invited specifically by the instructor.

Monday Activities	
Dates:	August 29
	September 5, 12, 19, 26
	October 3, 17, 24
Activity	Grades
