

Braille Institute Youth Program

Our Youth Program offers a diverse range of free social, educational, and enrichment programming for school-age students (ages 7-19) who have a visual impairment. Programming is focused on the nine areas of the Expanded Core Curriculum and includes Saturday-based programming, special events and conferences, parent workshops, and much more.

Socialization

Fun Saturday programs provide a community space for students to flourish and grow in while honing important socialization skills for success in the real world.

Life Skills

Gain key skills for everyday living. Learn a great number of fundamental life skills. confidence.

Technology

Master technology through hands-on application in project based learning.

College & Career

Tour college campuses, explore disability services, attend student/alumni events.

Recreation & Leisure

Having fun and learning can go hand in hand. Applied skills signature outing events like Family Day are fun, educational and build confidence.

Johnny Mercer Music Program

A special opportunity for students to develop and hone their vocal and musical talent.

Braille Challenge

The only academic competition of its kind throughout North America for students in grades 1-12. Focuses on braille literacy skills, which are essential to academic and employment success.
