

NELSD District Goals 2020-21

1. Conduct professional/scientific districtwide climate surveys.
 - a. Survey community.
 - b. Survey parents.
 - c. Survey staff.
 - d. Survey students.
 - e. Analysis of results and creation of plans for improvement based on the data.

2. Focus communication to create clarity for all constituents.
 - a. Be clear in communications to parents using one call system.
 - b. Update website to insure it has current information.
 - c. Audit the ability to use our website on various devices.
 - d. Address areas of concern from the survey results.

3. Inform/Engage Community with updates to the building project.
 - a. Share data with stakeholders, and pertinent information about the building project.
 - b. Continue to engage the community in the planning of the facilities and plans for existing facilities.
 - c. Implement real time video feed from each project site to be posted on our website.
