

# SMART TAG PARENT PORTAL INSTRUCTIONS

- Select Register

- Once you confirm you have the required information to register (Student ID #, Birthdate and Campus) Select “Begin Registration”

## Register

### Requirements

Before registering, ensure you have the following information from one of your children:

Student ID

Date of Birth

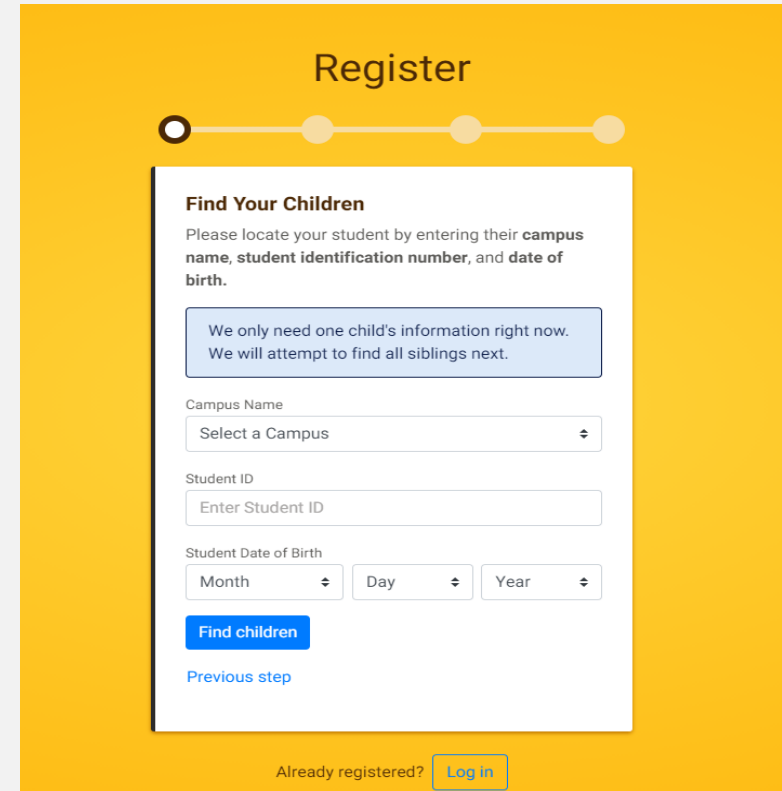

Campus Name

[Begin registration](#)

[Back to home](#)

- Select the Campus for one of your students, Enter their student ID # and birthdate. Then select “Find Children”

The image shows a web interface for a registration process. At the top, the word "Register" is displayed in a bold, black font. Below it is a progress bar with four circular markers; the first marker is white, and the other three are orange. The main content area is a white box with a black border. Inside, the heading "Find Your Children" is followed by a paragraph: "Please locate your student by entering their campus name, student identification number, and date of birth." Below this is a light blue box containing the text: "We only need one child's information right now. We will attempt to find all siblings next." The form fields include a "Campus Name" dropdown menu with "Select a Campus" as the selected option, a "Student ID" text input field with the placeholder "Enter Student ID", and a "Student Date of Birth" section with three dropdown menus for "Month", "Day", and "Year". A blue "Find children" button is positioned below the date fields, and a blue link "Previous step" is to its left. At the bottom of the white box, the text "Already registered?" is followed by a yellow "Log in" button.

Register

**Find Your Children**

Please locate your student by entering their **campus name**, **student identification number**, and **date of birth**.

We only need one child's information right now.  
We will attempt to find all siblings next.
