- **Adjournment:** Motions made by C. Guttman and J. Mistretta and passed unanimously at 6:51 P.M.
- **Inspection of Town Buildings:** *Skinner Road School at 90 Skinner Road*
- **Inspection/Observations: School is in great condition**
 1. It was noted that the posts of the awning in front of the school, that were encapsulated with a special paint, have held up to the elements. This was done to prevent students from getting splinters if they ran their hands on the posts.
 2. Concrete panels in front of the school have been replaced as needed and one is marked for replacement as time/weather permits.
 3. Teacher's Lounge: updated with new appliances.
