

# PRESCHOOL TRANSPORTATION/CHILD CARE PROVIDER FORM

Dear Parents:

We need the following information regarding child care for your preschooler for the coming school year. We cannot honor a child care request if that provider does not live on a normal bus route in the district, or if your child lives in one session (a.m. or p.m.) and your provider lives in another session (a.m. or p.m.) Please locate a provider in your session area. Each request is considered separately according to location, bus turn-around convenience, bus pick-up and drop-off locations must remain the same for a 9 week grading period.

Also, it is a common occurrence to have frequent child care provider changes during the school year. Once a bus route is established for the year, it is very difficult to make any changes.

**In order for a preschool student to be in compliance with state licensing, all parents must give permission for transporting their child to and from school and on field trips.**

**Therefore, I give permission for the Northeastern School District to transport my child to and from school and on field trips. Also, I understand this it is the responsibility of the parent and/or caregiver to walk the child to the bus.**
