

## Section: Narratives - Needs Assessment

### Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

**Section 1 - Needs Assessment:** In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

### Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Any student that is in need of credit recovery will be able to be included in a summer school program to make-up credits and/or participate in courses for enrichment. In addition, students will be identified for remediation based on scores gathered from standardized tests, summative

grades, teacher input, parental/student request and/or IEP team recommendations. In addition, students who do not meet the required threshold/score for proficiency on the Keystone Exams from the Winter and/or Spring testing sessions, will be given the opportunity for remediation by a certified Southern Fulton teacher on that specific subject area and then will be able to take Summer session of the Keystone Exam.

**Section: Narratives - Summer School Program Questions**

**Summer School Program Questions:** In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	290	Students needing or requesting recovery and/or enrichment in grades K-12 with a focus on bridging learning gaps and will be measured using CDT's and standards-based courses and grades.
Children with Disabilities	Academic Growth	122	Students needing or requesting recovery and/or enrichment in grades K-12 with a focus on bridging learning gaps and will be measured using CDT's and standards-based courses and grades.
English Learners	Academic Growth	4	Students needing or requesting recovery and/or enrichment in grades K-12 with a focus on bridging learning gaps and will be measured using

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
			CDT's and standards-based courses and grades.
Students Experiencing Homelessness	Academic Growth	4	Students needing or requesting recovery and/or enrichment in grades K-12 with a focus on bridging learning gaps and will be measured using CDT's and standards-based courses and grades.
Youth in Foster Care	Academic Growth	3	Students needing or requesting recovery and/or enrichment in grades K-12 with a focus on bridging learning gaps and will be measured using CDT's and standards-based courses and grades.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

CDTs, Soliday System, Standards-based courses/grades

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
		Highly qualified teachers to

Number of Staff Members	Internal/Outside Provider	Role
8	Internal Provider	provide teaching and remediation. Instructor, facilitator, test coordinator, test administrator
10	Outside Provider	IU's and charter schools if needed for additional camps and credit recovery and/or courses

**a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.**

**b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.**

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
CDTs, SAS portal, Edgenuity, Accelerate	Daily, Weekly, As Needed	Academic Growth/Proficiency, Accumulation of credits, Enrichment opportunities

6. How will the LEA engage families in the summer school program?

Teachers in the LEA will collaborate and communicate with families on benefits of the program as it relates to their student's academic and social growth and overall well-being. The LEA will encourage participation through social media outlets, district-wide all-calls, and direct contact with those families whose student has been identified as having additional needs.

**Section: Budget - Instruction Expenditures**

Instruction Expenditures

**Budget**

\$15,985.00

**Allocation**

\$15,985.00

**Budget Over(Under) Allocation**

\$0.00

Budget Summary

Function	Object	Amount	Description
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	100 - Salaries	\$7,000.00	To provide compensation to highly-qualified teachers for additional summer hours for teaching and remediation.
1400 - Other Instructional Programs – Elementary / Secondary	300 - Purchased Professional and Technical Services	\$8,985.00	To purchase services from the IU and Edgenuity/Accelerate if needed.
