SUMMARY OF PROJECTED NEW HOMES

Summary

A total of **564** homes are potential for the next few years depending upon many factors including the economy and the sewer moratorium. The breakdown by municipality for these potential homes is as follows:

Strasburg Borough	2
Strasburg Township	279 *
West Lampeter Township	283 **

- * includes 200 units targeted at retirees and young professionals without children
- ** includes 5 non-development homes annually and 160 proposed/unbuilt units at Willow Valley that will not house school-age children

Presently, we average **.2990** children per household that attend public school. If the home school, tutor, and cyber school students (287) and private/parochial students (737) are included in the calculation, the average household contains .4023 school-age children. If Willow Valley's households (1,596) were excluded, each household averages .4795 school-age children. If this ratio continues and if all units are built, this would be an increase of approximately 169 school-age children residing in the District.

Our students come from approximately 2,009 different addresses (households). This means that approximately 20.27% of our households have students in school. If Willow Valley is subtracted, the percent of our households that have students in school is approximately 24.16%.

Lampeter-Strasburg High School	<u>1,218</u>
 Total Building Capacity	 3,341 *

* Elementary capacities are based upon 20 students per kindergarten and first grade, 23 students per second and third grade, and 25 students per fourth and fifth grade. It should be noted that a number of current classrooms have two to three more students than the capacity listed. It is also important to note that only one half of our kindergarten students are in Lampeter Elementary School at any given time.

The number of District secondary students currently being educated for either full or partial days outside the District is 131, while the number of elementary students is 11.

Growth Time Line

The closing of Strasburg Elementary School in 2013 transitioned all K-2 students to Lampeter Elementary School. With this transition, the following statements are true:

1. The District is implementing a Feasibility Study that was completed by Crabtree, Rohrbaugh and Associates. The study includes a review of all District buildings and student growth projections.
2. Lampeter Elementary is currently at, or slightly above the desired student capacity threshold. Once constructed, the Early Childhood Center will house pre-kindergarten, kindergarten, and school-age childcare (SACC), and enable Lampeter Elementary to use all educational spaces for their intended purpose. Taking into account student projections based upon live births, it appears all other buildings will remain within student capacity limits for the foreseeable future.
3. All buildings continue to be properly maintained and remain in good condition given their age. The previously referenced Feasibility Study includes recommendations to enable District buildings to continue to meet the needs of all learners.

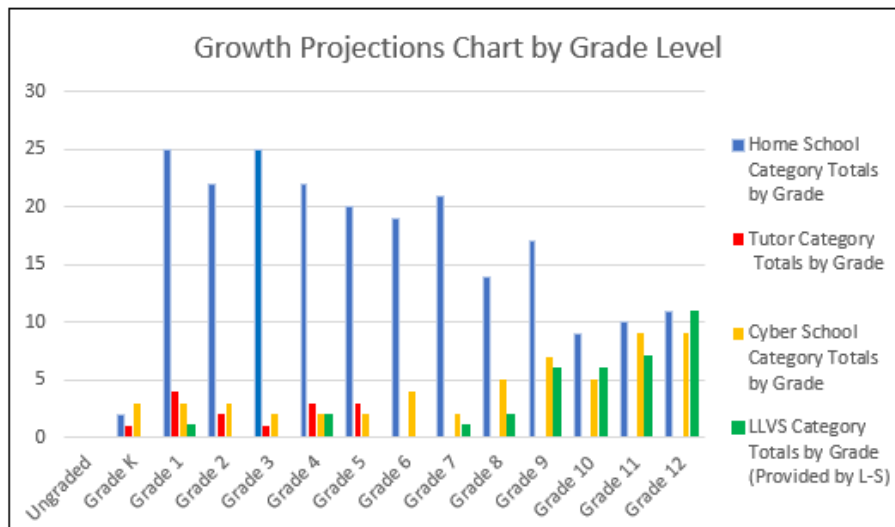

It is, however, important to remember that enrollment numbers are based on projections. The further into the future that the one extends, the less reliable the projections become.
