Activities

Conduct – Theft

Students shall respect the property and materials of all students and staff in the Coventry public school district and the property and materials of the Coventry Public Schools.

Therefore, theft of any item, publicly or privately owned, is an offense that will not be accepted in our schools. Coventry Public School students who knowingly and deliberately take or obtain a publicly or privately owned item from its owner will be expected to return said item in the same condition in which it was taken to its rightful owner. Such students will receive disciplinary action in response to such offense, including detention, parental/guardianship conference, suspension up to expulsion. If the item is damaged, then the student(s) responsible for the item's theft and damage will be expected to pay for its repair or replacement.

The theft of publicly or privately owned items occurring in Coventry Public Schools may be subject to police involvement.

ADOPTED: December 12, 2002
