Administrative Regulations Regarding Alternative Educational Opportunities for Expelled Students

I. Applicability of these Administrative Regulations

These administrative regulations shall apply in cases when, pursuant to state law, a student in the Coventry Public Schools (the “District”) is entitled to an alternative educational opportunity during a period of expulsion.

II. Responsible Personnel

The building principal of the school from which the student has been expelled, or designee(s), shall maintain responsibility for compliance with these administrative regulations relative to the individual student who is being provided with the alternative educational opportunity.

III. Student Placement Procedures

- A. After a student has been expelled, and unless extraordinary circumstances exist, the building principal, or designee(s), will take the following steps:
1. Meet with the expelled student’s parent(s)/guardian(s) prior to the student’s placement in an alternative educational setting to provide information concerning the potentially appropriate alternative educational opportunities for the student and to inform the parent(s)/guardian(s) and student of the right to apply for early readmission to school in accordance with Conn. Gen. Stat. Section 10-233d(j).
 2. Consult with relevant school personnel from the school from which the student was expelled, who are knowledgeable about the student, to obtain information regarding the student’s academic, social, and behavioral history that will help inform the decision concerning an appropriate alternative educational opportunity. Such information may be gathered by written reports.
 3. After placement options have been shared with the parent(s)/guardian(s), convene a placement meeting at which all alternative educational opportunities are explored and a placement decision is made.
- B. The educational programming and placement for expelled students who are eligible to receive special education and related services under the Individuals with Disabilities Education Act (“IDEA”) shall be determined by

the student's Planning and Placement Team ("PPT"). In such case, Subsection A above shall not apply.

IV. Individualized Learning Plan

A. Development of the Individualized Learning Plan

After the student has been accepted into an alternative educational placement, the principal, or designee, will develop an Individualized Learning Plan ("ILP") that will govern the programming for the student for the period of expulsion. To develop the ILP, the principal, or designee, will collaborate with school personnel from the school from which the student was expelled, the student and the parent/guardian, and will review all relevant student records.

B. Contents of the Individualized Learning Plan

1. The ILP will reference student records with information relevant to the provision of an alternative educational opportunity. These records may include:
 - a. Student success plan (for students who have a student success plan as mandated by state law, the student success plan may inform the ILP but does not replace the ILP);
 - b. Individualized education program ("IEP");
 - c. Section 504 Plan;
 - d. Individualized health care plan or emergency care plan; and/or
 - e. Other relevant academic and behavioral data.
2. The ILP will address the following:
 - a. The student's academic and behavioral needs and appropriate academic and behavioral goals and interventions, including the student's core classes at the time of expulsion and the student's current placement or progress in the curriculum for those classes so that the student has an opportunity to continue to progress in the Board's academic program and earn graduation credits, if applicable;
 - b. Benchmarks to measure progress towards the goals and ultimately, progress towards graduation;

- c. Provision for the timing and method for reviewing the student's progress in the alternative educational opportunity and for communicating that progress to the parent/guardian or student. For most students, monitoring and reviewing the student's progress will include monitoring the student's attendance, work completion and progress toward meeting the relevant academic standards for particular coursework, and thus progressing toward graduation, if applicable. The student's progress and grades will be communicated to the parents/guardians or student with the same frequency as similar progress for students in the regular school environment is reported and communicated to parents/guardians or students. The student's progress and grades will also be reported to the school from which the student was expelled;
- d. Provision for the timely transfer of the student's records both from the student's school to the alternative educational opportunity provider, and also from the alternative educational opportunity provider to the student's school; and
- e. The possibility of early readmission to the school from which the student was expelled and the early readmission criteria, if any, established by the Board of Education or Superintendent, as applicable.

V. Review of Student's Placement in Alternative Educational Opportunity and Individualized Learning Plan

- A. A review of the appropriateness of the placement must occur at least once per marking period.
- B. The placement review must include:
 - 1. Review of the ILP to (1) assess progress and make adjustments as necessary and (2) determine its alignment with the goals of the student's IEP, where applicable; and
 - 2. Consideration of opportunities for early readmission as set forth in the ILP, as established by the Board of Education or Superintendent, as applicable.

VI. Transition Plan for Readmission

- A. Before a student is readmitted to the school from which the student was expelled, relevant staff should provide an opportunity to meet with the

parents/guardians and student to discuss the student's readmission. As part of the readmission process and the student's ILP, the principal, or designee, should consider:

1. Efforts to readmit the student at a semester starting point (at the high school level);
 2. A plan to transfer the student's credits and records back to the school from which the student was expelled:
 - a. The District will award an expelled high school student appropriate high school credit for work satisfactorily completed during the period the student participates in the alternative educational opportunity and will transfer relevant records back to the school from which the student was expelled;
 - b. The District will provide an expelled student transferring to a new school district a progress summary of all work completed during the course of the student's expulsion, and will indicate the course credit earned by the student for that work.
 3. The student's need for academic and other supports upon returning to school; and
 4. Efforts to connect the returning student with opportunities to participate in extracurricular activities.
- B. In the event the principal, or designee, determines that a student's alternative educational opportunity is no longer beneficial to the student, but it remains inappropriate to return the student to the school from which the student was expelled, a plan for a different alternative educational opportunity may be developed in accordance with the procedures outlines in these Administrative Regulations.
