C. RECOGNITION OF STUDENT ACCOMPLISHMENT

Northridge Middle School Presentation

Olivia Lykins, 8<sup>th</sup> grade student, and Garrett Beam, 8<sup>th</sup> grade student, spoke to the Board and audience about the reading garden their class is designing to put on the east side of the building. The project included forming a design committee, decorating committee, fundraising committee, and proposal committee. The project was incorporated into the curriculum for language arts and math (solving problems using unit rates and area). They hope to have the project started after spring break and completed by the end of the school year.

Science Curriculum Committee

Belinda Banks, Curriculum / Assistant Principal Northridge Middle School, introduced herself and the Science Curriculum Committee. The committee started working in September to update the science curriculum for grades K-12. There has been a lot of work and the committee has introduced “I can” statements into the science curriculum. “I can” statements break down lofty objectives into learning targets students can read and understand. They cover specific learning for each lesson. They are also cognizant of the state standards and are designing the curriculum to meet those standards.

D. PUBLIC PARTICIPATION

Laura Clay, Northridge Elementary 5<sup>th</sup> grade teacher, spoke for herself and on behalf of several other Northridge Elementary teachers on the proposed reconfiguration of the Northridge and Rolling Hills Elementary Schools from two K-5 buildings to separate K-2 and 3<sup>rd</sup> – 5<sup>th</sup> grade buildings. She feels that the idea has been rushed and that the Board needs to take time to evaluate the proposal and would like the Board to consider waiting until at least the 2018-2019 school year before consolidation begins.

Michael Landis, Rolling Hills Elementary teacher, is also concerned about the reconfiguration of the two elementary schools. He is not in favor of the idea and feels that it is good for the K-2 kids to interact with the older kids on a regular basis. He is also worried about K-2 students being at bus stops without older kids being with them.

E. CONSENT AGENDA

**Item 114-2017.**

The Superintendent recommends, Mr. Schwitzgable moved and Mr. Augustus seconded that the Board of Education approve all items within the consent agenda, items E1 through E13.

H INFORMATIONAL UPDATES

H1 RHES/NRES Transition Plan Discussion.

Scott Blackburn, Principal of Rolling Hills Elementary School, and Rob Shaffer, Principal of Northridge Elementary School, presented PowerPoint slides of the research and community feedback of reconfiguring Rolling Hills Elementary into a K-2 building and Northridge Elementary School into a 3<sup>rd</sup>-5<sup>th</sup> grade building.

The main reasons for the reconfiguration would be to combine resources and to lower class sizes because of the current population of students for these particular grades.

Kenton Ridge High School

March 16, 2017

The feedback from staff and parents has been mostly critical admitted Mr. Blackburn and Mr. Shaffer, however, they feel this best utilizes the resources of the district and the reduction in class size would better serve the students.

There was much discussion amongst the Board, Dr. Kronour, Mr. Blackburn, and Mr. Shaffer. Discussion included the timing of the study to reconfigure, transportation, the negative reaction from stakeholders, and communication of the plan to the public. The Board was interested in studying the proposal further, and in general, were in favor of the plan and felt most, if not all, concerns of the public could be addressed if the reconfiguration was approved. The Board thanked Mr. Blackburn and Mr. Shaffer for their study. The Board also thanked the teachers and parents for their input on this issue.

## H2 Facility Survey Updates.

Dr. Kronour said the facilities survey has been completed and Paul Fallon, of Fallon Research, will be presenting the results at the Special Meeting of the Board on March 22<sup>nd</sup>.

## I. UPCOMING DISTRICT EVENTS
