We believe a  
love for  
learning starts  
with a  
foundation  
of faith  
and a  
community  
that becomes  
family.

Welcome To  
*Kindergarten*

Rochester Catholic Schools believes strongly that parents are the first and best educators of their children. We consider ourselves truly blessed and privileged to serve as partners in this ministry of formation and education. Together we are a team with a shared vision of providing encouragement, support, and opportunities to your child every step of the way.

Beginning in kindergarten and continuing through high school, it is our goal to cultivate the crucial skills of critical thinking, creativity, collaboration, and effective communication while embracing the Gospel message.

Like you as parents, we have tremendous hopes and dreams for each of our students. The greatest among these is the desire to witness them using the knowledge and skills they have acquired to serve others with great love. Thank you for your interest in RCS. We look forward to the possibility of a long and fruitful relationship with your family and ours.

We believe in creating active, joyful, and individualized learning environments for our youngest learners

### Is My Child Ready to Learn?

Because each child is a unique individual, growing and maturing at their own pace, it is difficult to define concrete readiness measures. However, there are readiness skills that provide an adequate foundation for a smooth transition to kindergarten. Your child may:

- show signs of independent behavior
- relate in a positive manner to other children
- show an increasing ability in verbal expression
- attempt to perform fine motor tasks

[Learn more at rcsmn.org](https://www.rcsmn.org)

### A Place Where Students Succeed

- Faith-filled classrooms where students discover their unique gifts
- Joyful learning, active play, and curiosity embraced
- Inquiry-based and stimulating curriculum
- Culturally diverse community with small class sizes
- Daily learning and discovery in reading, math, religion, social studies, science, art, music, and physical education
- Introduction to the Spanish language
- Priority given to mental health and well-being
- High level of student achievement and academic standardized test scores

### Dignity and Virtues

RCS is committed to advocating for the dignity of every person. Our dress code serves to reinforce our Catholic values, limit social pressure on students, minimize financial expenses on families, and maximize the time available for teachers to instruct students.
