

2022 HJS Community Service Fair

Butler SWCD is a government agency whose mission is to promote the conservation, preservation, and responsible use of our natural resources through technical guidance and education. We also offer many workshops and volunteer programs to further help with conservation efforts in our own backyard.

Food Pantry: Our food pantry is a choice pantry which means people get to choose the food they will use and enjoy. Qualified families who live in Butler County can shop at the pantry once a month. We have a Spanish translator available each time we are open. We love to partner with local organizations to facilitate food drives.

Stepping Forward community outreach begins with a meal, music, and dinner conversation. Our goal is to listen and hear with objective to move people forward whether it be emotionally, physically, spiritually, educationally, or economically. We are building community with the hope of supporting one another.

The MidPointe Library System serves a population of almost 200,000 people in the cities of Middletown, Trenton, and Monroe and the townships of West Chester, Liberty, Lemon, Madison, and Wayne with a collection of nearly half a million items. The library offers locations in downtown Middletown, Liberty Township, Monroe, Trenton and West Chester and provides the best in educational and entertaining materials, services and programming. For more information, please visit www.midpointelibrary.org.

Reach Out Lakota

Reach Out Lakota was founded in 1992 by a group of three women. Our mission is to give a helping hand up to those living in the West Chester/Liberty Township area who are economically struggling due to a myriad of circumstances. Over the years, Reach Out Lakota has grown extensively. Last year, Reach Out Lakota provided 276,941 pounds of food and over 57,000 items of clothing.

The pantry has several special programs, including a Back-to-School program, Thanksgiving dinners, Christmas meals and holiday gifts. The pantry is open three times a week and serves over 120 families each month. In 2021, the pantry provided food to nearly 10,000 individuals. The pantry has over 130 regular volunteers who do the work of the pantry. Some of the key volunteers have been at the organization for over 15 years and new volunteers join the team monthly. We receive great support from the community to serve the community.

Upward Sports is a non-profit 501 organization that partners with churches in leveraging the power of sports to achieve and increase the impact of their mission. Six area churches participate in the Northern Cincinnati Upward Sports league basketball and cheer season.

Upward participants learn fundamentals through detailed and organized practices. They develop skills at each level of play. And grow from a win or a loss through healthy competition. Coaches demonstrate good sportsmanship, respect for the game, teams, officials, and parents. They teach the game through organized, detailed practices and games. The gameday experience focuses on fun and competition without a win-at-all-cost atmosphere. Everyone plays and you don't spend more time in the car than at the game. The officials are OHSAA certified for 3rd grade and up and trained volunteers for 2nd grade and under.
