Superintendent's Update

The Superintendent provided an update on teaching & learning, facilities, and operations.

Dr. Woodruff indicated there were 110 students signed up for summer school in grades one through nine. Data Dive with teachers began to look into data and planning for future learning.

Painting has finished on the fieldhouse, and the process of decluttering the inside has begun. Maintenance is trying to get a handle on understanding the workload throughout the District. The HVAC seems to be working better with Rieck. Before the bus trailer can be moved, it was discovered that the electric lines have to be moved by AES.

The District was not awarded a safety grant that would have helped with the vestibule at the High School. There may be another round of grants because of House Bill 687, but we will just have to see.

We have been working on the 22/23 budgets as well as planning for the CCIP.

Dr. Woodruff provided a bullying update in accordance with Section 3313.66(B)(10) of the ORC. This will also be posted to the website.

Dr. Woodruff is also working on getting input on members for the Community Advisory Committee, and she met with the Village and the Athletic Boosters in order to get signage around the Village updated in regards to athletic records.
