

The Shamrock Scoop

Quarterly Newsletter of the Shannon Park Site Council

Welcome Back, Shannon Park!

The Site Council welcomed back students with a sweet treat!

The Shannon Park Site Council (SPSC) was thrilled to welcome students back to campus for "meet the teacher" night - sweetened with a tasty, end of summer treat! Over 300 students and their families were onsite to drop off school supplies, meet their teachers, and connect with friends. It was great to see all of the smiling faces!

Reading ROCKS!

Students participated in our annual Reading Rocks Fundraiser.

Shannon Park students helped make our Reading Rocks fundraiser a success again this year. Students read a total of 301,578 minutes in two weeks and helped raise \$28,349.91 for our school. 100% of the raised funds go back to the school to support our students! Way to go, Shannon Park! Congrats to Mrs. Grothe's 4th grade class who has won the coveted trophy for the highest average minutes read per child.

One classroom per grade level received a pizza party for reading the highest number of minutes and the top reader and top fundraiser in each grade were invited to a special Culver's lunch with Mr. Davis and Mrs. G. Congrats to all of our readers!

Welcome, New Members!

Shannon Park Site Council Welcomes New Members.

The Shannon Park Site Council is thrilled to introduce four new members to the council this year as well as a new Volunteer Coordinator. The new Shannon Park employee members include Molly Buck, First grade teacher, and Erica Drury, School Nurse. We are also welcoming Erin Prickett as Shannon Park's new Volunteer Coordinator who works closely with the Site Council and has children in 1st grade and 4th grade. Our new parent members this year are Angie Onu, mother to a 4th grade student, and Shannon Reiersen, mother to a 5th grade student and a future kindergartener. We are excited to continue supporting the students and staff at Shannon Park!

Indoor Recess? No Problem!

Thank You, Parents, For Your Donations.

Site Council asked, and you delivered! When Minnesota winters get long or soggy spring days require the kiddos to have indoor recess, your donations will come in handy. Each grade level has a large bucket where your donations will be used to rotate new items into the classrooms as indoor recess is required.

Site Council will continue to accept donations of new and used items all year to keep the kiddos excited and engaged. Some requested items include: coloring/activity books, board games, magnetic building materials, Rubik's cubes, sensory tools, etc.

Thank You
to all of the parent
volunteers that
helped with Reading
Rocks, the Fall
Conference Meal,
and Spirit Wear
Distribution!
