Study Options

PRIVATE LESSONS: The one-on-one instruction between teacher and student in the traditional private lesson allows the technique to be catered to the student's unique needs. This is the best choice for motivated students at any level of experience. Private lessons are scheduled once each week for 30 minutes. (\$360 per trimester)

PAIR LESSONS: Two students and a teacher meet for 30 minutes once each week in pair lessons. This arrangement offers the flexibility of allocating part of the lesson to each student, working with both students together, and having the students coach each other under the direct supervision of a teacher. The social aspect of pair lessons is motivating to many students (\$250 for each student per trimester).

CLASS LESSONS: Small groups of students work with the teacher and each other in-class lessons. The teacher sets the pace for each student. Older, more advanced students build their mastery by coaching younger, less experienced students. This provides an ideal introductory experience for many students (\$150 per trimester).
