2020-2025 Strategic Plan

Dodge County Schools

Vision:

Success leading to graduation is a portal to lifelong learning

Mission:

We are all about DODGE

Dedicated to
Our
Desire to
Graduate
Everyone

Beliefs:

We believe self-concept affects the achievement of students.

We believe every student has the right to learn and experience success in school.

We believe school will provide the knowledge for all students to become productive in society.

We believe effective education must evolve with the rapidly changing world.

We believe community and parental support are vital to a successful school environment.

We believe the educational process must meet the individual needs of each student.

We believe the educational process of today will determine the future.

We believe that a safe and orderly learning environment is essential to a quality education.

We believe excellence in education is achieved through quality programs, resources, and staff.

2020-2025 Strategic Plan

Dodge County Schools

Timeline

Year 1

2020-2021

Create and Implement new strategic plan

Spring 2021

Collect Stakeholder input and review goals and progress towards completion/attainment.
No student achievement data available due to Covid and suspension of testing

Year 2

Fall 2021

Present Balanced Scorecard information to Board of Education and update on website

Spring 2022

Collect Stakeholder input from annual stakeholder meeting, and review goals and progress towards completion/attainment.

Student achievement data is the first data collected post-Covid. All students were unable to test, so data may not be accurate or valid. 2022 testing is underway and will be available for comparison for 22-23.

Year 3

Fall 2022

Present Balanced Scorecard information to the Board of Education and update on the website. Share balanced scorecard with all staff, as well as share with schools to help in the development of 22-23 school improvement plans.

Spring 2023

Collect Stakeholder input from annual stakeholder meeting, and review goals and progress towards completion/attainment. 2023 testing is underway and will be available for comparison for 22-23.

Year 4

Fall 2023

Present Balanced Scorecard information to the Board of Education and update on the website. Share balanced scorecard with all staff, as well as share with schools to help in the development of 23-24 school improvement plans.

Spring 2024

Collect Stakeholder input from annual stakeholder meeting, and review goals and progress towards completion/attainment. 2024 testing is underway and will be available for comparison for 24-25. The 24-25 school year will be the final year in the 5 year plan.

Year 5

Fall 2024

Present Balanced Scorecard information to the Board of Education and update on the website. Share balanced scorecard with all staff, as well as share with schools to help in the development of 24-25 school improvement plans.

Spring 2025

Collect Stakeholder input from annual stakeholder meeting, and review goals and progress towards completion/attainment. 2025 testing is underway and will be available for comparison for 25-26. There will be a meeting in the late summer to share the data, goals, and information from the 2020-2025 DCSS Strategic Plan. After that meeting, the district will begin the process of developing a new 5-year plan.

Dodge County Schools

Appendices

The Georgia Vision Project for Public Education-GSBA

2.0 General

2.1 Promote public education as the cornerstone of American democracy by publicizing student and school successes through all available media.

3.0 Early Learning and Student Success

3.1 Create in each county of the state an early learning partnership that includes all public and private human service organizations.

3.2 Create public-private partnerships in local communities between local businesses and educational and human services organizations for the purpose of supporting early childhood initiatives that address healthy child/family development and economic benefits to the community.

3.3 Adopt a statewide awareness and engagement initiative to ensure that high-quality early childhood education is a top priority for the state.

3.4 Provide opportunities for all children from birth to five-years-old to participate in high quality learning experiences that are designed to promote all aspects of a child's development, whether provided by families in the home or through a licensed public or private program.

3.5 Align developmental and academic standards for all children ages birth through 8 years old to provide a continuity of learning experiences and personal growth.

3.6. Ensure adequate financial support for the implementation of quality programs for all young children.

4.0 Teaching and Learning

4.1 In order to provide an environment where students learn best, ensure that teachers work and plan together, learn and share effective teaching practices, and are provided support for their on-going learning.

4.2 In order to provide an environment where students learn best, ensure that teachers use a variety of technologies to teach and measure what students know and can do.

4.3 In order to provide an environment where students learn best, ensure that teachers teach challenging and problem-solving lessons that are flexible enough to meet the interests and needs of individual students.

4.4 In order to provide an environment where students learn best, ensure that teachers use varied measures to determine what students know and can do.

5.0 Teaching and Learning Resources

5.1 Evaluate and utilize the most effective instructional models and learning supports (i.e. digital, blended, competency, virtual, etc.) implemented by school districts.

5.2 Ensure full integration of current technology and training into the classroom.

5.3 Continue to develop and maintain a comprehensive data system for monitoring student progress (Pre-K--12) and making decisions to improve educational practice.

5.4 Develop partnerships with business, industries, public agencies and the community to promote shared use of services and facilities.

6.0 Human and Organizational Capital

6.1 Identify and recruit the most talented candidates into teacher preparation programs.

6.2 Continuously evaluate the effectiveness of teacher and leader preparation programs.

6.3 Collaborate with the Georgia Professional Standards Commission, the Georgia Department of Education and other credentialing agencies to provide comprehensive strategies to find, grow and keep the most talented educators.

6.4 Evaluate the effectiveness and viability of the pilot teacher and leader compensation programs.

6.5 Organize personnel, distribute leadership and implement processes that maximize student learning.

GSA Strategic Planning Goals

Goal Area 1: Governance Team Effectiveness

- Build high performing governance teams
- Promote implementation of an effective strategic plan that creates a unified direction

Goal Area 3: Operations

- Engage the board in effective governance practices
- Build a climate and culture that unites our staff, leverages their strength, and develops their capacity
- Ensure the efficient use of resources to maximize our time and capacity to deliver superior services and support to meet the needs of our members.

Advanced Domains and Standards for System Review

Leadership Capacity Domain

The capacity of leadership to ensure an institution's progress toward its stated objectives is an essential element of organizational effectiveness. An institution's leadership capacity includes the fidelity and commitment to its purpose and direction, the effectiveness of governance and leadership to enable the institution to realize its stated objectives, the ability to engage and involve stakeholders in meaningful and productive ways, and the capacity to implement strategies that improve learner and educator performance.

Standard 1.1: The system commits to a purpose statement that defines beliefs about teaching and learning, including the expectations for learners.

Standard 1.2: Stakeholders collectively demonstrate actions to ensure the achievement of the system's purpose and desired outcomes for learners.

Standard 1.3: The system engages in a continuous improvement process that produces evidence, including measurable results of improving student learning and professional practice.

Standard 1.4: The governing authority establishes and ensures adherence to policies that are designed to support system effectiveness.

Standard 1.5: The governing authority adheres to a code of ethics and functions within defined roles and responsibilities.

Standard 1.6: Leaders implement staff supervision and evaluation processes to improve professional practice and organizational effectiveness.

Standard 1.7: Leaders implement operational processes and procedures to ensure organizational effectiveness in support of teaching and learning.

Standard 1.8: Leaders engage stakeholders to support the achievement of the system's purpose and direction.

Standard 1.9: The system provides experiences that cultivate and improve leadership effectiveness.

Standard 1.10: Leaders collect and analyze a range of feedback data from multiple stakeholder groups to inform decision-making that results in improvement.

Standard 1.11: Leaders implement a quality assurance process for its institutions to ensure system effectiveness and consistency.

Learning Capacity Domain

The impact of teaching and learning is the primary expectation of every system and its institutions. The establishment of a learning culture built on high expectations for learning, along with quality programs and services, which include an analysis of results, are all key indicators of the system's impact on teaching and learning.

Standard 2.1: Learners have equitable opportunities to develop skills and achieve the content and learning priorities established by the system.

Standard 2.2: The learning culture promotes creativity, innovation and collaborative problem-solving.

Standard 2.3: The learning culture develops learners' attitudes, beliefs and skills needed for success.

Standard 2.4: The system has a formal structure to ensure learners develop positive relationships with and have adults/peers that support their educational experiences.

Standard 2.5: Educators implement a curriculum that is based on high expectations and prepares learners for their next levels.

Standard 2.6: The system implements a process to ensure the curriculum is aligned to standards and best practices.

Standard 2.7: Instruction is monitored and adjusted to meet individual learners' needs and the system's learning expectations.

Standard 2.8: The system provides programs and services for learners' educational future and career planning.

Standard 2.9: The system implements processes to identify and address the specialized needs of learners.

Standard 2.10: Learning progress is reliably assessed and consistently and clearly communicated.

Standard 2.11: Educators gather, analyze, and use formative and summative data that lead to demonstrable improvement of student learning.

Standard 2.12: The system implements a process to continuously assess its programs and organizational conditions to improve student learning

Resource Capacity Domain

The use and distribution of resources align and support the needs of the system and institutions served. Systems ensure that resources are aligned with its stated purpose and direction and distributed equitably so that the needs of the system are adequately and effectively addressed. The utilization of resources include support for professional learning for all staff. The system examines the allocation and use of resources to ensure appropriate levels of funding, sustainability, and system effectiveness

Standard 3.1: The system plans and delivers professional learning to improve the learning environment, learner achievement, and the system's effectiveness.

Standard 3.2: The system's professional learning structure and expectations promote collaboration and collegiality to improve learner performance and organizational effectiveness.

Standard 3.3: The system provides induction, mentoring, and coaching programs that ensure all staff members have the knowledge and skills to improve student performance and organizational effectiveness.

Standard 3.4: The system attracts and retains qualified personnel who support the system's purpose and direction.

Standard 3.5: The system integrates digital resources into teaching, learning, and operations to improve professional practice, student performance, and organizational effectiveness.

Standard 3.6: The system provides access to information resources and materials to support the curriculum, programs, and needs of students, staff, and the system.

Standard 3.7: The system demonstrates strategic resource management that includes long-range planning and use of resources in support of the system's purpose and direction.

Standard 3.8: The system allocates human, material, and fiscal resources in alignment with the system's identified needs and priorities to improve student performance and organizational effectiveness.
