

EAS HOMEWORK GUIDE

In the event you cannot attend class please use the following resources to help you determine **what you missed** and **what you need to make up**. **Please note, some in-class activities cannot be recreated or made-up from home. When you return to school, you **must** check back with each teacher. We will work with you to come up with a manageable make-up plan.*

OneNote – Week at a Glance

For most classes, you can check your OneNote class notebooks where you will find the “**Week at a Glance**” tab in the **Content Library**. Daily lesson plans as well as assignments for each class can be found here.

Teams – General Channel Posts

Students can find what was missed in PreAlgebra 1, PreAlgebra 2, Science, and Language Arts by looking in Teams. The General Channel will feature daily posts that list the activities done in class and the assigned homework.

In other words...

AVOID FALLING BEHIND!

Students, please make this easy on your teachers and easy on yourselves by doing the following:

1. **Check OneNote or Teams for all classes you miss**
 - Review the presentations and activities the class did while you were gone.
 - Do practice problems that may have been assigned or done in class.
 - Add to your notes.
2. **Write your homework in your planner for each class and then do it!**
 - Email your teacher if you need a copy of a worksheet that was handed out in class.
3. If you are confused about anything, reach out to your homework buddy.
4. If you do not get a good enough response from your homework buddy, then email your teacher for clarification.
5. For extended absences, if you complete the homework before you come back to school some teachers will accept it over email. Make sure you take a clear picture or scan of the assignment.
